PRODUCT APPLICATIONS

Valve Automation

Electric, Pneumatic, Hydraulic & Electro-Hydraulic Actuation • Automated Valve Packages • Position Control & Feedback

Level Measurement & Tank Gauging

Tank Inventory Management • Continuous Level Measurement • Interface Measurement • Tank Side Gauging • Custody Transfer Tank Monitoring • Point Level Detection

Flow Measurement

Custody Transfer Metering • Process Flow Measurement • Fuel Measurement • Blending Systems • Meter Proving Systems

Gas Detection & Safety

Fixed & Portable Gas Detection • Flame Detection • Personnel Safety Monitoring • Hazardous Area Monitoring

Gas Analysis & Emissions Monitoring

Process Gas Analysis • Moisture, Sulfur & Oxygen Analysis • Emissions Monitoring • Environmental Compliance Monitoring • Combustion Optimization

Process Control & Instrumentation

Instrument Air Systems • Instrument Air Systems • Pneumatic Controls • Process Automation • Pressure, Temperature & Level Measurement

Water & Wastewater

Sludge Handling • Treatment Plant Automation • Lime Slurry Service • Aeration Control • Pump Station Monitoring

Power Generation

Boiler Instrumentation • Steam & Water Monitoring • Emissions Monitoring • Nuclear & Fossil Plant Applications

KEY PRODUCTS

Valves & Flow Control

Pinch, Knife Gate, Air Release & Instrument Valves • Block & Double Block & Bleed Valves

Valve Automation

Electric, Pneumatic, Hydraulic & Electro-Hydraulic Actuators • Valve Positioners • Limit Switches • Actuated Valve Packages

Level Measurement

Magnetic Level Gauges • Level Switches • Magnetostrictive Level Transmitters • Radar, Laser & Ultrasonic Level Transmitters

Tank Gauging

Automatic Tank Gauges • Servo Gauges • Float & Tape Gauges • Tank Inventory Systems • Tank Side Indicators

Flow Measurement

Flow Meters • Custody Transfer Metering Systems • Blending Systems • Meter Provers

Gas Detection

Fixed & Portable Gas Detectors • Flame Detection • Toxic Gas Monitoring Systems

Gas Analyzers

Gas Chromatographs • Emissions & In-Situ Gas Analyzers • Process, Oxygen, Moisture & Sulfur Analyzers

Pneumatic Controls

Air Regulators • Volume Boosters • I/P & E/P Transducers • Pneumatic Cylinders • Air Preparation Equipment

Boiler & Power Products

Water Columns • Sight Glasses • Boiler Level Instrumentation • Hydrostatic Test Equipment • Tube Plugging Systems
