Born in Brooklyn, NY, now living in Rockville Centre, NY. Theodora is a self-taught artist who has been creating art in various forms throughout her life. In 2015, inspired by her travels around the world and her backyard birdfeeders she found her passion painting birds. Using acrylic on canvas or board the birds are painted in a realistic style with a solid background to both accentuate the bird and give her paintings a Pop art flair that will go well in any contemporary space.

She has exhibited her work in various local Galleries:
