

# UNIVERSAL THREE STEPS TO PROBLEM SOLVING

## FIRST STEP

**Recognize that there “is” a problem. Fear-based DENIAL of the problem must first be dealt with and conquered.**

## SECOND STEP

**Recognize that symptoms are merely effects of one or more underlying causes. Therefore, instead of simply treating symptoms, make an ACCURATE DIAGNOSIS of the CAUSES of the problem(s).**

## THIRD STEP

**Through the knowledge acquired via accurate diagnosis, TAKE THE REQUIRED “ACTIONS” NECESSARY to RECTIFY the CAUSAL FACTORS which lead to the manifestation of the problem(s).**

## “ ROOT CAUSES OF ALL EVIL ”

1. Wilful concealment of known or discovered Truth(s) †
2. Being nescience (unaware of known or discovered Truth(s) †
3. Wilful refusing to acknowledge Truth(s) when in the presence of it or to value honest observation, logic, or clear evidence or reasoning †
4. Dishonoring ‘Present Moment/Creator Conscious Awareness Time’ with ‘Constant Psychological Time’ †

“When we Look at its Collective Manifestations, Dishonoring ‘The Now’ with ‘Constant Psychological Time’ is a Serious and Dangerous Mental Illness”.

– Eckhart Tolle

5. Wilful championing as an essential part or the only form of society any cult e.g. royalty, state/government democracy, feudalism, religion, communism, scientism, al-be-it any secret or non-secret hierarchical structure or creed where one or more adults rule over one or more adults, is wilful championing violence and slavery †

The definition of a CULT is: a certain segment of society –with extreme dedication to a certain leader or set of **beliefs** that are often viewed as odd by others, –or, is: an excessive and misplaced admiration for some one or some thing. **General characteristics of a CULT:**

- They rush you into joining and discourage or disallow questions
- Followers are encouraged to worship a specific group leader
- Leaders dictate in great detail all aspects of followers' lives
- Followers are personally monitored to ensure they are following guidelines
- Methods of control are used to keep members close

What is a RELIGION? One common definition of religion is “a set of **beliefs** about God and the supernatural.” Note that the collection of teachings from the Buddha are the most profound, contemplative wisdoms that a culture has ever produced, and in no way can be considered a religion. **General characteristics of RELIGIONS:**

- The group worships a higher source of power rather than a single person
- There is a shared, sincere **belief** system
- The main **belief** or **beliefs** are consistent with basic mainstream standards for human dignity
- Appropriate forms of conduct between people are defined
- An understanding of evil is established, especially how it impacts humans
- There are sacred ritual acts

If an adult proclaims something is “true” because its written or they or someone else has proclaimed it is, or when it's against natural law, incapable of being experienced/realized or standing the test of scrutiny or rigorous scientific testing by anyone, **they be a babbling fool, a precious-time-waster, a threat to society.** **Small scale e.g.** - On November 18, 1978, all 918 members, including a third of whom were children, belonging to the Jones Town cult lead by Jim Jones, stupidly “blindly believing” their leader consumed cyanide and died. **Large scale e.g.** - July 25th, 2021 in America, verifiable, 57,000 deniers of the communist-state rule happening right in front of their eyes & blindly acquiescing to corporate white-coats are now dead from the poison Nazi-orientated, order-following health providers injected into their arm. Paramedics, doctors & police are being told not to report adverse effects & deaths. Verifiable, over 2 million deaths w.w. from the inoculation alone.

Clearly, holding beliefs must now die and 100% knowing and speaking the truth 24/7 must now live. Doing so, we end not only feeding our children absolute confusing/useless information but dead food & water also. Brother & sister adults w.w. having decent (caring, productive & meaningful) conversations, being fully informed 24/7 & learning universal necessary basics if lacking, rapidly increases when all MSM studios, arsenal, weaponized installations & devices, electricity, seeds, water & food supplies, natural remedies, the internet, machinery, buildings & their contents, etcetera, w.w. is rightfully in the hands of "the people" w.w. With every adult well equip to reach a decision on any matter a few months post this momentous event, our species will indeed be functioning perfectly fine to obtain unanimous consent without leaders & delays associated with pyramid structures, nescience and blind obedience.

**Oppressed Brothers & Sisters All Over Earth, we have been lied to/betrayed/fooled over & over on a truly massive scale by both the matrix cult controllers & their loyal wealthy entourage possessing varying degrees of obscene wealth and whom most thereof, we the people have placed in positions of "trust to do no harm".**

**Most** historical narratives are written by the victors folks! **Mostly** false information stated for over a century by for example politicians, MSM editors, broadcasters & journalists, white-coated doctors & scientists, Professors, education department heads & teachers & Maritime Admiralty and Cestui Que act anno 1666 Trust law Judges & lawyers, has fuelled the masses thoughts and actions, segregated them into pens of thought, destroyed their cultures & families & reduced life to an empty shell.

**Very** briefly expressed below are just some of numerous shocking and often nauseating pre-planned grand hoax's, fictions & red flag events conspired over only several centuries (not thousands as we will all soon come to know) which have been unveiled by whistle-blowers & painstakingly, by millions of critically thinking, intuitive, investigative, heart-centered, truth seeking warrior adults w.w.

**\*Space- \*Earth is a globe shaped planet spinning around in space- \*sun, moon, planet and star distances- \*stars are planets made of e.g. gasses, ores, water and other unexplored elements- \*Moon landings- \*Galactic Federation, space stations and satellite crafts- \*gravity- \*global warming- \*aerial blanketing of the sun and Earth relentlessly everywhere with poisonous aerosol spraying w.w. is necessary to combat global warming- ....inclusive of all their false scientific and theoretical equations...**

Off the backs of...

**secret** 'child' trafficking, soldiers, slavery, rape and torture,

**deceptively** poisoning humanity and Nature,  
**assassinating** opposition, arranging & executing false events & spreading perversions & lies to incite division, warring, chaos and distract people away from connecting to the Creator(s)-of-all and Nature,  
**compliant** order-followers violently enforcing fraudulent {invalid} rulership, ownership/title deeds, history, science, contracts, laws, statutes, acts, regulations, taxes, fines, insurance claims & bureaucracy, plus countless cover-ups & other insane, control-orientated agendas **for several centuries**,  
**the present-day 'psychopath', 'blood-thirsty', phenomenally wealthy human beings & wealthy cohorts managing their 'dead entities'** e.g. corporations, institutions, foundations, charities, the United Nations & its international body's, the "independent" Vatican City (*centre for controlling minds*), City of London (*centre for controlling finance*), Washington DC (*centre for controlling military*) & Israel (*centre for controlling science/technology*), **are bonded to their "ILLUSION" that they have a RIGHT to be God-like rulers and as such, have a right to OWN, USE and ABUSE any human beings soul, body, labour and free-will and to OWN, USE and ABUSE any amount of a country's assets, land and natural resources.**

**The illusory freedom/right to own, use and abuse humans, animals, insects, birds, soil or any other Earthly resource, or to silence sentient human beings or socially engineer/indoctrinate/program their minds via movies, pop-culture, music, radio, newspaper and T.V., or to change your gender or assume 24/7 the behaviours of the opposite of your gender determined at the moment of conception, or to hold political representative party democracy, man's law, the Talmud genuine book of filth and Church of Satan religion as supreme, are all violations of the Creator-Of-All's design and Natural Law.**

Truthfully now, have you been subscribing to any of the ideologies stated below?

### **The Four Main Tenets of the Satanic Religion**

1. SELFISHNESS IS THE HIGHEST GOAL [ Its all about **"Me, Me, Me"** ]
2. MORAL RELATIVISM [ **Moral Relativism** is the ideology that there is no objective difference between Right behaviour and Wrong behaviour, so human beings may arbitrarily "create" or "decide" Right and Wrong for themselves based upon their own whims and preferences.]
3. SOCIAL DARWINISM [ **Social Darwinism** is the extension of the theory of Darwinian macro-biological "evolution" into human society. The proponents of Darwinian macro-biological "evolution" postulate the notion of the survival of the "fittest" animals, meaning that animals who are the most dominant will rule their social strata. Applied to the human domain, this theory puts forth the notions that 1) it is the "natural order" (& even desirable) for human society to be ruled by the most dominating & vicious humans, & 2) that such humans' genes are the reason they acquired and maintain their positions of power.]
4. EUGENICS [ The word **Eugenics** is derived from the Greek adjective εὖγενής meaning "well-born", which is in turn derived from the Greek adjective εὖ meaning "good", and the Greek noun γενής meaning "race, stock". Eugenics is a social ideology advocating the promotion of higher rates of sexual reproduction for people with traits and characteristics desired by its proponents, and reduced rates of sexual reproduction & sterilization for those with undesired traits & characteristics. This tenet describes the ideology of Satan taken to its ultimate conclusion. It goes something like this: Since Man is God, and he gets to make up what Right and Wrong are, and since it is simply the "Natural Order" for the most ruthless of humans, whose genes are the "fittest", to rule the rest of the human herd, then that "elite class" of human beings in the highest positions of power in the world have every right to decide who is allowed to live and procreate, and who must die. ]

The adult human population all over earth is clearly either 'unaware of their slavery & brainwashing by the beast control matrix', 'enlightened regarding their undue slavery and the harm being done by the beast control matrix but forced to comply', or 'feverishly defensive of the beast control matrix'.

