# Social Development and citizenship

The Kingdom of Kravinkis

*The Social Development of the Kingdom of Kravinkis is conceptualized by the understanding of the dimensions and vision strictly for the economic growth in the Monarchy, which adds to the well-being and rights of each citizen.*

# EDUCATION

Education is the process of facilitating learning or acquiring knowledge, skills, values, beliefs and habits.

The educational method includes teaching, training, storytelling, discussion and targeted research.

# HEALTH

Health is a state of well-being that the Kingdom of Kravinkis is concerned about and has a duty to, in providing all the necessary attention and procedure aimed at each person who needs it, so that they will not suffer from serious illnesses or situations of risk. . All to provide the best for the people, whatever the need for serious or light risk.

# FEEDING

It is of great importance to provide food, provide renewed supply to keep the people with the nutrients needed by the body, health, in times of difficulty, poverty, misery and everything that is necessary, so that they do not have hunger and malnutrition.

# JOB

First, there is a distinction between the individual branch and the collective branch of labor law. We have the individual right to work, which governs individual relationships, having as subject the employee and the employer and the provision of subordinate work, by individual, in a non-contingent, paid and personal way.

The collective labor law, on the other hand, is conceptualized as "the set of norms that consider employees and employers collectively gathered, mainly in the form of union entities". It is, therefore, about union organizations, their structure, their relationships representing professional and economic categories, collective conflicts, among others.

# HOME

The right to housing is basically the right to have a home. This question may seem trite to someone who has already established a home of their own; whether the house is owned or rented. But housing, property, housing are problems and issues dealt with historically in various spheres, from legal to governmental, including medicine. The Kingdom of Kravinkis has been forming projects and actions in light of this and everything that provides a better life for citizens .

# LEISURE

Everyone has the right to rest and leisure,  
especially to a reasonable limitation on the  
duration of work and periodic paid vacations".  
This is one more premise to guarantee human  
rights.

# SOCIAL SECURITY

Social organization system in which the State guarantees free access to health, education and other services.

In addition to these two meanings, providence also means early caution, an action taken in advance to prevent a situation, thus being synonymous with precaution, caution, foresight.

# MATERNITY PROTECTION

The purpose of this protection is to protect the health of the mother and her son or daughter, as well as protecting the worker of any discrimination based on her motherhood. The protection of Motherhood contributes to the achievement of three Millennium Development Goals (MDGs), adopted by member countries of the Nations United Nations: MDG 3, on promoting gender equality and empowerment of the women; MDG 4, related to the reduction of child mortality; and MDG 5, on improvements in maternal health. →

# INFANCY

For the child to develop fully, it needs to be stimulated in different ways: physical, psychological, affective, cognitive and social. These aspects are present in the everyday experiences of human beings. Therefore, if any of these areas fail, child development as a whole may be impaired.

Social development prepares the child to interact with other people, based on the construction of the following skills:

Empathy, Respect, Communication, Group Work, from the family nucleus to the school environment.

# ASSISTANCE TO THE HELPLESS

Integrated set of initiatives of the Monarchical Powers and the Kingdom, aimed at ensuring the rights related to health, welfare and social assistance.

The Social Right to Assistance to the Homeless, establishes that social assistance will be provided to those who need it, regardless of contribution to social security.
