Grower

At LGI, we are guided by promoting local estates as well as local producers. We have tightened strong partnerships with single wineries as, we believe, they are the socle of winemaking in the Languedoc region.

Vineyards

The production area of the Pays d'Hérault is hugely influenced by the river that gave it its name, the "Hérault", whose spring can be found at an altitude of 1400m. The diversity of the region's soils originates from the granite earth deposited by the river onto the limestone plains.

Winery Philosophy

Gavelot was born from a dream: to marry the elegant French style of winemaking with the vibrant Southern expression.

Winemaker

Marilyn Lasserre studied wine at university for many years in Bordeaux and Toulouse and obtained an English degree from the Wine & Spirits education trust in London. After various winemaking experiences in Bordeaux and Southwest France she spent a lot of time in South Africa, Spain, Australia and Virginia USA. At LGI Marilyn overseas the entire winemaking process as well as the quality of the final product.

Vinification

Once the grapes have been harvested, stems are completely removed. At which point a portion of the crop undergoes a hot maceration for 10 hours extracting colour, tannins and fruity aromas. This is followed by pressing to liberate the juice, which then undergoes traditional fermentation. The other portion follows a traditional winemaking process. 50% of the wine is aged using French oak for 5 months. The wines are then blended before being bottled.

Tasting Notes

The wine has a beautiful bright ruby colour. On the nose, an abundance of dried cranberry and raspberry with tobacco and baking spice aromas fill the senses. Fresh and vibrant on the palate, this wine has smooth and ripe tannins. This superbly textured Carignan finishes with a fruity length. Enjoy this wine with grilled vegetables, minestrone, smoked meats or Spaghetti Bolognese.