**TOOLS OF ENSLAVEMENT- Political & monetary/banking system & technology, spiritual, information & deceptions control. Clearly MSM** [Main Stream TV, radio, newspapers, book authors, magazines, advertisements] **is also nothing more, nothing less, than the clever and deceptive art of using euphemisms, lies, emotionalism and fear-mongering in order to dupe average people into consenting and even accepting the chains of their own enslavement.**

“You never change things by fighting the existing reality.

To change something, build a new model that makes the existing model obsolete.”

– Buckminster Fuller

\*\*\*\*\*

**SLAVERY IS AN ILLEGITIMATE CONCEPT,  
BECAUSE, IN REALITY, IT IS NOT POSSIBLE FOR  
A SENTIENT BEING TO BE NON-SOVEREIGN.**

**SOVEREIGNTY IS A STATE IN WHICH ONE CONTROLS ONES OWN  
THOUGHTS, EMOTIONS AND ACTIONS, AND BY BRINGING THEM INTO  
UNITY ( NON-CONTRADICTION / NON-DUALITY ) ATTAINS MASTERY OF  
ONE’S CONSCIOUSNESS.**

**SELF-CONTROL = SELF-MASTERY = SELF-GOVERNANCE**

**A SOVEREIGN IS A MONARCH, A SINGLE RULER WHO RULES  
“ONLY” THE KINGDOM OF SELF.**

**YOUR PERSONAL BODY AND MIND IS THE KINGDOM YOU  
GET TO RULE OVER AND NO ONE ELSE.**

## Definition of **F R E E D O M**

- \* The state, quality and condition of being free
- \* The condition of being free from restraints
- \* Liberty of the person from slavery, oppression, or incarceration
- \* Possession of rights; immunity from the arbitrary exercise of authority
- \* The capacity to exercise free choice; free will: “the only freedom which deserves the name is that of pursuing our own good in our own way.” J.S. Mill
  - \* Facility, as of motion and of speaking
  - \* Originality as of style or conception
  - \* Unrestricted use or access

### **FREEDOM – LIBERTY – LICENCE**

These nouns refer to the power to act, speak, or think without imposition or restraint.

### Definition of **FREE**

At liberty; not bound or constrained; unconfined; independent; governed by consent and possessing civil liberties.

### Definition of **FREEBORN**

Born as a free person. Pertaining to or befitting a person born free.

**Government/Representative Democracy** is antithetical to **Individual Freedoms/Rights**.  
**Having a government** is essentially **ALLOWING THE NEGATION OF YOUR SOVEREIGNTY AND ALL OTHER FREEDOMS/RIGHTS!!** We are not born to be deprived of our freedom/right to experience a sovereign, peaceful, natural life-time span of manifesting reality, gaining knowledge and wisdoms and interacting with nature, human beings and other wonderful lifeforms.

**Not having a government** in any human society anywhere nor allowing any structure, thing or human being to govern/dictate what is best for “your body and mind”, **EVERY HUMAN BEING’S NATURAL FREEDOMS/RIGHTS and SOVEREIGNTY OVER HER or HIS BODY and MIND are ETERNALLY PRESERVED via EXISTING ETERNAL NATURAL LAW.**

---

**NATURAL LAW** is definitely not, and has absolutely nothing to do with any of these things:

- ~ DARWIN’S THEORIES REGARDING MICRO-BIOLOGICAL “EVOLUTION”
  - ~ THE DARWINIAN NOTION OF “SURVIVAL OF THE FITTEST”
  - ~ THE SO-CALLED “LAW OF THE JUNGLE”
  - ~ THE SO-CALLED “NATURAL ORDER”
- ~ ANY ASPECT OF BEHAVIOUR IN THE ENTIRE ANIMAL KINGDOM FOR ANY CREATURE WITH LESS COGNITIVE DEVELOPMENT AND CAPABILITIES THAN A HUMAN BEING
  - ~ ANY AND EVERY HUMAN-MADE LAW, INCLUDING COMMON LAW

– Mark Passio

🌿 Natural Law is descriptive. A person cannot break/alter a natural law: it is unbreakable/unalterable and that is a characteristic which defines it. Natural Law, Natural Justice, is the only standard by which any controversy whatsoever between humans can be rightfully settled:

- › being a principle whose protection every male and female demands for himself or herself, whether he or she is willing to accord it to others or not-
- › being also an immutable principle, one that is always and everywhere the same, in all ages and nations-
- › being self-evidently necessary in all times and places-
- › being so entirely impartial and equitable towards all-
- › so indispensable to the peace of human kind everywhere-
- › so vital to the safety and welfare of every human being-
- › being too, so easily learned, so generally known and, so easily maintained by such voluntary associations as all honest men and women can readily and rightfully form for that purpose.

- Lysander Spooner {published 1992}. Note: The words 'alter' & 'unalterable' were added here to add a little clarity.

There is always going to be “rules in effect” called Natural Law

These “rules in effect” work flawlessly 100% of the time and bring you the result you are creating. Natural Law is often referred to as The Law Of Consequence of Human Behaviour or The Law of Morality.

The essence of understanding Natural Law is REASON; it is not ‘experience’ or ‘revelation’. Human beings were created with free will and the ability to reason what is Right -**No Harm or Coercion Initiated** upon another sentient being or altering the balanced state of our sacred shared home Earth- and what is Wrong -**Harm or Coercion Initiated** upon another sentient being or altering the balanced state of our sacred shared home Earth-.

Needless-to-say, our free will and ability to reason are wonderful aspects of our humanness.

Freedoms/Rights stem from our humanity and from the moment of conception each human family member possesses all inherent, inalienable, universal Natural Human Freedoms/Rights. **Human Freedoms/Rights form the basis of our mutual respect for each other and equal treatment throughout our entire species.**

AS LONG AS NO HARM IS DONE TO ANOTHER, every human family member is absolutely free to be, do, live his or her best life, be human in every way and respected as an equal as our loving, guiding, Creator(s)-Of-All intended.

**“Stealing what is not yours is a wrong-doing”. This is an Eternal Law.**

**INJUSTICE AGAINST ONE FEMALE OR MALE ANYWHERE IS  
INJUSTICE AGAINST ALL FEMALES AND MALES EVERYWHERE**

**A Natural Freedom/Right is a claim against a person or thing.** Every aggression initiated via use of chemical, biological or psychological weapons or force (apart from when the self-defence principle is applied) or fraud against a person **is a Natural Law Transgression** whether the initiated acts of aggression or fraud issues from your neighbour or for example a government minister or employee, religious leader, royal family or secret society member, a corporation, agency, foundation, company, banking or global governing institution chief executive officer, or physician, scientist, Judge, lawyer, mainstream media broadcaster or Hollywood music or movie producer or star.

**WHO and WHAT IS ‘THE ENEMY’** Minus a tiny, tiny few guilty of criminal acts involving a victim(s), **self-evidently the oppressed masses Earthwide innocent of any crime** who work 8-5 and night shifts (which greatly appreciated, has maintained stability for us all), intend to do no harm and desire to be left alone to go about their business in peace. Human beings Earthwide **rowing the same boat** – *“serfdom via stealth and forced obedience to the dictates of aggressively oppressing, thieving, Satan worshipping psychopaths”* – **ARE CLEARLY NOT THE ENEMY !!**

- 1. THE HUMAN ELEMENT = CULT MEMBERS** in our **COMMUNITIES** due **IMMEDIATE ARREST** and **EXECUTION** are
  - # the psychopath matrix handlers consisting of 316 phenomenally wealthy bloodline families who formed & operate the U.N. as their New World Order administration center & secretly conspired to totally control, cull, reset & trans-humanize humanity **via the use of** armed forces, advanced tech weaponry, instituting the “illusion” we have freedoms/rights, equality under man’s law & rule by the people and promoting “illusionary” fears, scarcity, science, divisions and reasons for warring.
  - # the at least 5.5 million wealthy order-following psychopaths actively (knowingly) implementing the UN’s parasitical–insane agendas which has devastatingly destroyed ecosystems, species, the lives of millions of innocent human beings and intends to destroy the souls of all beings remaining alive.

A terrifying UN Georgia Guide Stone objective reads, “Reduce and maintain world population at 500 million.”

