

# Kimball Bend Cemetery Cross Reference Names to Marker Photos

Welcome to Kimball Bend Cemetery, Kopperl, Bosque County, Texas  
We have attempted to be as accurate as possible and have included pictures of all readable memorial stones. There are many stones that are not readable and are unknown occupants, therefore have been excluded from this document. There are many, many unmarked graves that were moved to this cemetery when Lake Whitney was created but were identified by a number assigned by Corps of Engineers and plotted on map of the cemetery. We have attempted to include the ones that were identifiable.  
It is current as of March 7, 2011.
