A NEW ERA FOR FFES

The Foundation for Easton Schools has existed since 2013, serving students, teachers and programs in support of Easton Area School District. Through the pandemic and organizational shifts that are quite common in the nonprofit sector these days, the Board has recruited a new Executive Director. Ashley is an award winning nonprofit executive that also works in Bucks County. You can learn more about our new ED by scanning the QR code or clicking the link below.

With Ashley, the Board underwent a Strategic Planning Process this past August, and is now working on the implementation of our goals for the 25-26 school year. The plan includes a more

hands on approach of our efforts to support Easton students, families and communities. Ashley is working to provide direct program support to EAMS clubs and staff. With a background in the wellness and fitness industry, she plans on putting those skills to use however possible for the District. Ashley has created half-day extracurricular programming for the new middle school early dismissal days in partnership with EACC. Along with a commitment to help fund the HS Robotics team, she is also designing a grant program for EASD extracurricular clubs that will focus on empowering student to apply for grants from FFES. Club sponsors, keep an eye out for this initiative, we need you to mentor them! In an effort to connect directly with the community, Ashley has accepted a Board Director position with Easton Area Community Center, as 100% of the students they serve attend EASD. She is helping to provide support for their Drone and Financial Literacy Programs, and volunteers there when able. Please reach out to ashley@foundationforeastonsd.org with any questions, she is so excited to get to know more Eastonians!

ALUMNI DANCE-A-THON

Speaking of wellness and fitness, who could think of a better way to bring EAHS Alumni together than a DANCE-A-THON?! FFES has finalized the date for their 1st Annual Alumni Dance-a-thon which will be hosted at Cottingham Stadium. This event will bring alumni communities together through timed intervals of nonstop dancing. More importantly, proceeds will directly benefit the new initiatives of the Foundation.

The date of the event is scheduled for April 26, 2026. If you haven't already, please scan the QR code to the right, or click the link to sign up for updates. In the coming months, registration details will be announced along with opportunities to collaborate as a sponsor or partner for the event. If you have any interest in learning more about how to be involved as an individual or business/community partner, please email Ashley at: ashley@foundationforeastonsd.org

This event is truly a love letter to EAHS Alums, be there or be square!!!

WHY A NEWSLETTER?

Knowledge is power! Especially if we can use that power to **EMPOWER** other like minded efforts in Easton. For this reason, we see a newsletter as a necessary tool to foster connections, collaborations and celebrations!

While this issue delivers a lot of introductory information, future editions will save plenty of space for **YOU!**

The Red Rover Buzz is a free platform to promote drives, events, honors, and anything else that benefits our work and our many partners.

We especially want to make sure we are highlighting **ANYTHING** being designed and implemented directly by or for students.

To submit your content for publication, scan the QR code or click the link below. It will take you to a landing page and a form submission process.

This newsletter will be published and circulated both digitally and in print to EASD and Easton Area Communities. To become a distribution point, fill out the form!
