JULY 23' CHECK-IN!

1 Chronicles 12:32 - King James

And of the children of Issachar, which were men that had an understanding of the times, to know what Israel ought to do; the heads of them were two hundred; and all their brethren were at their commandment

Unfortunately, we are sooo desensitized. Sometimes we think we're familiar because we recognize "terms" or "names". I will not dare name this anointing after a person because then that would suggest this anointing was birth or "created" for that person. There is an anointing that is given in time for "understanding" This same anointing was on Daniel and many prophets. This was the posture the judges took. Since spiritual things must be spiritually discerned it takes one with an understanding to do so.

The **anointing of understanding** is necessary in times of transition. The changing of times, the introduction of times, movement of times. Times are responsible for certain things. Times give legal right to existence. Do we UNDERSTAND what will exist in this time? This year in our forecast God has allowed the apostolic anointing on my life to move into the future and bring back through a prophetic process UNDERSTANDING!

Futuristic understanding is normally not recognized in present times due to the fact that the understanding doesn't have a place to land in the current time. So this futuristic understanding must then come with instructions "what Israel ought to DO" This understanding isn't about mental or spiritual awareness alone but it reveals the actions that will benefit us for the approaching time. This goes beyond foretelling because it's attached to an action of the understanding. Without the action, the time may be impacted and that may reconstruct what the time is supposed to be. We've interrupted and reconstructed many times that were designed to give us an advantage due to our lack of obedience and not trusting that God will give to another what we ought to do.

Prophetic Word

Model. Master. Manifestation.

July – August – September

Activate the full plans revealed and plans given during the year. This will actually be the end of a year entering into a new year. This will be the time to LIVE out the declarations you've decreed over your life. Fully identify enemies and all the shapes they carry. (friends, family, foe, employment, regions, atmospheres, etc.) and act accordingly. It would not be wise to allow an enemy to "live" after this season. Make an end to improper relationships etc. Launch into the DEEP. Do the thing you know has caused you to rebel against God. ALL GAS NO BRAKE! Season of Last Chances (before the replacement is designated.)

SYSTEM UPGRADE

2023

PROPHETIC FORECAST

July - August - September

July:

Get familiar with the field of natural language processing (NLP) and its applications. Learn about the basics of NLP, such as text classification, sentiment analysis, and named entity recognition, and the potential applications of NLP in areas such as chatbots, virtual assistants, and machine translation.

August:

Study the basics of data science and machine learning. Learn about the basics of data science, such as data cleaning, feature engineering, and model evaluation and the different types of machine learning models and their applications.

September:

Learn about the basics of edge computing and its potential applications. Understand the differences between edge computing and cloud computing, and the potential implications of edge computing for fields such as IoT, robotics, and autonomous vehicles.
