

“LA YUMA” BACKGROUND - Keith Devrey

Back to It:

The “LA YUMA” Series are based on my actual experiences. After my release from a brutal South Texas jail, I went back to work as a Private Contractor for DoD and later (HSI) Regional interdiction. With the legacy cartels, and the TdA (Tren de Aragua) bringing in the new Synthetic Opioids (100x Fentanyl), plus *Super Meth* pouring in, it is only getting worse.

I carried my personal motto into the field:

Interceptar drogas duras, no personas.

Well, unless they're pointing a gun at me.
