The CCBI Difference

Who Said Life Only Happens Between 9 and 5?

Most support services clock out right when the weekend is getting started. **We think that's backwards!**

The best parts of life - social clubs, weekend events, volunteering, or just relaxing with friends - happen *after hours*. Traditional programs only offer support during the standard work week.

CCBI flips the schedule on its head by focusing *our core services during evenings and weekends*.

We meet you exactly where you want to be, when you want to be there.

Who We Serve

*For Individuals:
Level Up Your Weekends*

Coming home from work or day support shouldn't mean the end of your day. If you have weekend events to hit, a volunteer group you love, or a hobby you want to try, we are here to walk alongside you and help you navigate it safely and independently.

*For Caregivers:
A Break You Can Count On*

You work incredibly hard to support your loved one through every evening and weekend. It's okay to need a breather. While we help them get out into the community and try new things, you get a guilt-free block of time to relax, catch up, and recharge.
