

QikClean

Annual Maintenance Program

Quarterly visits to each surface that will include:

- Checking all seams for loose ends: Hashmarks; Numbers; Letters; Logos
- Inspect fields- notate and record areas of wear or damage
- Provide maintenance report with condition updates and maintenance practices the owner should be aware of

Bi-Annual QikClean Grooming

In addition to a quarterly maintenance visit:

- Provide each field with **QikClean** field grooming: removing surface debris; fibrilating turf fibers; decompacting the surface(s)

#1 Cleaning - Start of football season

#2 Cleaning - TBD by owner (typically sometime in offseason btw sports)

*Deep clean and anti-microbial application recommended at this time.

- = Quarterly maintenance visits
- = Emergency repair service
- = Annual deep cleans
- = 24/7 Consultation on major repairs and event prep

Qikturf personnel will be able to perform scope of work above typically in less than one day per visit. This does not include possible weather delays. Subject to re-scheduling with delay.
