### PRESIDENT'S MESSAGE

**"Mark My Word"**, is a phrase often used when a person has a vision. What value have you assigned to "Mark My Word"? Can you say, "Mark My Word" on your vision? Have you wrote the vision down? Has it come to fruition? Do you know good things or plans do not happen without a vision? "Mark My Word", is when you know without a shadow of a doubt that your word is good and your vision will be revealed. "Mark My Word" as your vision should be done by faith and not by fear. Rehearsal of your vision adds value to "Mark My Word".

# FOP LEGISLATIVE REPORT

From: Bro. Craig Fulghum, April 2, 2021

Democrats and Democrat leadership in the House and Senate continue to push for anti-law enforcement legislation and to try and stop pro-law enforcement legislation. FOP leadership came to the State Capitol last week and spoke before the Georgia Senate Republican Caucus about issues facing law enforcement in Georgia. Many of the bills that would negatively impact Fraternal Order of Police did not make it past Crossover Day, but a few have been added since.

Senator Randy Robertson's bill, [SB 115](#), that would create an instructional course through the Department of Drivers Services and Department of Public Safety to educate drivers on best practices to implement when interacting with law enforcement passed the Senate and was amended in the House. The bill became controversial in the last hours of session with many Democrat State Representatives testifying against it. It did not pass in the Senate with a vote of 23-26.

[HB 286](#), which would prevent cities and counties from reducing their law enforcement budgets by more than 5% in one year or cumulatively across 10 years, passed the House with a vote of 101-69 with no republicans voting against it. The bill's sponsor, state Representative Houston Gaines, called "keeping our community safe" the most important role of law enforcement.

Representative Alan Powell's bill HB 434, which would require counties and municipalities to continue, under certain circumstances, contracts for health insurance for spouses or dependents of peace officers who are killed or who otherwise die while acting within the scope of their employment was heard briefly in committee last week. Georgia Municipal Association (GMA) testified that this is already enforced by Federal law. This bill did not get another hearing and therefore will not be able to move this session.

The daylight savings bill was passed in a different bill ([SB 100](#)), but it does require Congressional approval. Representative Cantrell and others are working with the Georgia delegation to get approval.

DEFUND THE POLICE: [House Bill 286](#) says cities and counties can't cut spending on their police departments by more than 5% a year. This Bill PASSED

CITIZEN'S ARREST: [House Bill 479](#) would abolish the Georgia law that allows private citizens to arrest someone, while still allowing security guards and store employees to hold people they accuse of a crime until police arrive. This Bill PASSED

PORCH PIRACY: [House Bill 94](#) would make it a felony to steal packages from three or more different addresses. This Bill PASSED

HUMAN TRAFFICKING: [Senate Bill 33](#) would allow victims or state officials to file civil lawsuits seeking money damages against traffickers while [Senate Bill 34](#) would make it easier for people who have been the victims of trafficking to change their names. This Bill PASSED

# NATIONAL FRATERNAL ORDER OF POLICE

## 2021 POLICY PAPER ON LAW ENFORCEMENT REFORM

The Fraternal Order of Police has long been a leader in law enforcement reform at the local, State and Federal level. We played a leadership role in building support for the First Step Act, a groundbreaking piece of legislation aimed to improve criminal justice outcomes. This effort started as a sincere, bipartisan effort and resulted in a legislative victory that improved our nation's criminal justice system.

This paper is a reiteration of the approach the FOP took on policing reform in the summer of 2020. We rejected extreme provisions like ending qualified immunity, and worked to build consensus around data collection, accreditation of local and State agencies, expansion of body-worn cameras and improved de-escalation training.

### **Qualified Immunity**

Under the doctrine of qualified immunity, government officials, performing discretionary functions—like a law enforcement officer making an arrest—are immune from civil suit unless a plaintiff can show that the official violated clearly established statutory or constitutional rights of which a reasonable person or officer would have known. It is important to emphasize that this immunity is not automatic and does not protect anyone who engages in a criminal act. It exists only for civil suits and is only available if granted by a court. Ending qualified immunity for law enforcement officers would effectively end community-oriented policing, which is the cornerstone of our nation's public safety strategy.

### **Use of Force**

The FOP, along with ten other major law enforcement agencies, spent nearly two years developing a *National Consensus Policy on the Use of Force* and we have been encouraging its adoption since its publication in early 2017. In the *National Consensus Policy*, chokeholds are prohibited in any situation except when deadly force is authorized.

### **Data Collection and Reporting**

The FOP supports the data collection provisions which would encourage State and local agencies to report any use of force incident that results in death or serious bodily injury to a civilian or law enforcement officer, as well as on the use of "no-knock" warrants.

### **Expanding The Use of Bodyworn Cameras**

The FOP supports the establishment of a Body-Worn Camera Partnership grant program in the model of the Bulletproof Vest Partnership grant program

### **Defunding the Police**

The FOP opposes "defunding the police," but supports programs which would increase the capacity of social workers to work directly with law enforcement agencies through the development and implementation of co-responder programs, which involve social workers or other mental health professionals working alongside law enforcement officers
