Caribbean Organic Foodstuff Co. Ltd.

1900-1, Block 4, Carmelita Village, Orange Walk District, Belize C.A.

A MESSAGE FROM THE DIRECTOR,

My name is Kevin Xin, Director of Caribbean Organic Foodstuff Company Limited. This company was born from a simple yet powerful idea: to strengthen Belize's food security and reduce dependency on imported goods by producing high-quality, affordable food products locally. We officially incorporated on April 19, 2023, and since then, our journey has been driven by innovation, hard work, and a deep commitment to our country. COF is proud to operate a state-of-the-art agro-processing facility in Carmelita, Orange Walk District, producing flour, instant noodles, biscuits, bread, cooking oil and other commodities. Our five-year investment plan of \$675 million BZD reflects our confidence in Belize's potential. Our vision is to become a regional leader in agro-processing, working with local farmers and industries, always maintaining the highest health and safety standards while being stewards of Belize's unique and abundant environmental wealth.

Director Caribbean Organic Foodstuff Co. Ltd.

Our Vision

At Caribbean Organic Foodstuff Company Limited (COF), our vision is to become the leader in the agro-processing sector and the preferred choice for Belizeans when it comes to quality food products. We believe that every Belizean deserves access to affordable, nutritious, and locally made food, and we are committed to making that vision a reality through innovation, excellence, and sustainability. Our approach is centered on three key pillars: quality, accessibility, and national pride. We are driven by the belief that Belize can feed itself and even contribute to the region. By investing in cutting-edge food processing technology and building state-of-the-art facilities, COF ensures that our products – from flour and noodles to biscuits and cooking oil – meet international food safety and quality standards. But we are more than just a food company. We are a Belizean company with a Belizean heart. Our long-term vision is to reduce reliance on imports, create stronger linkages with our local farmers, and add value to homegrown agricultural products. Through this, we aim to support rural development, create jobs, and build a more resilient and self-sufficient nation. We envision COF as a model for sustainable, locally driven food production in the Caribbean. As we grow, we aim not only to serve the Belizean market but also to expand into regional exports, proudly showcasing the quality and potential of Belizean-made goods. To be the preferred choice for Belizeans means earning trust – through consistency, transparency, and a shared commitment to uplifting our country. Our vision is bold, but it is rooted in purpose. We are here to nourish, to empower, and to lead – for Belize, from Belize.

Brief History of Caribbean Organic Foodstuff Co. Ltd.

From concept to creation in just over a year, Caribbean Organic Foodstuff Company Limited (COF) is a testament to bold vision and swift execution. The idea was born in March 2023, when Mr. Kevin Xin recognized an opportunity in Belize's food industry. Despite having an established flour mill, Belize continued to rely heavily on imported Mexican flour — both legally and through contraband. Additionally, the country imported and continues to import vast quantities of instant noodles, biscuits, and vegetable cooking oil. Seeing both the gap and the potential, Mr. Xin envisioned the establishment of not just a flour mill, but also a noodle factory, a biscuit factory, and a vegetable oil processing plant. Market research and feasibility studies confirmed the viability of the plan, and by November 2023, Caribbean Organic Foodstuff Company Limited was officially registered as a Belizean company. COF was born. A location had already been secured in July 2023 within the Caribbean International Brewery compound in Carmelita, Orange Walk District. Ground preparation began in August, and despite some delays due to rainy weather, the site was ready for construction by November. All necessary permits, including environmental and building approvals, were obtained in parallel. In December 2023, construction of the flour mill commenced. Meanwhile, factory equipment and machinery for the flour, noodle, biscuit, and oil operations were sourced and began arriving between December 2023 and February 2024. Mr. Xin's vision was quickly transforming into reality. Construction and equipment installation progressed simultaneously throughout 2024. In December 13, 2024, COF made history — becoming one of the first companies in the Caribbean to produce Instant Noodles locally. COF also introduced "Nibbles," a ready-to-eat crispy noodle snack. Under the Manna brand, COF now offers seven flavors each of Instant Noodles and Nibbles, rapidly becoming a household name across Belize. The journey is far from over. COF is on track to launch Manna Flour by July or August 2025, with distribution planned across supermarkets and stores nationwide. With a strong foundation, innovative product lines, and a commitment to local food production, Caribbean Organic Foodstuff Company Limited is positioned to become a leader in Belize's agro-processing sector — and a rising force in the wider Caribbean region.

