What are your educational needs? _____

Your Users Group...

Many challenges face our agencies everyday...keeping your hardware current, evaluating in house or "on-line" alternatives, Social Media, training for workflow effectiveness, and the list goes on... but participating in a local users group helps you to make informed decisions that are right for your agency.

Meeting fees are economical and bring you Top Notch education. You'll stay abreast of the latest National topics, system enhancements and workflow/management options. Let us know your interests in education needs, or ability to help being a host site for a meeting?

Email our Board easily with ** Board@NetVUNE.org **

Please take a moment to view and register on our Website www.NetVUNE.org

Please make your check payable to the **NetVU New England**
Don't forget to include this form with your check
