FilmNeeds Robot Costing

X1(with track):

- Day 1:- Shoot per shift 8 hours :- ₹2,00,000/-
(Bata and operating charges included)

- Setup Day :- ₹80,000
(Before Shoot)

- Transportation ₹30,000/-
(Robot & operator Transportation)

- Gst Extra

Requirements :

- 62KV Separate Generator only for the robot.
- Forklifter need to arrange
- Earthing pit needed
- Air cooler and fan for the Robot/controls.
- Even and strong flooring. If not concrete, we would need a platform to be done by the art dept. We will coordinate.
- Crew Stay and transportation.
- For Outdoor shoot - 2 Canopy's. One should be about 10ft for the robot and one regular size for the controls/ laptop in case of too much sun or rain.
