PRESIDENT'S MESSAGE

Time

Time is the one thing we have that we cannot get back. When it is gone, it is gone! How you invest your time can really make a difference in how you live your life. Time well invested on positive thoughts or things is like a life well lived. If you spend too much time living in the past, being angry about the past, then you are wasting time you can never get back. It will not change what happened in the past. Going forward how will you spend your time, knowing that you cannot get it back?
