# WE FIND FINANCING BETTER THAN OTHERS

## Financial Advisory Services

### PROJECT DEVELOPMENT

Involving from project inception is crucial for the project's success. Our team offers strategic solutions for the early stages of project planning and development, including feasibility study, market research, financing solutions, execution strategy, and a proper exit strategy.

### PROJECT STRUCTURING

Developing and executing financing and project management strategies. We are adept at structuring innovative, efficient, and marketable financing and contractual solutions that are 'best for the project.'

### FINANCIAL ADVISORY

The financial advisory services include financial modeling, financial structuring, and debt financing arrangements from various financial sources, including banks, credit unions, non-bank lenders, private investors, syndicators, and family offices.

### CONTRACT MANAGEMENT

Excellent supervision of projects through the design, planning, construction, and handover stages, providing consistent, clear direction to the project execution team.

## Why FINANCE with us?

- ✓ Cost efficient solutions and streamlined process for your construction projects
- ✓ Time savings by working with a fully integrated construction financing advisory team
- ✓ We support you in Design, Finance, and Build of residential, multi-family, commercial, medical, and other buildings

## About DFB program:

Our unique Design-Finance-Build (DFB) program for construction projects sets us apart as your ideal partner. We handle the design and build aspects seamlessly and arrange financing solutions that can significantly lower your overall costs.

Imagine the convenience of having a one-stop shop for all your construction needs, whether you're a homeowner, developer, or builder.