- 2. THE STRUCTURAL ELEMENT = THE CONTROL MATRIX** due **COMPLETE OBLITERATION DIRECTLY EARTHWIDE**  
Because the entire **OPPRESSING** –Ownership –Corporate –Banking / Money –Military / Police / CIA –Royalty / Government / Man’s Law / Religion –Media / Hollywood –Industry / Science / Technology / Indoctrination –Petro-chemical Pharmaceutical **COMPLEX** including every thread of Food/Land/Air Poisoning, Hierarchy, Officialdom and Bureaucracy attached **IS 100% ILLEGITIMATE / FRAUDULENT** and **IMPERMANENT**, it is “absolutely possible at any given moment” to obliterate every last fragment of it to a “never-return-of-any part-of-it” degree.

**Every last fragment of the control matrix manifested from pure evil minds and actions, is 100% evil, violent, anti-life & humanity, and 100% causes evil, violent, anti-life & humanity thoughts & actions.**

**Declaring non-acceptance of and no further participation in the evil control matrix anywhere Earthwide is the first totally justified, urgent lethal individual right action/duty to directly perform en-mass Earthwide and the first step towards successfully obliterating all existing evil from our children’s, ours and earth’s life.**

# **Standing in the light of Love, Truth, Natural Law and Inner-Standing is a thousand times more powerful than standing in Spells Deceptively Distorting Reality**

Before conveying Our “True” Human Rights/Freedoms overleaf, it is imperative we obtain inner-standing concerning the “ownership” and “property” concepts.

**Indisputably, ONLY The Creator(s) of the Cosmos is the LEGITIMATE SOLE OWNER of every Frequency Vibratory Fractal Of Its Creation.**

**Humans never did and presently do not own jack-shit of any part of Earth nor any of Earth’s resources which clearly we only BORROW from our children and the Creator(s)-of-All.**

Mindful of embarking on eliminating from humanity all that is toxic which includes every contrived mechanism for control over everything, you decide whether together the terms “RIGHTFUL POSSESSION” or “RIGHTFULLY POSSESS” applied to human beings and the things we create will provide adequate protection if we were to CEASE applying the terms and definitions of “OWNERSHIP” and “PROPERTY” to human beings and the things we create.

**YOU** are the thinking mind and that quiet voice within your body temple consciously observing your reality. **YOU** are the beautiful, majestic sovereign female or male adult or child living upon this good Earth who **RIGHTFULLY POSSESSES** her or his conscious body, mind and freewill, and essential to sustaining good spirits and health throughout ones life, **RIGHTFULLY POSSESSES**

- necessary personal belongings
- a one hectare slice of paradise upon entering adulthood (currently 15 years old)
- the fruits of ones efforts generated from their private residence and from foraging
- an equal share in the fruits of every completed ‘non Humanity and Earth’s balance disturbing’, Local, Regional or Whole Human Family Community [abbreviated to W.H.F.C.] unanimously consented endeavour.

# OUR [non-matrix/UN] “REAL” Natural Human Rights/Freedoms

Expressed below here is really just common-sense folks, yet still a work-in-progress open to Whole Human Family Community {abbreviated to W.H.F.C.} consented refinements. Three terms and definitions of importance here are... **\*Interference** – “being forced to accept” avarice or usury or some “undue” charge, written or verbal governance or dictate or subjection to physical force or weaponized technology. **\*Avarice** –excessive or insatiable desire for wealth or gain: greediness, cupidity. **\*Usury** – 1. the taking of any compensation whatsoever. 2. charging exorbitant or unconscionable interest rates.

The terms “**freely**” & “**free**” featured below specifically mean “**being free from any interference whatsoever 24/7**”.

Only by all brothers and sisters freely exercising any of our wonderful aspects of our humanness (i.e. volition, being, inquisitiveness, intuition, reason, feelings of caring, compassion and honor), our vehicles of expression (i.e. speech, gestures, original thought) and every inherent, inalienable and universal natural human freedoms/rights...

to life and sovereignty –

to freely speak, congregate, refuse medication and attire and move our body whatever way we choose –

to freely volunteer our labor and seek privacy and solitude whenever we choose –

to a free, presentation of all evidence, Judge-less, public jury, just, Natural Law trial –

to free, unbiased, truthful flow of information throughout –

to freely travel in a craft or vehicle or roam over any area of Earth non-residential –

to freely access, equally share and ensure sustainable use of any of Earth’s resources –

to, upon entering adulthood, freely rightfully possess a one hectare/1,000 sq metre slice of our Paradisical Earth for a lifetime –

to, upon entering adulthood, freely build our home, other structures and gardens and consume, craft, volunteer energy/time, trade and research whatever and lodge who and whatever we choose on our

Rightfully Possessed One Hectare Private Residential Land –

to bear weapons in order to protect and defend our humanity and freedoms/rights against interference and one self, family members, local, regional and W.H.F. Community from any clear and present danger –

is the human species easily able to maintain a robust harmonious and thriving state.

Next we have the bloody matrix controllers covenant, followed by details of The Second Totally Justified, Urgent, Direct Lethal Individual Right Action/Duty (eluded to on pg. 4 & 14) and finally, an overview of what would no longer exist and what would.

**The** frightening plan transcribed below was obtained from a video produced by a highly respected member of the Truth Family w.w. **Even** though no source was provided, one will find the **‘World Conquest Through World Government – The 24 Protocols Of The Learned Elders Of Zion’** document exposed around 1906 written in the same vein. **Type** this title into your search engine and download &/or read the 24 protocols for yourself. **Since** WWII this document has secretly circulated amongst the enquiring masses Earthwide, and astonishingly, a copy has been housed behind glass in the British museum!! **\*\*Verily there is only a minuscule number of Jewish people involved in creating this damnable, evil conspiracy with others from around the world.\*\***

### THE COVENANT

**When** all is in place, the reality we will have created for them, will own them. This reality will be their prison. They will live in self-delusion. **When** our goal is accomplished a new era of domination will begin. Their minds will be bound by their beliefs, the beliefs we have established from time immemorial.

**The** truth will be hidden in their face, so close they will not be able to focus on it until its too late. Oh yes, so grand the illusion of freedom will be, that they will never know they are our slaves. But if they ever find out they are our equal, we shall perish then. **THIS THEY MUST NEVER KNOW.** If they ever find out that together they can vanquish us, they will take action. They must never, ever find out what we have done, for if they do, we shall have no place to run, for it will be easy to see who we are once the veil has fallen. Our actions will have revealed who we are and they will hunt us down and no person shall give us shelter. This is the secret covenant by which we shall live the rest of our present and future lives, for this reality will transcend many generations and life spans. This covenant is sealed by blood, our blood. We, the ones who from heaven to earth came. This covenant must **NEVER, EVER** be known to exist. It must **NEVER, EVER** be written or spoken of for if it is, the consciousness it will spawn will release the fury of the **PRIME CREATOR** upon us and we shall be cast to the depths from whence we came and remain there until the end time of infinity itself.

**An** illusion it will be, so large, so vast it will escape their perception. Those who will see it will be thought of as insane. We will create separate fronts to prevent them from seeing the connection between us. We will behave as if we are not connected to keep the illusion alive. Our goal will be accomplished one drop at a time so as to never bring suspicion upon ourselves. This will also prevent them from seeing the changes as they occur. We will always stand above the relative field of their experience for we know the secrets of the absolute. We will work together always and will remain bound by blood and secrecy. Death will come to he who speaks.

**We** will keep their lifespan short and their minds weak while pretending to do the opposite. **We** will use our knowledge of science and technology in subtle ways so they will never see what is happening. **We** will use soft metals, ageing accelerators and sedatives in food and water, also in the air. **They** will be blanketed by poisons everywhere they turn. The soft metals will cause them to lose their minds. **We** will promise to find a cure from our many fronts, yet we will feed them more poison. The poisons will be absorbed through their skin and mouths, they will destroy their minds and reproductive systems. From all this, their children will be born dead, and we will conceal this information. The poisons will be hidden in everything that surrounds them, in what they drink, eat, breathe and wear.

**We** must be ingenious in dispensing the poisons for they can see far. **We** will teach them that the poisons are good, with fun images and musical tones. Those they look up to will help. **We** will enlist them to push our poisons. **They** will see our products being used in film and will grow accustomed to them and will never know their true effect. When they give birth we will inject poisons into the blood of their children and convince them its for their help.

**We** will start early on, when their minds are young, we will target their children with what children love the most, sweet things. When their teeth decay we will fill them with metals that will kill their mind and steal their future. When their ability to learn has been affected, we will create medicine that will make them sicker and cause other diseases for which we will create yet more medicine. **We** will render them docile and weak before us by our power. **They** will grow depressed, slow and obese, and when they come for us for help, we will give them more poison.

**We** will focus their attention towards money and material goods so they may never connect with their inner self. **We** will distract them with fornication, external pleasures and games, so they may never be one with the oneness of it all. Their minds will belong to us and they will do as we say. If they refuse we shall find ways to implement mind-altering technology into their lives. **We** will use fear as our weapon.

