**Dear Resident**

**RE: BULK RUBBISH REMOVAL - WELLINGTON MILLS ESTATE**

Kindly note that the information on Lambeth Council's website in relation to the collection of bulk items on Council Estates does not apply to Wellington Mills Estate.

Lambeth Housing Management has an agreement with Serco for the removal of bulky items, which they pay for as advertised on the Council's website as free for residents on their estates. **This service does not however apply to Wellington Mills Estate as we are a co-op.**

Wellington Mills Estate office can however help residents dispose of single items (small to medium sized furniture), but not white goods such as Fridges, washing machines or cookers.

To dispose of fridges, washing machines, cookers and house clearance, residents will have to make alternative arrangement for these to be collected.

Please let the estate office know, if you wish to dispose of any bulky item, for advice.

Thank you  
Estate Management
