

Nav Exercise; LOAN - LOAG - LOAN

Session Preparation:

General:

Destination Aerodrome: LOAG – Krems Langenlois

Check: AIC, AIP, NUP, NOTAMs

Check: all frequencies along the route

Important to know: TTTT:

- T = Time
- T = Twist
- T = Turn
- T = Talk

Airspace knowledge for your altitude planning.

Prepare:

- ACG Flight Plan Templates
- Time Form
- Nav Logs

- Organization for arrival in LOAG,

Approach Briefing, Approach Check, frequency change in time.

Flight Planning:

- Leaving LOAN via Sector B
- Intercept “SNU - GPS outbound - Radial” to Berndorf => INTCP with 45° from waypoint B.
- Altenmarkt
- Hainfeld
- Traisen

- Voltendorf

Tulln MTMA = cross, circumnavigate, or fly under

- Entry via Autobahnbrücke

2 Touch & Go's in LOAG

- Exit via Hadersdorf Bahnhof
- Intercept "WGM-VOR" inbound via Kreuzenstein "45° intercept after passing Hadersdorf Bahnhof"

On route inbound WGM VOR: request to coordinate the crossing of LOWW

If the crossing isn't allowed, circumnavigate around the west side of LOWW CTR and back to LOAN via Berndorf and SNU "inb. GPS Radial"

Therefore, be also prepared for a LOXT crossing and maybe one TGL at our alternate aerodrome. The circumnavigation exercise will be performed with the NAVIMAT.

In the case of LOWW crossing:

After passing Kreuzenstein continue inbound Klosterneuburg

- VFR Route KL inb. LOWW
- LOWW crossing and exit via Sector S
- Unterwaltersdorf/Ebreichsdorf
- GPS-Radial inbound "SNU" (do not enter Felixdorf 2B and overfly FD 2A)
- Prepare in-time organization of briefing, check, and frequency change for LOAN
- Continue via SNU, Pulverturm into TP B and LDG in LOAN