**We** will establish their governments and establish opposites within. **We** will own both sides. **We** will always hide our objective but carry out our plan. **They** will perform the labor for us and we shall prosper from their toil. Our families will never mix with theirs. Our blood must be pure always, for it is the way. **We** will make them kill each other when it suits us. **We** will keep them separated from the oneness by dogma and religion. **We** will control all aspects of their lives and tell them what to think and how. **We** will guide them kindly and gently letting them think they are guiding themselves. **We** will foment animosity between them through our factions. When a light shall shine among them, we shall extinguish it by ridicule, or death, whatever suits us best.

**We** will make them ripe each other's heart apart and kill their own children. **We** will accomplish this by using hate as our

ally, anger as our friend. The hate will blind them totally, and never shall they see that from their conflicts we emerge as their rulers. They will be busy killing each other. They will bathe in their own blood and kill their neighbors for as long as we see fit. We will benefit greatly from this, for they will not see us, for they cannot see us. We will continue to prosper from their wars and their deaths. We shall repeat this over and over until our ultimate goal is accomplished.

**We** will continue to make them live in fear and anger through images and sounds. We will use all the tools we have to accomplish this. The tools will be provided by their labor. We will make them hate themselves and their neighbors. We will always hide the divine truth from them, that we are all one. This they must never know! They must never know that color is an illusion, they must always think they are not equal. Drop by drop we will advance our goal.

**We** will take over their land, resources and wealth to exercise total control over them. We will deceive them into accepting laws that will steal the little freedom they will have. We will establish a money system that will imprison them forever, keeping them and their children in debt. When they shall band together, we shall accuse them of crimes and present a different story to the world for we shall own all the media. We will use our media to control the flow of information and their sentiment in our favor. When they shall rise up against us we will crush them like insects, for they are less than that. They will be helpless to do anything for they will have no weapons.

**We** will recruit some of their own to carry out our plans, we will promise them eternal life, but eternal life they will never have for they are not of us. The recruits will be called "initiates" and will be indoctrinated to believe false rites of passage to higher realms. Members of these groups will think they are one with us never knowing the truth. They must never learn this truth for they will turn against us. For their work they will be rewarded with earthly things and great titles, but never will they become immortal and join us, never will they receive the light and travel the stars. They will never reach the higher realms, for the killing of their own kind will prevent passage to the realm of enlightenment. This they will never know. -The end.

---

Oh yes most definitely every one of the innocent masses will receive the light and travel the stars. "You", you matrix cult controllers [handlers] together with your loyal cult order-followers [dogs] **hear the innocent masses Earthwide "loud and clear". Your causation of unthinkable abject poverty, millions of needless deaths, child soldiers, starvation, abductions, trafficking, sex, drugging, slavery, torture and killing, control over the weather, destruction of millions of hectares and poisoning of the waters and air...your colossal psychological, physical poisoning, deceptions, frauds, bribery and occult operations...and your ruthless violations of human beings precious rights/freedoms **and stealing** of their precious lands, technologies/inventions, time/energy and 40-60% of their income EVERY SINGLE DAY, **EVISCERATES EVERY BURDEN OF DEBT AND BLAME UPON ANY MEMBER OF THE OPPRESSED!!!****

The unified masses unshakable non-acceptance and non-compliance checkmate move renders every last fragment of the structural element of the evil control matrix Earthwide inoperable, all criminals everywhere powerless and the masses everywhere unshackled and all-powerful in their immovable 'Love, Truth, Natural Law and True Human Rights/Freedoms' unification. Every individual comprising the masses Earthwide is compelled and entirely free now to directly perform the second totally justified, urgent lethal right action/duty.

**2<sup>nd</sup> LETHAL MOVE = Proceed as a formidable force on high alert to take over control of absolutely all operations, armed forces arsenal, bases and stations, weaponized sea, air and land crafts, media outlets, air and sea ports, electricity and internet providers, buildings, equipment, machines, etc, and arrest all criminals.**

Only overwhelmingly massive numbers of brothers & sisters gathering shoulder to shoulder in unity in front of our/all children with their powerful love-for-all vibration emanating from their heart and being the bravest they have ever been at this extinction or thrive point in his/her story, can we preserve our beautiful humanity and human family members, all beautiful life forms and our beautiful shared home.

The beneficial outcome of doing our utmost best and rapidly sharing our massive body of skills, knowledges and facts **is rapidly devising strategies so clever, so well organized, that obtaining 100% success with not losing one more 'innocent, unique and precious life', with every one of our planned missions, and during every adults final totally justified and urgent right action/duty Earthwide is highly probable.**

If imperative or to add to feeling very safe and secure, bring out your destructive or deadly weapons (e.g. guns, spears, sledge hammers, axes, dogs, hyenas), oversized & average sized machines (e.g. semi's, trucks, tractors, forklifts, cranes, buses, planes, helicopters, drones), advantageous items or arrangements, protective gear, etc.

The criminal order-givers and order-followers names, residential addresses, locations of their tunnels, private islands and other hiding places and all suppression orders protecting paedophiles have been released unredacted to the public w.w. Hence, locals can directly conduct the arrest of every criminal in their area and commence the so painfully long overdue executions of all criminals clearly having earned themselves the death penalty, which for some cult members is "unthinkably" a million or more times over!!!!

## Our Children, Life Forms, Habitats & Earth's Balancedness Are Still In Danger Of Being Severely Harmed

**ADULTS EVERYWHERE ARE ON "HIGH ALERT" DUE TO THE REAL POSSIBILITY OF...**

- \* An unknown number of individuals identified as guilty of a crime(s) who will not surrender peaceably
- \* Imminent launches of deadly attacks aimed at ships, ports, volcanos, infrastructure, cities, towns...
- \* Preset attacks of some nature leading to the murder of many or reeking havoc somewhere

**Although** the order-givers and order-followers are now actually 'TRULY POWERLESS' to control anything or command anyone or catch an airline flight or train or boat somewhere, they might for example have L.R.A.D. protection surrounding them or be able to drive a vehicle or fly a helicopter somewhere, swap vehicles or be driven by or command one or more adults 'STILL OBEDIENT'. **Realistically**, commands to unleash one or more deadly missiles, bombs or E.M.P., H.A.R.P.P. or 5g tower frequency attacks for example or shut down electricity supplies and the internet can be carried out "RIGHT NOW".

**Although** investigators from the Truth and Justice Community w.w. have identified and publicised the array of all existing dangerous and devastating advanced weaponized technologies [ e.g. 5g is a military-grade bio-weapon capable of high microwave frequencies: microwaving the inside of a human beings' body. Cell phones do not contain a microchip to connect to 5g. Dark tech companies in France & China have developed biologically engineered super-capable & strong 'super-soldiers'. The company 'Middle East-Weather Generation Project' has been fabricating storms since 1995 and 'Climate-Global Control Trading' company have developed technology that gathers up water in the atmosphere & then directs & delivers it elsewhere. These companies create an atmospheric problem -a drought, flood, hurricanes- and then those affected "pay the perpetrators" to reify it. Dark technologies cause earthquakes, set off eruptions in & around a volcano or anywhere, or can create an invisible intense heat bandwidth that "burns flesh on contact" -imagine being herded into that!! ], **any individual, group or entire city could suffer attacks from yet undisclosed Advanced Weaponized Technologies (A.W.T.).**

**Speedily** share your intel, knowledges, abilities, strategies & arrangements via word-of-mouth & now **our media (t.v., radio, print, internet) stations** so everyone is kept up-to-date & any advancement en-mass is as free from error, danger and injury as possible.

During all the direct actions en-mass arming ourselves, seizing & co-operatively operating and equally sharing responsibility for protecting everything, locating & arresting criminals, deleting & burning redundant material, the majestic, well organised, fed and sheltered, resilient to bullshit, roaring seeking justice masses will be transitioning from being aggressively controlled, debt-bonded poor slaves unaware of the many grand deceptions, actual “cures’ for our ailments, new “mind-blowing discoveries” and the “true shape and nature of our realm”, to emancipated and sovereign, honourable and peaceful, orderly and equalizing, knowledge gaining united majestic warrior victor members of the human family.

Rising victorious, its full steam ahead with adapting to living a meaningful, tranquil life now void of starvation, stress, boredom and chaos {confusion, division, unrest, deceptive degenerating cult and criminal activity} generated by allowing the criminal cabal to immorally establish leaders, classes & systems that maintain inequality & mind and body control over the masses. We’ll be locating criminals, conducting trials at a steady pace, gaining old & new beneficial knowledges, relocating & repurposing, building existent non-complex, non-polluting unlimited free-power technologies, establishing equilibrium, designing & developing our one hectare, village-hub and shared lands sites, and rejuvenating our shared home.

### Real world definition of the Law of Freedom and how it works in our world

When human beings, in the aggregate, live in harmony with Natural Law and are therefore moral, they become and remain free.

When human beings, in the aggregate, live in opposition to Natural Law and are therefore immoral, they become and remain enslaved.

