Who We Are

About Us

A group of like-minded individuals with decades of diverse industry experiences have come together to impact entrepreneurship in India – provide early exposure and immersive experience to entrepreneurship.

pehlaVenture™ believes in bringing early learnings, impactful experiences in the field of entrepreneurship- in a progressive manner starting from school years.

pehlaVenture™ use innovative methods to take children through the journey of setting up a business - from ideation to business realization. This program will bring together a network of NGOs solving socially relevant problems and access to proven-entrepreneur mentor network as its resources, giving the child an immersive experience of setting up and running a business..
