

**Omnibus Motion 4
Claims to Cancel**

Exhibit List					
Tab	Count	FinalDist Sum	Exhibit Desc	Exhibit Note	Num Strikes
Exhibit 1	13	\$ 36,035.96	Two Strikes	Two consecutive uncashed checks, per the bankruptcy plan.	2
Exhibit 2	76	\$ 52,792.45	One Strike Plus	Last check uncashed, plus lack of contact from creditor, often for years. In many cases, no contact since 2016. Many attempts to contact creditors have been made since 2016, with follow-ups. In June 2025 mass emailing and letter mailing began. Address and email confirmation were requested, with current Heller address and email info included. A change of address form for address changes was included. 567 addresses were confirmed and 561 emails were confirmed. 185 change of address forms were mailed to the court, per creditor statement. Just an email bounce or letter return was not sufficient to be included here. Further instances of non-response to post-2016 contact attempts were required.	1
Exhibit 3	20	\$ 35,153.92	Declined Payment	Creditor declined payment. Often they claimed it did not fit into their accounting system. Many other reasons were stated.	
Exhibit 4	32	\$ 22,494.39	Out of Business	Creditor firm appears out of business. California firms were researched at the California Secretary of State site. Similar efforts were made for out of state firms.	
Exhibit 5	17	\$ 21,149.70	Deceased Person, no Heir Response	Many efforts were made to contact heirs of deceased persons. Some heirs were found and contacted, but they declined to transfer the claim or make other efforts.	
Totals	158	\$ 167,626.42			

Terms	Desc
Dist7GUC6	Distribution 7, GUC 6 September 2020 for Employees
DIST8GUC7	Distribution 8, GUC 7 November 2021 for Non-Employees
Scheduled	Claim not filed, scheduled by Heller
Num Strikes	How many consecutive uncashed checks
Final Distribution	The current distribution per cent, prior to the final distribution is 64%. A likely final distribution per cent of 3% would bring that to 67%. The Final Distribution calculation multiplies the GUC Allowed by 0.67, then subtracts the sum of prior GUC distributions. This represents the amount returned to the pot, as it were, for the benefit of creditors who are not listed in this spreadsheet.
