

CAUSES WE SUPPORT

Winning With God Ministry

Every transition needs support - someone who's walked the road before. Winning With God Ministry exists to equip people navigating career, workplace, and life change with the tools and community they need.

Here's where we're currently focused, and how you can help.

Young People Support AGES 18-29

Many young people finish school, or leave before finishing, with no clear next step: no trade, no job skills, no financial foundation. We provide educational support, financial literacy, vocational training, and workplace readiness so young people can build a stable future, whether that's a job, a trade, or a business of their own.

SHIFT STRENGTHENING HER IN FINANCE AND TECHNOLOGY

Women remain underrepresented in finance and technology careers, often without access to mentorship, technical training, or a clear pathway in. SHIFT equips women with financial and digital skills to compete and lead in these industries. Your support funds training, mentorship, and access to opportunity.

Women in Transition

Divorce, career loss, and major life change can leave women isolated at the exact moment they need community most. Women in Transition offers prayer, support, and practical guidance to help women rebuild with dignity. Your giving sustains this circle of care.

Partner With Us

Winning With God Ministry is a registered NGO in Nigeria. Your giving, whether one-time or recurring, directly funds these programs and the people they serve.
