

Fraternal Order of Police (FOP)

March 19, 2021

Democrats and Democrat leadership in the House and Senate continue to push for anti-law enforcement legislation and to try and stop pro-law enforcement legislation.

Many of the bills that would negatively impact Fraternal Order of Police did not make it past Crossover Day. All bills that are no longer active this session are shaded in gray in the table at the end of this report.

Senator Randy Robertson's bill ([SB 115](#)) that would create an instructional course through the Department of Drivers Services and Department of Public Safety to educate drivers on best practices to implement when interacting with law enforcement passed the House and is in the House Motor Vehicles Committee.

Another bill ([SB 183](#)) sponsored by Senator Robertson passed the Senate last week that would revise qualification requirements for the office of sheriff, requiring certification as a peace officer at the time of qualifying. It is in the House Public Safety Committee.

[HB 286](#), which would prevent cities and counties from reducing their law enforcement budgets by more than 5% in one year or cumulatively across 10 years, passed the House with a vote of 101-69 with no republicans voting against it. The bill's sponsor, state Representative Houston Gaines, called "keeping our community safe" the most important role of law enforcement. It then passed the Senate Public Safety Committee yesterday with all Republicans voting for it and all Democrats voting against it.

Representative Alan Powell's bill ([HB 434](#)) which would require counties and municipalities to continue, under certain circumstances, contracts for health insurance for spouses or dependents of peace officers who are killed or who otherwise die while acting within the scope of their employment was heard briefly in committee last week. Georgia Municipal Association (GMA) testified that this is already enforced by Federal law. This bill did not get another hearing and therefore will not be able to move this session.

Below is a list of many bills we continue to monitor that could affect FOP along with a brief description. If anyone has questions regarding legislation below or otherwise, please contact Mo Thrash directly.

--

As the legislature heads into the final days of the 2021 session, the Thrash-Haliburton team is closely watching for language being attached to bills that could positively or negatively impact our clients. This is very tough, as language can be attached to any bill in any committee and on the House and Senate floor. There are many bills in many committees every day throughout the day.

Legislative days 32-35 are complete, with the House and Senate returning for day 36 - 38 next week and days 39 - 40 the week of March 31st. The last day of session is March 31st.

On Tuesday there was a Joint Session for the annual State of the Judiciary from Chief Justice Harold Melton. Whip Kelley’s Covid protection bill ([HB 112](#)) passed the Senate earlier this week and will now head to the Governor. Representative Wes Cantrell’s Daylight Savings bill ([HB 44](#)) passed out of committee in the Senate and will move to Rules.

In celebration of Mo’s 50th year at the Capitol, the House and Senate presented Resolutions in his honor! [House Resolution 401](#) was sponsored by Speaker David Ralston and others. [Senate Resolution 260](#) was sponsored by Rules Chairman Jeff Mullis and others. You can read the full text of each resolution by following the links!

As always, Thrash-Haliburton is diligently watching and working to stop any detrimental legislation to our industry and push the legislation we support. Our governmental affairs team continues every day to work on, look out for and answer requests, needs and interests, as we act at the direction of the group's leadership.

2021-2022 Regular Session

This is the first year of the two-year (2021-2022) biennial session. As a reminder, any bills introduced this year will be considered “alive” for the 2022 legislative session. We are monitoring the following legislation, and watchful for any bills that may impact our industry.