To firmly grasp why chaos, destroying and looting is utterly unnecessary and how everyone will be managing just fine post rising victorious, briefly outlined below is What Morally No Longer Exists and What Morally Now Does as part of our reality. Naturally, in order to maintain solidarity throughout 24/7, any suggestions of common-sense/moral ways of operating our lives demand W.H.F.C. consent.

NO nations, states, cities or towns anywhere

NOW - Only regions, provinces and low population sized villages. There was always plenty of one hectare

slices of paradise {research shows one hectare is ample} for everyone, however, via allowing any brother or sister to possess any amount more land than this created inequality and consequently those with more land enjoying more freedom and advantages over others and those, from the impoverished landless & homeless on up to renting or mortgaging a tiny section and home or apartment, not enjoying any such freedoms and advantages. **Possible** village sites await our speedy discovery (e.g. via video footage from drones, helicopters & light planes, & using google & other maps). **Whatever** the W.H.F.C. unanimously consent is to be 'the maximum population total for each village (e.g. 40-50,000 adults & children)' determines 'the entire village size' & 'residents area of responsibility' within its boundary lines. **Basic** necessities wise, village designs include a service filled village-hub area & both productive residential & commonly-shared lands. **When** a regions' population unanimously confirm a potential village site meets all settlement criteria, its location publicized w.w. confirms it as a **W.H.F.C. Village Site Available for Design and Settlement**.

**NO appointing an authority** e.g. parliament, council, royal, matriarchal or patriarchal structure or governor general, mayor, magistrate, lawyer, expert, priest, religious text, constitution, Magna Carter, treaty, village, province or region leader, **anywhere**.

**NOW** - **Clearly**, appointing an "authority" over any SOVEREIGN, SENTIENT ADULT HUMAN BEING is absurd and unnatural. **We** all know full well that all guardianship over the developing body and mind of a human being terminates the day she or he leaves the child realm possessing a fully developed brain and enters the adult realm. **Needless** to say, the Whole Human Family Community no longer tolerates any adult age, experience, schooling or expertise differential nor any arbitrary intermediary & whatever accompanying bullshit utterances, rites, rules & bureaucracy standing between any human beings internal and external connection to The Creator(s) Of All and Mother/Father Nature or her/his Personal Sovereignty or any other inherent, inalienable and universal Natural Human Freedoms/Rights (NHF/Rs).

**NO Transgressions of Natural Law** {or equally, no 'crimes against humanity' or 'evil acts'}.

Natural Law Transgressions: murder, rape, paedophilia, indecent touching of a child, assault, lying, fraud, coercion, stealing, non-permissioned sexual touching of an adult, trespass, bribery, avarice, usury, creation of division or chaos.

**NOW** - **Happening** everywhere is the executions of all the phenomenally wealthy criminal cabal members, all individuals who have committed high treason & fraud &/or the murder &/or the rape of one or more adult's &/or children\*, and all individuals complicity enabling any one of these crimes against humanity.

\* See last paragraph on page 25 for more on attaching the death penalty to the crimes of rape or paedophilia.

24

**The** executions and the trials for those caged and charged with assault, stealing or trespass for example are conducted at designated places within your local area. **All** individuals jailed for one or more victimless crimes have been released and any caged individual who knows or now suspects they've been unjustly imprisoned can request an immediate re-trial. **Hearing** all cases w.w. will not endure for 3-5 years but for only about 10-18 months due to 1.) no man's, Maritime and Cestui Que trust laws nor its bureaucracy obstructing exercising due justice, and 2.) a substantial amount of crystal clear evidence Earthwide at our fingertips, which, has already been witnessed/heard by many millions of members of humanity.

**Verily**, many millions Earthwide have heard thousands of brave truth/light-bearing, conscientious, investigative doctors, scientists, nurses, lawyers, reporters and other members of humanity Earthwide present evidence out in our streets, parks, other venues &/or via zoom meetings &/or producing evidence-based videos. **Download** the PDF's of clear evidence compiled by **AWarriorCalls.com**, or view the evidence linked to &/or hear crystal clear data including names, dates, times and scientific proofs presented during online hearings conducted by for example the **Corona Investigative Committee**, the **International Tribunal for Natural Justice**, or during the conferences held by the **World Doctors Alliance**.

**Any** transgression of Natural law is ultimately some form of "theft". **Physically** injuring someone is theft of the victims established state, quality and condition of living and committing the unforgivable act of murder is theft of the victim's Creator-given freedom/right to live. **Lying** rips the receiver(s) of the lie from following their valuable divine path. **Valuable** time/energy-thoughts/actions now aligned with information that is not true is robbery of valuable time/energy-thoughts/actions. **A** fraud cannot happen without lying. **Lying** causes chaos -one or many small to great disruptions in following our bliss-.

**Hatreds never cease through hatreds in this world. Through love alone they cease. This is an eternal law. On rejecting violence on principle the Buddha said, "Life is dear to all. When a man or a woman consider this he or she does not kill or cause to kill".**

-The Buddha {Siddhartha Gautama} 563-483 BC

**Resilient-to-bullshit warrior saviours so wide awake now to the five root causes of evil and the evil conspired behind closed doors and its manifestations, we'll have no difficulty identifying and quickly nipping in the bud any attempt to commit an evil act or promote an immoral/harmful/degenerative societal structure.**

NOW - **Only** a Jury of at least 20 randomly selected members of a community population (5, 17, 29... thousand) in attendance throughout an entire case proceedings conducted at their chosen Natural Law Court venue is sufficient. **Many** locals, all Jury members and anyone else Earthwide witnessing together live a **polygraph &/or a ocular lie detector test** being performed upon the one or more accused, accuser/victim and witness would be of immense value at each trial, especially when used in conjunction an accuracy result of 99.99% is obtained. **A** limited supply of lie detectors w.w. means co-ordinating their transportation from one court room post utilization to the next in need, and if W.H.F.C. deemed imperative, manufacturing a few more.

**Note** that the crimes of “high treason or grand fraud” is no longer possible since humanity does not have any political or monetary system or bureaucracy now nor any human being or group seated in an authoritative (royal, wealthy, prominent) position over others anywhere.

**After** hearing the Jury's description of the crime(s) and unanimous verdict of guilty or not guilty, never one, several or all Jury members but always only many members of the human family lodged in to a regional or provincial website (log-in enabled and programmed to host zoom discussions, count votes, record demographics, settlement locations and more) delivers a unanimously approved sentence. **This** newly-formed body of adults participate in sentencing discussions (face-to-face or via zoom, etc) and cast their vote via raising their hand or entering the ‘case-sentencing-voting section’ of this website, selecting the case file number and then ticking the sole proposed just penalty or one from a list of penalties. **Decisions** on a just sentence will be quite challenging or quite easy. Old adage: “an eye for an eye, a tooth for a tooth, and a life for a life”.

Adults gathered w.w. raising their hand in approval to extend the “a life for a life” sentence to “a life for a life, rape or paedophilia”, a W.H.F.C. newly approved penalty has become part of the W.H.F.C. fabric & instantly adopted throughout. **Every** region's community website will soon feature a body of trail-verdict-penalty precedents after concluding several hundred or so easy to challenging trails & discussions seeking a just sentence w.w. **Perhaps** at this stage it would be possible for a Jury & Just Penalty Seeking Body to adopt a trail-verdict-penalty precedent relevant to the criminal acts divulged in their current trail. **The** lie detecting equipment & inquiry process plus our body of precedents saves us much time & effort, & hence, quickens the approach of the day when everybody will be celebrating the end of the W.H.F.C. holding trails w.w.

**Uncompromisingly**, “the level of the crime equals the level of punishment is just”. **In** light of the necessity to tightly secure our species from being thrust back even a scratch into some part of the hell-reality our world is experiencing today, the W.H.F.C. may for example unanimously agree that “*the level of the crime equals one and a half times the level of punishment*”. **This** penalty standard would not of course include the crimes already assigned the strongest penalty -the death penalty-.

**Each** Region and Provincial Community Website would be capable of uploading each new just penalty, provide a section enabling one to vote (approve or disapprove) of a proposal to decrease, increase, delete, grammatically correct, etc, some part of an established just penalty, and hosting any other section also vital to keeping a whole region's population running like a well-oiled engine -well informed, moral (crime-less, free) and fully participatory. **Every** time all region's populations attain unanimous approval for making a change or adding anew, the equilibrium where the Whole Human Family Community solidly rests, nurtures itself & operates its affairs from, has evolved (strengthened) just a little bit more.

