3 SEP 2016

Dear Friends,

It is a pleasure working with you closely for almost 2 decades. Over these years our industry has seen lot of Socio-Economic changes but still cared its presence on Global Platform.

Today WIMO(India) is recognized on international level and is committed to work as a uniform body to represent Writing Instrument Industry of India.

Over recent years, I have personally seen the rapid growth and acceptability of Indian product in Global market. So, I am quite optimistic that the future is quite bright for our fellow members. WRITING INSTRUMENTS MANUFACTURER'S ORGANISATION (INDIA)

5th September, 2014

Hi Friends,

As we are all aware that recently we have been assigned new responsibility to take WIMO (India) to new height. So, I personally believe that we need to strengthen our organization, as still we have lot of Industry Partners which working independently.

So we have discussed during our recent meeting that we need to convince all associates, within this industry to work as a team, thus we are proposing membership to all allied industry members.

Along with this letter we are circulating the membership forms stating the membership fees and norms.

We as core committee are also planning to call a meeting to reposition our brand. "WIMO India" on International Level, which involves, change in brand identity and restructuring working body committee.

So, I sincerely expect your co-operation and support towards our pilot initiatives, as we still need to achieve unscaled height.

Best Regards,

Rajesh Rathod
