PRESIDENT'S MESSAGE

Have I submitted to the sound? Everyone would like to think that they are doing the right thing for the right reasons. However, there are people and things that will attempt you to change what you know is right. This is called the power to influence. If you listen to these influences when you know the information is erroneous. You have submitted to the sound. He who speaks the loudest may not be the correct sound to listen too. Let your inner peace (sounds) guide you to do the right things because its right, not because of the influence of others.