**NO banks, money printing, plastic bank card manufacturing, coin minting nor crypt-to or precious item currency structure.**

**\_\_\_\_\_Debt obliteration, equilibrium, disputes resolution, morality and sharing resources equally concludes this work**

**Reiterating**, because of the fact that it has never been ‘we the people’ but the Satan worshipping cabal members and their loyal order-followers enforcing their laws, advancing their tech, printing their fiat money, lying to you & unlawfully overseeing/controlling you & your country’s affairs’ for many years who raked up your country’s whopping great debt, *this trans-generational debt instantly evaporated from all Regions the day the masses’ unity in thought & purpose actions transitioned humanity from rulers & violent oppression to freedom, sovereignty, morality, equality, peace, safety, security & personal responsibility for attaining & thereafter maintaining equilibrium throughout.* **This** illegitimate debt, a seemingly permanent inequality, and unawareness of the impermanence of and managing just fine without weapons, armies, money, land and technological advances in the hands of and government/“backdoor” total control by ‘the few’, **how to establish equilibrium throughout humanity has scarcely been considered.**

### **Essential Meaning of ‘Equilibrium’**

- 1. A state in which opposing forces or actions are balanced so that one is not stronger or greater than the other.** Examples: *Supply and demand were in equilibrium. Chemical equilibrium.*
- 2. A state of emotional balance or calmness.** Example: *It took me several minutes to recover my equilibrium. [=composure].*

**But now, due to 1)** identifying the root causes of all evil and obliterating the 'the few' and the entire beast control complex bullshit, **and 2)** the fact that all adults will soon be settled upon their one hectare slice of paradise, **no obstacles blocking the human species acclimation towards attaining and thereafter maintaining equilibrium throughout exist.**

**Equilibrium** established and continuously stable, our beautiful children and shared home Earth continuously thrive securely indeed. **We** all know that in order to remain at peace, harmonizing and acclimating towards and thereafter maintaining equilibrium throughout 24/7, it is essential to ensure there is no violation(s) of our NHRs/Fs or cause for the arising of feeling disgruntled due to being treated dishonourably/disrespectfully or unfairly/unequally, or otherwise we have a war on our hands, even if its between two individuals. **A** war actually occurring means that love/caring, truth, Natural Law (N.L.) and morality has left the building: one or more adults have become disconnected—to-all/unbalanced; de-evolved.

**When** caring (which is love), Truth, N.L., as well as the honorable moral desire to maintain peace throughout and love for all children everywhere is present, and we look at the evidence & for guidance perhaps the Three Steps to Problem Solving and The Noble Eight-Fold Path, we will get to the real heart of the dispute. **We** know we can always gather other adults to help. **Eventually**, and with sighs of relief, the individuals involved will manage some how to resolve their dispute.

**We** all recognize now that acting out any of our collection of "deadly sins" from around the world are signs of de-evolvement/disconnection—to-all/un-balancedness. **Being** self-centered/egotistical —its all about I, I, I, Me, Me, Me, which remember, is one of the four main tenets of the satanic religion— is a correctable immoral behaviour that first arises in a developing human being around 1 year of age. **Then**, via the child's parents demonstrating & expressing clear reasoning's, sometime before the child is 4 years old they finally grasp why human beings always share & allow others to contribute their thoughts & ideas to the conversation. **Being** all about "I, I, I, Me, Me, Me" or arrogant we shoot ourselves in the foot; we isolate ourselves from hearing new or exciting information, different perspectives & experiencing all kinds of beauty and spontaneity emanating from our diverse brothers and sisters, creature companions and nature.

**Included** along with the necessary complete termination of seabed dredging, fishnet and sand (for concrete production) hauling, fracking, oil drilling & mineral mining operations, weapons, plastic & all other toxic manufacturing, deforestation, prostitution, sports & Olympic games, franchise, retail, business and factory owners, and so on, **every single monetary debt or credit payment to any one no matter how small or large also necessarily completely evaporated.**

**NOW - Clean Slate, Energy Exchange, Abundance-For-All, Fairly Sharing...we're building our lives afresh**

i) **Any type of resource, whether in its natural form, one of its processing stages or constituting a completed manufactured item or structure, remains forever free of our species attaching any type of currency/price.**

ii) **Human beings can actually build any type of dwelling and develop their own gardens, paths, ponds, etc, on**

their own, but if ever a hand with something is asked, the agreement is simply, “the number of hours & minutes expiration of energy {100% attention of mind/body skills/labour} in exchange for the same number of hours & minutes expiration of energy, or the helper’s acceptance of an object(s) &/or skill(s) offered by the recipient of assistance. We can always provide, for example, gardening or wood chopping or waterway clearing assistance if none of the object(s) or skill(s) offered in exchange for the help received are needed. If one area of your region is suited to producing coffee & teas, another grains, another fruits & nuts, and we swap such essentials equally seasonally &/or north/south, everybody receives a wonderfully varied, nutrient-filled diet. In five-ten years, every village will be producing all its population’s requirements from within its boundary and by gathering from nature.

iii) **Human Rights/Freedoms** wise, every single male & female member of our species is free to roam anywhere non-residential for research, assistance, recreation, exercise, enjoyment & collecting from nature water, seeds, edible foods & materials for creating purposes according to W.H.F.C. equilibrium maintaining principles.

iiii) **Scarcity** is extinct. Now each adult and couple rightfully freely possesses a one hectare private residential site and, our species perfects sustaining a “plenty for every life-form 24/7 equilibrium” {a harmonious, tranquil, thriving state, quality and condition} *by sharing Earth’s abundance, all knowledge, ideas, plus the abundance of manufactured items Earthwide equally amongst everyone to a “each adult’s utmost satisfaction” degree.*

iiiii) **Learning** how to safely store food, seeds & water is imperative. Each residence & entire village area needs to (for copious reasons) & will definitely have an abundant supply of foods, seeds & water on hand at all times. Using water sparingly and not retrieving any amount more water, food, seeds or nature’s resource supply than unanimously (local, province, region, W.H.F.) community agreed upon ensures 100% habitats, lifeforms and natural cycles are perpetually sustained. The indigenous peoples always spoke of “sharing equally the abundance of Earth’s resources at all times and places”. All locals can participate in formulating local-area-related guidelines to ensure your, and inter-connectively everybody’s, natural world is freely able to replenish itself 24/7.

**Apart From Naturally Predominately Parents Educating and Caring for Their Children, Secondly Grandparents, Other Immediate Family Members and Close Friends, and Lastly, the Local to Earthwide Community, Humanity’s Initial Top Priorities Now Clearly Are:**

\* **to** help the 30% of humanity Earthwide undeserving of an abject poverty stricken condition to receive nutritious food, remedies for their ailments & transportation out of where they are into the now vacant mansions of the terminated wealthy elite & the once highly paid athletes, movie stars, singers, preachers, scientists, academics, dentists, surgeons, mafia bosses, traffickers, CEO’s of large firms, hospital & university administrators, etc, etc.

\* **to** aid the children, men and women Earthwide who have been inoculated to receive the remedies that dissolve or expel the graphene hydroxide & rid their body of the parasites, metals, nano particulates, infected monkey cell tissue & anything else poisonous/toxic we discover contained in big pharma's shot!

\* **figuring** out how to distribute "basic essential items" [e.g. nutritious food, pure water, non-GMO seeds, cooking & gardening implements, natural remedies, cars, petrol, diesel, oil, gas, computers, cell-phones, clothing, footwear, bedding, furniture] to everyone urgently in need throughout all slum, town and city communities.

\* **determining** what are "recyclable" salvaged and non-salvaged manufactured items. Each Province population is able to discern when it is crystal clear 'an existing purpose-built structure can have its operating and supply contents removed and be carefully disassembled' because it is completely unable to serve any useful purpose. When there is one or more 'useful purpose idea' proposed, let it flow into the public arena for discussion. Initially, huge multi-sectioned recycling centres will pop up everywhere.

\* **determining** the categories for all new down to old man-made/artificial items not destined for the recycling center. Your region's community website could facilitate the documentation of the range of types, models, ages, conditions and the quantities of every man-made/artificial item stationed within your region's boundary.

-Boats, planes, helicopters, tractors, motorbikes, buses, over-sized vehicles, are some of the sections to be included in the 'Transportation' category. And also extensive will be the sections and items listed under the 'Factory Machinery', 'Military Equipment and Arsenal', 'Tools' and 'Building Materials' categories.

-Needless-to-say, the sooner we have all moved to a village site somewhere (where, at least we will have a village address) and know fairly accurately each villages' population total and final overall design, the sooner village populations of varying sizes will have a good idea of what their village requires. Now humanity can start equally dividing the large amount still remaining of its extensive range of man-made/artificial items ('presents') throughout. *E.g. The 'all regions combined' total number of say the 2020 manufactured tractors of all makes and models, as per documented on every regions community website, is divided by every village in the world, or depending on the total number revealed, possibly every two or three villages. Or, the total number of hammers and saws from old to new is to be divided by the total number of adults in the world. And so on.*

-No two villages will require exactly the same items. If your village is situated many kilometres away from the ocean or a lake or up a mountain you won't need any boats but perhaps 4x4 vehicles. Tropical climate dwellers do not need hot houses but colder climate dwellers do. All of us ex-slaves are already well seasoned at coping with very little. What we require but does not exist we can probably make.

