PRESIDENT'S MESSAGE

The Should have, Could have, Would Have Moment.

Have you ever had that should have, could have or would have moment ? Have you ever had someone tell you what you should have, could have or what they would have done if they were you? Remember, Everyone has an opinion on what someone else should have, could have or would have done until it is them ! I ask this of you, slow things down and make the best decision for you and don't push your should have, could have or would have on others. Think about your situation and what you should have, could have or would have done differently as whether or not you want someone to impose their opinions in your situation. The should have, could have and would have is a learning experience for all.
