

Mentor Module Three: “Worship Together”

Due by July 2026

Worship: North Cape Lutheran Mentor Program

As Christians we belong to both our local congregation and our national church, but we also belong to “the holy catholic church” (ELW page 282) as well. The Body of Christ is vast, and has many “flavors,” or denominations. Mentors and students are encouraged to attend worship in a different congregation and reflect on it together.

Ninety percent of churches in the United States have more than ninety percent of their members belonging to the same race. Dr. Martin Luther King Jr. said on Meet the Press, “It is appalling that the most segregated hour of Christian America is eleven o’clock on Sunday morning.” How does this line up with Paul’s teaching, “There is no longer Jew or Greek, there is no longer slave or free, there is no longer male and female; for all of you are one in Christ Jesus” (Galatians 3)?

In this activity each mentor and student will attend worship at a different church or worshiping group (a Campus Ministry service will count). This is a great chance to connect with our broader Christian extended family, learn that wherever we are called there will be a Lutheran church nearby, and to experience worship with people of a different race or class than us.

Worship

Through all of the ages, worship has been a part of the Christian life. Sometimes it is a quiet time alone with God. At other times, it is a celebration with trumpets as the whole people of God gather with one cause. We would like you to spend some time thinking about, experiencing, and talking about worship with another member of the worshipping community of Christ.

This packet has four parts, three activities and an evaluation. Each has its own set of directions.

Activity #1-**Experiencing Worship**-You will attend one of the services available at NCLC.

Activity #2-**Together in Worship**-Mentor and teen will attend worship at a different church.

Activity #3-**Reflecting on Worship**-Mentor and teen reflect on and discuss the worship experiences and worship in general.

Activity #4-**Evaluation**-This is the only portion of this packet that needs to be turned in.

Activity One
EXPERIENCING WORSHIP

Directions: The purpose of Activity One is to have you focus on the many events which occur within congregational worship. Take this Activity One sheet and a pen or pencil to your own church worship (NCLC). Read over the questions first, and then answer those questions which can be answered before worship. Some questions will have to be answered during worship and some after worship. Save this Activity One sheet because you will be using it for parts of Activity Three.

Activity Three

REFLECTION ON WORSHIP

Directions: The purpose of this activity is to grow in understanding and appreciation of worship by comparing your worship experience with another worshiping Christian. You will need the entire **Worship Packet** to complete this activity. Do this activity immediately after you worship together. These are discussion questions. Do not write your answers.

1. Use Activities One and Two to compare your worship experiences. What were the differences? What were the similarities? Read through the sheet together.
2. If you could change one thing about worship, what would it be?
3. If you could keep only one part of worship, which part would it be?
4. Describe an experience outside of congregational worship in which you felt close to God. Where is it? What did you experience? How did you feel? Why was it special?
5. Imagine you are the parent of a son or daughter who comes to you and says, "I can't see any reason why I should have to go to worship services. None of my friends do and I'm not going to anymore either." What would you say to him or her? What would you do? What difference would it make if you were not regular in attendance yourself?
6. If you could change one thing about sermons, what would it be?

Complete the **Evaluation**

Evaluation of Mentor Module Three: "Worship Together"

Directions: The purpose of the evaluation is to help your congregation tailor these packets to better serve the students and mentors. We read all of your comments and give them serious consideration. **Please complete this evaluation, sign it, and return it to Angela's mail box by July 1, 2025.**

1. Please comment on any of the following:
 - a. What did you enjoy **most** about this module?

 - b. What did you enjoy **least** about this module?
2. Where did you worship for your non-North Cape worship experience?
3. What do you like best about worshipping at your home church?
4. What did you like about the church you visited?
5. How long did your time together last?
