Serving temperature: 8-10 C

Colour: medium yellow

Tasting notes: Feteasca Regala (the "Royal Maiden") is a native variety originated from the Tarnave Valley, Central Transylvanian region. A fresh and vibrant wine, offering delicate aromas of meadow flowers and spring herbs. On the palate, it is elegant and refreshing, with a harmonious balance between lively acidity and gentle alcohol. The structure is smooth and approachable, making it an easy-to-enjoy wine that captures both finesse and freshness in every sip.

Food pairing: Due to their refreshing backbone it is a good match with deep fried and unctuous dishes or raw vegetable salads with citrusy vinagrettes and grilled chicken or fishes as well.
