

The Foundation for Easton Schools

Our 2025: Revival

Refined Strategies, Renewed Dedication

Thanks to Supporters Like You, our work in Service to EASD Students and Communities continues!

EAHS Alumni Dance-a-thon

On April 26, 2026, join us for our 1st Annual Alumni Dance-a-thon at Cottingham Stadium, where EAHS alums from every generation will take on a 90-120minute nonstop dancing challenge! Proceeds from the event will directly benefit student-centric programming being supported by The Foundation for Easton Schools!

Extra-Curricular Support for EASD

In addition to programs designed to provide EAMS students with access to free workshops in early dismissal days, FFES is designing a grant program for Student Clubs. This program will enhance core-curriculum based after school programming and empower student to learn invaluable skills! FFES has also committed to supporting the RoboRovers EAHS Robotics Team, as well as Dual Enrollment!

EAMS PROGRAMMING

In early December, we were proud to facilitate our first early dismissal programming at the Middle School, providing a free basketball workshop and transportation home at the regular dismissal time for students. The next early dismissal programming will be held on February 4th and will offer two workshop choices: wrestling and dance. Stay tuned for registration details! Thanks to EACC for providing fantastic coaches for the event!

Community Engagement

Another important goal for FFES is to operate as a collaborator and in service to other like minded organizations supporting EASD and its communities. If you are interested in collaborating, or to learn more about the work we are now doing, please visit our website:
