

## Planning Director

The Planning Director shall be responsible for the following:

- Leading in the development of long range goals of the Association and presenting such for consideration by the Board of Directors
- Informing the Board on issues that may impact the Association, such as development of neighboring properties
- Informing the Board on potential impacts on the Association from possible local legislative changes
- Assisting in implementation of long range single occurrence projects determined necessary by the Board of Directors
- Establishing and serving on Committees that may be deemed appropriate by the Board of Directors to address issues related to the above
- Assisting other Directors on matters that may be closely associated with the above
- Assisting other Directors and serving on Committees that may be in an area of expertise or experience possessed by the Planning Director
