Your wedding morning should feel just as special and stress-free as the rest of your day. At Trending Salon & Spa, our goal is to create a calm, organized, and luxurious beauty experience while you get ready with your closest friends and family.

Our team travels directly to your venue to provide on-site bridal hair and makeup services, allowing you to relax, enjoy the moment, and focus on celebrating.

From the moment we arrive, we help guide the morning with a custom beauty timeline, ensuring everyone stays on schedule and your bridal look is perfected with plenty of time before photography begins

We use professional, long-lasting products designed to photograph beautifully and hold up through happy tears, dancing, and everything in between.

Whether you're envisioning soft romantic waves, a timeless updo, or a glowing natural glam, our goal is to help you feel confident, beautiful, and completely yourself on one of the most important days of your life.
