18 August 2025 Circular 8/2025

Dear Parents

CAMERA SYSTEM UPGRADE

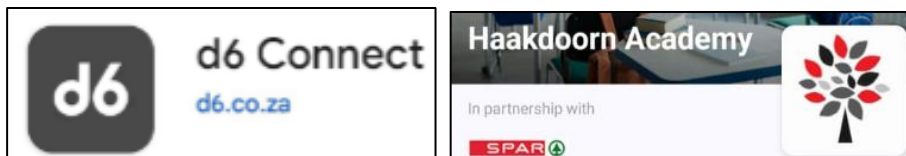

We have commenced with a project to install a brand-new wireless camera system. These cameras will be installed in each classroom, and we are starting with our intermediate phase classrooms. We will be installing the system in phases, and the timeframe for the completion of this project is the end of November.

REMEMBER TO INSTALL d6 CONNECT

As communicated in Circular 7, we are moving away from all the various Grade/Class WhatsApp Groups. We will only use the main Community WhatsApp group for communication purposes, with effect from 1 September 2025. You will be referred to the d6 app to view the information/communication.

Therefore, it is critical that you download the d6 Connect app on your smartphone if you have not done so already. You will need to use the Play Store app to install d6 Connect. Using the search option, type d6 Connect, as shown in the picture below. After installing the app, you need to register with the same cellphone number we have on your child's profile. Our school logo will reflect, together with our name. We will also share a link on the WhatsApp community group.

The link is <https://play.google.com/store/apps/details?id=com.limitlessvirtual.principalplus>

If you are unable to join, that means you are not using the same cellphone number we have on record. Please send a WhatsApp message to 060 975 6697 and provide us with your correct cell phone number. After we update your contact details on our side, you should be able to register successfully.

You are welcome to contact us if you have any questions.

Kind regards

R CRAUSE (MS)

DIRECTOR: HAAKDOORN ACADEMY
