Grading System / Standards of Progress

The CDL Program is a Pass or Fail Course.

Student Evaluation Techniques

A test may be administered after each theory lesson to ensure that students are retaining an adequate amount of information. Test scores below 75 percent are an indication that the necessary knowledge was not retained. Administration may produce progress reports at predetermined intervals throughout the program. Students should plan for additional

independent study, if needed. Assessments will be provided to students on a weekly basis with a final assessment provided at the completion of the program. Other methods of evaluation, such as oral quizzes, skill development tests, and hands-on skill evaluations may be included.

Incomplete Grades/Progress

Incomplete grades/progress are given when a student is unable to complete a course because of illness or other major problems. An incomplete grade may also be given if a student does not take a test. Students must plan with their instructor to retake any missed Theory test(s) prior to completion of their program.

Attendance Requirements

Aces and Eights CDL Training records the daily attendance of each student. Records are available for student review upon request. Due to the nature of the CDL Program, all students are required to meet the 160 program hours to pass the course.

Make-Up Days

Aces and Eights CDL Training will have a set amount of pre-determined makeup days available to students prior to the Skills Testing Day at the end of the program. These days are limited, and students will need to plan with their instructor if make-up days are needed.

Tardiness

Students who arrive late for class are interrupting the instructor and fellow classmates.

Tardiness will be recorded as follows:

1-15 minutes will be considered 15 minutes late
16-30 minutes will be considered 30 minutes late
31-45 minutes will be considered 45 minutes late
46-60 minutes late will be considered 1 hour late

All students will be required to make up tardy hours prior to completion of the program.

Withdrawing from School

Students must prepare a written notice and submit it to the school administrator. This notice must contain the student's name, address, and date. All financial obligations on the part of the school and student will be calculated using the last recorded date of attendance.

Code of Conduct

The following conduct is unacceptable and will not be tolerated at Aces and Eights CDL Training:

1. All forms of bias including race, religion, ethnicity, gender, disability, national origin, veteran status, and creed as demonstrated through verbal and/or written communication and/or physical acts.

Conditions for Dismissal

Students may be dismissed from the school for the following reasons:

Not adhering to the school's rules, regulations, policies, and code of conduct.

1. Missing more than 20% of instruction time
2. Not meeting financial responsibilities to the school

The school administrator will notify the student in writing should it become necessary to dismiss the student. The dismissal letter will contain the date and the reason for dismissal. It is the responsibility of the dismissed student to notify the appropriate lending institution if the student has a student loan or is receiving outside aid. Prepaid tuition will be refunded according to the school's refund policy.

Re-entry Policy

Any student dismissed from the school who requests re-entry must put the request in writing to the school administrator. In cases where the student was dismissed for excessive absences (greater than 20%) or financial concerns, it may be possible to re-enter within the same school

term. In cases where the student was dismissed due to unacceptable conduct, the student must meet with the administrator prior to re-entry. The decision of the administrator is final and students will receive a written letter within five business days stating the decision.

Credit for Previous Training

Aces and Eights CDL Training is committed to helping students reach their educational goals as quickly as possible. However, technology is ever-changing and what was previously learned in an earlier program may no longer be applicable. To ensure our students graduate with the skills necessary to achieve success in their career, we will give recognition for previous training only after the student has taken and passed a program proficiency test. Students wishing to receive recognition for previous training must show proof of previous training.

Student Grievance-Complaint/Appeal Process

Nothing in this policy prevents the student from contacting the Workforce Board (the state licensing agency) at 360-709-4600 at any time with a concern or a complaint. Students who have a complaint or who would like to appeal a dismissal must request in writing an appointment for an interview with the school director. The written request should include the following information:

1. Student's full name and current address
2. A statement of the concern including dates, times, instructors, and if applicable, other students involved.
3. Date of complaint letter and signature of the student
4. Three dates on which the student would be available for a meeting with the school admin. These dates should be within 10 business days of the complaint.

The school admin will notify the student in writing of the appointment date in which the concerns or appeal will be addressed. Every effort will be made to bring an amicable closure to the concern. Should it be necessary, a panel of instructors will hear the concerns and will be asked to assist in bringing a resolution to concerns and/or appeal. The student will be notified in writing within five business days of the outcome of the meetings. Should the contract be canceled by either the student or the school, the last date of attendance will be used as the date to calculate any refund in accordance with the school's refund policy.

Cancellation and Refund Policy (Compliance with WAC 490-105-130)

Should the student's enrollment be terminated or should the student withdraw for any reason, all refunds will be made according to the following refund schedule.

1. The school must refund all money paid if the applicant is not accepted. This includes instances where a starting class is canceled by the school.

2. The school must refund all money paid if the applicant cancels within five business days (excluding Sundays and holidays) after the day the contract is signed or an initial payment is made, so long as the applicant has not begun training.
3. The school may retain an established registration fee equal to 10 percent of the total tuition cost, or \$100, whichever is less, if the applicant cancels after the fifth business day after signing the contract or making an initial payment. A “registration fee” is any fee charged by a school to process student applications and establish a student record system.
4. If training is terminated after the student enters classes, the school may retain the registration fee established under #3 above, plus a percentage of the total tuition as described in the following table:

If the student completes this amount of training:	The school may keep this percentage of the tuition cost:
One week or up to 10%, whichever is less	10%
More than one week or 10% whichever is less but less than 25%	25%
25% but less than 50%	50%
More than 50%	100%

5. When calculating refunds, the official date of a student’s termination is the last day of recorded attendance:
 - a. When the school receives notice of the student’s intention to discontinue the training program.
 - b. When the student is terminated for a violation of a published school policy which provides for termination; or,
 - c. When a student, without notice, fails to attend classes for 30 calendar days.
6. All refunds must be paid within 30 calendar days of the student’s official termination date.

Student Records

Student records will be maintained by the school for 50 years or until the school closes. If the school closes, whether voluntary or involuntary, educational records or transcripts will be forwarded to the Workforce Training and Education Coordinating Board. Upon graduation, each student will be given a copy of his or her transcript. These records should be maintained indefinitely by the student. Students may request copies by writing to the school. Student records are available for review by the student at any time.