\* **determining** the locations of all possible liveable village sites Earthwide. Verily there are copious numbers of village sites Earthwide and this is without encroaching on what little pristine rain forests remain or established orchards. Whilst mindful of our village site terrain, climate and logistics, view the animations of the endlessly diverse radiolarian shell shapes for 'unique overall village design' ideas.

-Every establish orchard will finally be supplying the residents living nearby and possibly other areas of ones region with fresh fruit, nuts and berries. It will take seven to ten years of careful tending before our newly planted fruit and nut tree species are providing abundance throughout our residential and commonly-shared village land sites.

-Industrial Hemp produces a cornucopia of over 3000 uses, from oils, glues, butter, fibres, rope, compost, building aggregate, paper...practically everything enabling us humans, our homes and our village supplies and our maintenance and creating work spaces to tick along comfortably indeed.

-Instead of hedgerow, boundary lines between neighbours could be very wide, food producing strips and be considered sections of your commonly-shared land areas. This would give neighbors even more tranquillity, privacy, shelter and fresh food. Whilst neighbours are sharing boundary planting and up-keep work, they would be fulfilling some portion of their 'total village maintenance duties' hours only a hop, skip and a jump away from home, and get to chat to their neighbours as well.

-Heavily reducing our dairy and meat consumption is not only a good-health measure (research & find out why), but, as you can imagine, emancipates mega amounts of hectares Earthwide. After each cull of our enormous cattle & sheep herds, we could freeze half the flesh obtained & cure the other half & add it to our securely stored 4-6 months worth of foods, water and other emergency stocks in case we are hit with a catastrophic crop failure, drought, high winds or flood event (i.e. naturally occurring chaos).

Consequential of humanity's 'expeditious' sharing of those extra basic necessities that currently some of us possess to the several billion children, men & women desperately in need plus our administration of all valid cures, publication of possible village locations w.w. and completion of each regions categorized man-made/artificial items records, we'll be enjoying settling in, wildly creating temporary and permanent things, adding the final details to our unanimously decided unique village design draft, and looking forward to unloading deliveries of our equal share of village and residence presents.

## Pioneering Village Life entwined with Becoming Non-polluters, and lastly, More Talk Regarding Our Adult Duties

**With** our fully stocked recycling center on hand, it makes no sense to then clutter our one hectare precious life-giving space with unused items, which the act thereof deprives other village members of materials they need. **We'll** notice our vast recycling centre stocks Earthwide steadily decline to a low level due to human beings ingenuity and connections made socializing here, there and everywhere.

**Mindful** of all our wonderful working models of environment-friendly, unlimited electricity & pumping generation Earthwide plus our water, compressed air & magnet motor conversions, cottage industries, centuries-lasting, natural building & home construction & water diversion techniques & no doubt many other environment-friendly life-style adaptations, **we'll soon reach a "very low polluting activities" point effecting a rapid rebalancing of Earth's elements, biosphere and all other spheres.**

**Only** when the W.H.F.C. agrees it is 'absolutely necessary' to manufacture some sort of scientific, industrial or technical equipment would mining and refining of ores &/or minerals and manufacturing happen. **Maybe** very little destroying and polluting mining, refining and manufacturing activities would be required to accomplish such an imperative. **Or** maybe the creation of new equipment or technology will never be required considering the copious amount of existing fully functioning laboratories, scientific and medical equipment, machines, research facilities, computers and observatories freely accessible to use & maintain by anyone w.w. along with whatever currently hidden beneficial technological advancements we discover, and, humanity now void of materialism and egoism, advancing spiritually and conscious of maintaining Earth's and our species equilibrium.

---

Reaching perfection many times every day never stops. Washing our eating & cooking instruments clean & feeding the chickens & refreshing their water supply every day is several daily chores done to perfection. It is vital to complete all our daily chores to perfection or close to or otherwise we fall back on maintaining an optimum state, quality and condition of comfort 24/7. Common-sense-wise, dutiful home and personal care-taking not done encourages rodents, unpleasant odours, infections, breathing difficulties, rashes & sores for example. In a safe, hygienic, pleasant & non-cluttered environment human beings creative sparks in tandem with our brilliant computer mind is able to flow undisturbed.

Laziness is a sin remember & so too is being a workaholic. Love for ones body temple denied encourages ailments. Its not hard to keep yourself in check: a balance of exercise, creative & life sustaining activity, rest & play.

**Do us adults still labour 40 hrs. p.w. using our brain & body creating things & sustaining ours, all children & Earth's life prior & upon humanity's lethal moves & up to settlement & thereafter? Consider the following.**

With everyone working to a well organised local community devised schedule for say 30 hours per week at a steady pace, we'll chew through our initial top priorities, and while settling in, make good progress on erecting temporary structures as well as our draft village commonly-shared lands, roads, bridges and plumbing, power, water courses, drainage, hub area, etc, design. All these 30 hours are 'adult duties' and it is vital to complete all duties to perfection if possible or to the best of our ability or otherwise our children, our village, province and region and ourselves will suffer. We would then spend 'the rest of our waking hours' concentrating on whatever else we need & want to do. After moving onto our one hectare private site we'll be able to concentrate on developing our home, gardens, features, paths, etc.

A list of all the top priority jobs (duties) need doing each week and how many adults are required to complete these tasks is put up your local community board online and on a public notice board in a central place somewhere. So it might be that we sign up to work in the orchards for several weeks and then the next three weeks we sign up to help cull possums in the forest or work at the recycling center or with clay, mud bricks and kilns, or do some Earth recovery activities or loading and unloading of goods or forging, fencing, drainage or construction work, or go out on the fishing boats. Naturally, our local schedule of tasks and us need to be flexible due to possibly encountering a surprise adverse weather or some other disruption. Now, all our labouring is spiced with a great deal of variety.

Whatever skill one wishes to devote time to learn to master, they can study online & for those practical aspects ensure there's a 'trained' pilot, digger operator, pest control trapper, ship engineer, potter or surveyor for example available to teach you. The time spent devoted to being a teacher or a student is part of the 30 hrs. duty because valuable work for the benefit of our entire species is being done here.

Mindful of everybody's ease into a rapid increase in over-all mental and physical health and well-being and acquiring Essential Knowledges, in particular here, how our body and immune system actually works, the value of a varied, living foods diet, permaculture methods, plants, fungi and roots growing

locally known to possess medicinal properties plus tried and true natural remedial ingredients aiding rapid recovery from those minor injures and ailments to the less likely broken bones, deep cuts, poisonous snake or insect bite, tumours, projectile accidentally entering one's skull, organ surgery, heart attack, tooth extraction, etc, it is reasonable to assume that hospitals and those extensive training periods in the surgical, MD, nursing and dental fields will not be necessary in the very near future.

Most professional occupations became redundant and the polluting weapons, manufacturing and tourism industries E.W. ceased operating the moment all brothers & sisters warrior saviours successfully regained guardianship over the health of our entire shared home & our species. Our guardianship over all media output w.w. (T.V., radio, press, internet) enabled all adults & fledgling adults (12-15) **to learn about...**

\*what interests him or her ...      \*beautiful Earth-friendly technologies ...      \*profound contemplative wisdoms ...

\*why psychological-time/ego-time is a serious and dangerous mental illness ...

\*true her-historical events ...      \*up-to-date knowledge concerning the true nature of our realm ...

\*ways to safely store seeds, cultivate quality compost and crops and preserve all types of food ...

\*ways to build a fire, temporary shelter, steps, furniture, fixtures, decking, a durable drainage, foundation, dwelling and roof, black and grey water purifying systems, composting and separate water-washing-orifice toilet, etc ...

\*how to make our own plates, bowls, mugs, bags, nets, mats, clothes, footwear, tools, etc ...

\*how to conduct basic maintenance on your personal and equally shared village vehicles and buildings ...

.....**basically, everything wholesome, vital to know and centuries long hidden from us all.**

Consider whether mastering fundamental computer operation, mathematics & applicable science methodologies is essential to conducting research, subject learning & comprehending any proposal before us?

There is no rush to complete compiling all mentioned & not mentioned "spheres of knowledge fundamental to master before the age of 15", and this work will clearly not be a difficult "adult task". The first completed comprehensive draft will probably require a couple of w.w. voting rounds to iron out any creases, and when universally accepted, always remains open to any additions or deletions as we steadily organically evolve.

Mindful of 1) having **terminated** our long-time slavery to money, energy draining, time consuming economic, contractual & all other bureaucratic crap & such evils as competition, greed, weapons accumulation, secret societies, bad science, compartmentalization and NOT KNOWING THE TRUTH ABOUT

WHAT OCCURRED IN OUR PAST AND WHAT IS TRULY HAPPENING AROUND US AT ALL TIMES, 2) the many years of improvements in computer programming, graphics & slide presentations, and 3) decades of a welcoming transparent atmosphere, sense of humour and evermore intelligent simplification of complex subjects from the Truth Community's 'independent' researchers, writers, inventors, video/film content creators & think-tanks (chat rooms), today's generally recognized time required to inner-stand a complex subject is set to accelerate at least three times faster. Eventually any fairly complex subject or process will be readily inner-stood by any adult. 'Question everything' is a saying well known today.

