

My Music & Charity Backgrounds

Over the years, I have had unique opportunities to be directly associated with big name musical artists and acts, managers, guitar manufacturers, and luthiers. I have lived a life of immediate resonance with that music and culture.

Recently, my privileges have unexpectedly expanded from my association with a band that brings fun and power back to the world ~ Through their music!

I briefly met the future founder of the band “Tryptonite”, while running relief aid to Port Aransas, supporting the Coastal Bend Disaster Recovery Group, in my massive GMC pickup in August 2017, after Harvey steam-rolled through.

Low and behold, I caught the best damn beach party/reggae show in Port Aransas, in 2021 ~ and I know it when I hear it.

Surprise! The founder and lead singer of Tryptonite, had built his dream, by putting a band together from the rubble of Harvey!

All rights of use of music and original lyrics used in my screenplay are granted by the Licensor “Tryptonite” ~ They're [“LIMITLESS”](#)! 🎵 .