Our Products

At Caribbean Organic Foodstuff Co. Ltd., we are proud to offer a diverse range of high-quality food products designed to meet the tastes and nutritional needs of Belizean families. Our product line includes staples such as noodles, flour, vegetable oil, biscuits, bread and noodle snacks— all crafted with care, precision, and a commitment to excellence. Each day, our team works diligently to produce fresh, flavorful food using only the finest ingredients available. We believe that quality begins at the source, which is why we carefully select organic and locally sourced raw materials wherever possible. Our goal is to ensure that every product leaving our facility is not only delicious but also safe, nutritious, and consistent in taste and texture. Our noodles are a customer favorite, known for their perfect al dente, great taste and ability to absorb flavor beautifully—ideal for quick meals or traditional dishes. Our premium flour is milled to the highest standards, suitable for everything from everyday cooking to baking sweet and savory treats. Our vegetable oil is refined for purity and performance, perfect for frying, sautéing, or dressing salads. And our noodle snacks offer a satisfying crunch and bold flavor, making them a popular choice for both kids and adults. We are constantly working to innovate and expand our offerings to better serve the evolving needs of our customers. Whether you're preparing a meal for your family, running a restaurant, or stocking store shelves, our products are made to inspire confidence and deliver exceptional value. At Caribbean Organic Foodstuff Co. Ltd., we don't just make food—we create experiences. Every item is a reflection of our promise to bring freshness, flavor, and nourishment to the tables of Belize. Taste the difference in every bite, and discover why so many choose our products as a staple in their kitchens. We also prioritize sustainability in our production processes, aiming to reduce waste and support a healthier planet for future generations. Our dedicated customer service team is always ready to listen, assist, and ensure your satisfaction with every purchase. With Caribbean Organic Foodstuff Co. Ltd., you're not just choosing food—you're joining a community that values quality, integrity, and the well-being of every Belizean household.

Our Team

At Caribbean Organic Foodstuff Co. Ltd., our strength lies in our people. Our dedicated team of bakers, pastry chefs, food technicians, and customer service professionals are the heart and soul of our company. With a shared passion for excellence and a love for what we do, we work together to bring our vision of quality, freshness, and innovation to life every single day. Our talented bakers and pastry chefs are masters of their craft, combining time-honored techniques with modern culinary creativity. From freshly baked breads and pastries to beautifully crafted sweet and savory treats, every product is made with precision, care, and attention to detail. We believe that food is more than just nourishment—it's an art form, and our team takes great pride in creating experiences that delight the senses. But it's not just about what we make—it's about how we make our customers feel. At Caribbean Organic Foodstuff Co. Ltd., we are equally committed to delivering exceptional customer service. Whether you are stopping by for a quick snack, making a wholesale order, or looking for something special, our staff is here to help with warmth, professionalism, and a genuine desire to make your experience a pleasant one. We foster a team environment that encourages growth, learning, and collaboration. Many of our staff members have trained locally and internationally, bringing a rich mix of knowledge, passion, and cultural influences to our company. We are proud to invest in their development, knowing that when our people grow, our business and our community grow too. Every member of our team shares a common goal: to ensure that each interaction with Caribbean Organic Foodstuff Co. Ltd. is memorable, satisfying, and inspiring. Whether it's the smile of a satisfied customer or the aroma of freshly made goods filling the air, we strive to create moments of joy and connection through the work we do. Together, we are more than a company—we are a family, united by purpose and fueled by passion.

Our Core Values

At COF, our foundation is built on a strong set of core values: quality excellence, innovation, diversity, mutual respect, honesty, integrity, hard work, dependability, and safety. These values are not just words—they are principles that guide our behavior, shape our culture, and influence every decision we make. COF is more than just a company—it's a family. We believe our employees are our greatest asset, and every role, whether it's cleaning the floors or manufacturing our products, contributes meaningfully to our shared success. Working at COF is a labor of love, and we are committed to fostering a communal, creative, and safe environment where every team member can thrive—both professionally and personally. We understand that when our employees feel respected, valued, and cared for, it directly impacts the quality of our products and services. That's why we commit to treating each team member with dignity and equality. We support and uplift each other, knowing that collaboration and mutual respect are essential to long-term success. As a responsible corporate citizen, COF recognizes its role in the wider community. Through our sister company, Caribbean International Brewery Company Limited, and its CIB Trust Fund, we contribute to national development in key areas such as education, health, arts, sports, and culture. COF proudly joins in this mission to give back and uplift the Belizean community. Furthermore, we are deeply committed to environmental responsibility. We strive to operate in a way that minimizes our environmental footprint, recognizing that a healthy environment is inseparable from the well-being of our people. Protecting the environment is not just a policy—it is our responsibility and mandate. At COF, our values define who we are and where we're going—together.