Our body of Spheres of Essential Knowledges is simply "the regular essential life skills knowledges, physical skill sets and wisdoms parents gradually pass on to their children until they turn 15". This means that the adults having to learn a great deal of essential knowledges alongside the older children will cease doing so at some point during the first twelve months ahead. Entering adulthood the day a female or male turns 15 she or he is now eligible to settle on their chosen one hectare and will know exactly what is necessary to remain free, sovereign, healthy, holistically all-knowing, mentally and emotionally balanced and respected as an ADULT and NOT a child.

**Everybody Possessing Universal Essential Knowledges = Totally Sovereign, Resilient and Residence-Village-Province-Region Sufficient Brothers and Sisters Everywhere**

Finally free from all violent restrictions, volunteers can prepare to venture out to the "unexplored" ice wall and land masses beyond it, land masses surrounding our magnetic north pole, and ocean regions. We'll all no doubt be keen as to research, choose, acquire components for and learn how to build, install, operate and maintain one or more environment-friendly inventions generating an unlimited supply of thrust power and electrical currents.

Naturally, after arriving at your chosen village site, for many months you'll play a vital role in village designing and all kinds of Earth's repair and entire village organisation and construction activities happening all over the place. One day all these vital activities associated with entire village area designing, surveying & construction of your village productive commonly shared land areas and roads, bridges, waterways, lanes, rest, recreation, central hub, craft, repair, maintenance, etc, etc, spaces along with a number of Determined Earth Repair Objectives will cease. Reaching this milestone will of course

mean, A} the termination of many of our 30 hrs. p.w. dutiful work and a corresponding increase of hours now free to devote to our one hectare Slice of Paradise (S.o.P.) and personal creative and learning endeavours, B} a bustling by all in preparation for their imminent celebratory festivities.

Naturally each time we accomplish one of our Determined Earth Repair Objectives (D.E.R.Os.), our dutiful hours decrease a little. All of our waters and body's will quickly become pure again because we have simply stopped poisoning them. We will no doubt discover ways to make attractive & useful all scared land. Our soils will benefit from applying known & no doubt newly arising methods of increasing micro-organism count & detoxification. Each one strategically planting & nurturing at least 1000 (?) different seeds/seedlings this year, land is reforested, large cropping areas & gardens are established, our connection to nature & its laws solidifies, & Earth's life-form populations and pure oxygen levels increase exponentially. Add the healing power of our fearless, positive, joyful love vibration and prayer to the mix, we will no doubt see at least most of our D.E.R.Os. terminating around 6-8 months time.

The bulk of all our D.E.R.Os. completed is 1) another milestone reached, hence time for festive 'milestone achievement' celebrations once again, & 2) marks the point where the number of dutiful hours devoted to the D.E.R.Os. sphere & entire village area maintenance and repair sphere will remain relatively stable for a while. Expiration of time/energy in both spheres lessens as we manifest simpler ways of accomplishing our 'village' and 'home-based' dutiful care jobs.

When its far too hot to work, siesta for three (?) hours, then returning to your work site when it starts to cool down, you'll feel much rejuvenated. Make sense?

At some stage we'll be able to say we have worked alongside every adult in our village.

Our stable dutiful village community skills, knowledge and labour contribution is likely to consist of

- \*regular seedlings, soil, crop and compost tending and harvesting and processing of crops -
- \*regular maintenance of our equally shared village water supply channels, pumps & filters, processing, storage, learning, crafting & science buildings, productive land areas, paths, roads, bridges, tools, machinery, equipment, vehicles, flying & emergency-use crafts, windmills & waterwheel mills, & so on -
- \*regular upkeep of vital village hub and outskirts workshop supplies such as leather, fabrics, oils, soaps, tools, equipment, kiln and forge fuel, timber, rope, etc, etc -

**Almost** every single region Earthwide is absolutely more than capable of catering to all essential needs and creative endeavours of the residents within. Human energy, ingenuity, observation, analysis and mimicry combined have revealed that even Earths desert regions are capable of becoming lush and liveable again.

**When** a female & a male adult commit to spending the rest of their lives together they choose either her or his private residence to live together upon, never both because any sort of inequality must never ever manifest again. Naturally, the individual moving removes all that is special to them & give thanks to the land, water & plants that have nourished them & the home that has provided shelter, comfort & rest.

**With** our *'no village looking exactly the same as another'* and *'unique village weather patterns and terrain environments'* reality, we're bound to see a flowering of wonderful, unique, non-harmful cultural variances.

#### RUDIMENTARY VILLAGE DESIGN CONSIDERATIONS FOLLOWED BY SOME ADDITIONAL FACTORS CONCLUDES VOICES 5

**Strategically situate your larger structures and larger industries on the outskirts of your village hub area**

Determine together where the best sites are to erect your "shared" airport, hangers, cars, boats, tractors, trucks, grain silos, seed vault, timber yard, tanning baths, kilns, processing facilities, outskirts amenities, storage buildings for recycling items and 'large' road vehicles, armaments & excavating, cultivating & harvesting machines, plus workshops catering for general repair & maintenance jobs, vehicle repair, pottery, forge and engineering (to fashion your tools, parts, equipment, fittings, food serving plates, drinking vessels, cooking, food and storage pots, etc).

**Your busy little village hub area could possibly comprise**

- a musicians & dancing area plus structures accommodating apparatus for coffee, tea, food preparing & cooking
- structures protecting tables full of villagers giveaway fresh foods & useful items from rain, dirt and sun (spoiling)
- hub amenities, science, natural remedies, emergency healing, teaching & dispute resolution/meeting facilities
- spaces full of 'village-generated essential supplies' for baking, cooking, preserving (e.g. flours, salts, honey, oils)
- spaces for equipment enabling the crafting of soaps, sails, ropes, wool & cotton yarns, fabrics, clothes, boots, etc
- spaces for storing all sorts of village hub repair & maintenance gear

**Now each one hectare S.o.P does not suffer a reduction in size accommodating such commonly-necessary items.**

**Single** adults, couples and families will be able to establish a home & vehicle storage, have endless electricity, hot and cold water & a full cellar containing winter &/or emergency supplies, produce whatever fresh foods they prefer plus gather to and create whatever else they desire on their private slice of paradise.

**With** our ever-expanding holistic knowledge and imagination you'll be capable of creating a great many small and big things throughout all your free, non-village dutiful time available to you.

**It** certainly will not be long before children and adults everywhere are breathing clean air, able to go swimming in and drink from any ocean, river, lake or stream and be consuming pure, living (fresh) food.

**In** 1-2 months time every adult Earthwide will be in possession of his/her equal share of all good (Non-GMO) seeds, and several months later on, be in possession of all of his/her equal share of Equality-Establishing Items.

**Initially** every mode of transport (e.g. aeroplanes, ships, semi's, trucks, buses, trains, air balloons, cars, donkeys, camels) is likely to be full to capacity every trip for quite some time relocating brothers and sisters and their belongings. Eventually, all land mass to land mass then from region to province to village travel relocating most of us will cease.

**Can** we plan to go travelling (exploring/walkabout/visiting/holidaying) in any mode of transport for 4-6 weeks (?) every year? Yep, go for it! Large passenger plane wise, just book a flight & the trained pilot & co-pilot will fly the plane, powered by its "compressed air" mechanisms post an initial fuel injection, to your destination. Only strict regular checks & maintenance procedures carried out on every mode of transport ensures safe travelling 24/7.

**Free** energy/power can be obtained by the all-pervasive electromagnetic ether & light or for example via water, wave, wind, frequency, vibration, pyramids and using conductive metals, centrifugal force, compression, magnets, ceramics. Sharing fairly the humongous supply of mined, refined & old to new manufactured items w.w. already in existence we'll be able to construct our energy capture & storage devices & associated paraphernalia right now.

**Not** being caring or truthful at all times are two ways we "harm" others. **By** simply not doing any harm/wrong-doing whatsoever to any sentient human being is how we actually remain dignified, at peace with everyone, and "freely" exploring, running, walking, playing, speaking, participatory in adult affairs, possessing one hectare, accessing shared objects & an endless supply of clean, pure water, electricity & materials, and, leading a meaning-filled life.

**Firmly establishing individual sovereignty, all true human rights/freedoms, natural law/morality and equally sharing all media, internet, electricity and water sources plus all ores, fuels, gas, metals, gems, jewels and every manufactured item throughout our species...**

**...rigorously maintains a macro (whole human family) societal equilibrium comprised of micro (region sufficient) societal equilibriums universally**

**"Your heart is free, have the courage to follow it."**
