

Baby Bucket of Love Contents List Explained

Please note that this is not the label for printing and fixing to the outside of the bucket. Please see PDF at bottom of page. Bucket l

	Item	Details
1	Nappies	All sizes welcome! Please just make sure that the rest of your contents correspond. Eg if you are buying small nappies, please make sure your paracetamol suspension is 2 months+ etc. Aldi are an excellent source of cheap and effective nappies and other cheap baby supplies
2	Wet wipes	Preferably fragrance free so as to avoid irritation
3	Nappy bags	Faecal contamination leads to all sorts of bad options. Please include!
4	Nappy cream	Preferably a minimum 10% zinc formula. Sudocrem is excellent but there are cheaper own-brand alternatives.
5	Formula	See nappies. Please no out of date or open tubs.
6	Baby food pouches	Baby Ella is expensive - all major supermarkets do good own brand options.
7	Bottle	Does not have to be big brand name
8	Baby toothbrush & toothpaste	Please make sure the toothpaste contains fluoride.
9	Baby soap	Nice not essential
10	Washing up liquid	Heavy so small bottle (eg 340ml or less..) is good. Please tape lid shut so as not to spill. Alternatively, Ocean Saver dish washing bar is ideal for a hygiene kit but v. expensive (£4.99 ??) Lasts well though and no risk of leaks.
11	Steriliser tablets	Tesco's Fred & Flo are perfect. See link
12	Infant paracetamol suspension	Please make sure suspension corresponds to the other items in your chosen age range. Please also make sure it contains a syringe or measuring spoon. Own brands are cheaper than Calpol
13	Infant ibuprofen suspension	Please make sure suspension corresponds to the other items in your chosen age range. Please also make sure it contains a syringe or measuring spoon. Own brands are cheaper than Nurofen.
14	Bottle brush/sponge	Nice not essential
15	Dummie(s)	Can be a life-saver! But nice not essential.
