

# Tutela Overwatch Security Consulting

## Contracting Capabilities Statement

### Company Overview

Tutela Overwatch Security Consulting is a premier provider of comprehensive security solutions, specializing in risk management, threat assessment, and protective strategies. Our mission is to empower organizations with the highest level of security expertise to navigate and mitigate risks in a dynamic threat environment. Our team includes former Special Forces and military intelligence experts, ensuring unparalleled insights and capabilities in safeguarding our clients.

### Core Competencies

- **Risk Assessment & Management:** Conduct thorough risk assessments to identify vulnerabilities and threats. Develop and implement customized risk management strategies to mitigate potential impacts.
- **Threat Intelligence & Analysis:** Provide actionable intelligence and detailed analysis to preempt and respond to emerging threats. Employ advanced tools and methodologies to stay ahead of potential risks.
- **Security Planning & Implementation:** Design and implement comprehensive security frameworks, including physical security measures, cybersecurity protocols, and emergency response plans.
- **Incident Response & Recovery:** Deliver rapid incident response services to manage and contain security breaches. Develop and execute recovery plans to minimize downtime and restore normal operations.
- **Compliance & Regulatory Support:** Assist organizations in navigating complex regulatory environments and achieving compliance with industry standards and legal requirements.
- **Training & Awareness Programs:** Offer customized training programs to enhance staff awareness and preparedness. Focus on best practices for maintaining security and responding effectively to threats.
- **Physical Security Assessments:** Evaluate and enhance physical security measures, including access control systems, surveillance equipment, and facility security protocols. Provide actionable recommendations to fortify physical barriers and safeguard assets.
- **Foreign Travel Briefings:** Provide pre-travel briefings and on-the-ground support for employees and executives traveling abroad. Deliver critical information on local security conditions, cultural considerations, and emergency procedures.
- **Digital Forensics:** Conduct thorough digital forensic investigations to uncover, analyze, and preserve electronic evidence. Certified in leading forensic tools, including Cellebrite, Magnet Forensics, and GrayKey, ensuring comprehensive and accurate data recovery and analysis.

## Specialized Expertise

- **Former Special Forces:** Leverage the tactical expertise and strategic acumen of former Special Forces personnel. Our team brings unparalleled experience in high-stakes environments, ensuring the highest level of operational security and risk management.
- **Military Intelligence & Counterintelligence:** Benefit from the insights of former military intelligence and counterintelligence experts. Our specialists offer advanced threat analysis, counterintelligence strategies, and insider threat detection to protect your organization from sophisticated threats.

## Certifications

- **Cellebrite Certified Examiner (CCEI):** Expert in using Cellebrite's tools and methodologies for extracting, analyzing, and managing mobile device data.
- **Magnet Forensics Certified Examiner:** Proficient in utilizing Magnet Forensics software to conduct in-depth examinations of digital evidence and recover critical data.
- **GrayKey Certified:** Skilled in leveraging GrayKey technology to access and analyze data from iOS devices, providing detailed forensic insights.
- **ASIS International Member with CPP Certification:** Member of ASIS International, holding the Certified Protection Professional (CPP) certification. This credential signifies advanced knowledge and expertise in security management, further enhancing our ability to deliver top-tier security solutions.

## Differentiators

- **Elite Team:** Our team includes former Special Forces operatives and military intelligence professionals with extensive experience in high-risk and high-security environments.
- **Tailored Solutions:** We deliver bespoke security solutions that align with the unique needs and objectives of each client, ensuring maximum effectiveness and relevance.
- **Advanced Technology:** Utilize cutting-edge technology and tools for threat detection, analysis, and response, ensuring up-to-date protection against evolving security threats.
- **Proven Track Record:** Demonstrated success in protecting high-profile clients across various sectors, including government, corporate, and non-profit organizations.
- **Comprehensive Service Offering:** From physical security assessments to foreign travel briefings and digital forensics, our broad range of services addresses all aspects of security and risk management.

## **Government Contracting Availability**

- **CAGE Code:** 9YYT8
- **NAICS Code:** 541690, 561611, 541618, 541519
- **D-U-N-S Number:** 076564800
- **SAM Registration:** Active Registration under Unique Entity ID: JA67W1Z5VM28

## **Past Performance**

- **Government Sector:** Successfully provided comprehensive security solutions for federal and state agencies, enhancing their resilience against cyber and physical threats.
- **Corporate Sector:** Delivered risk management and security planning services for Fortune 500 companies, ensuring business continuity and compliance with industry standards.
- **Non-Profit Sector:** Assisted non-profit organizations in developing robust security measures to protect their assets and mission-critical operations.
- **International Clients:** Conducted foreign travel briefings for executives and employees, ensuring their safety and preparedness during international assignments.
