WALLEYE SEARCHERS APRIL NEWSLETTER

Walleye Searchers spring seminar was held March 14, at the Eagles club in Rochester. Evan Rosemore gave a great presentation on pre-trip scouting for increase success on the water. We had many quality lots and several items that were raffled off with decks of cards. We also held a couple 50/50 raffles that went over well. Several new members signed up as well with veterans getting a free year's membership.

Membership Notes Cont.

Veterans and active duty personal had a free drawing with some great prizes donated for this. This turned out to be the best seminar to date with a record income along with our Big-Ticket drawing that also did very well. Thanks to everyone that helped on the day of the seminar. Thanks to everyone that spent countless hours asking for and collecting cash and merchandise donations. A very special thank you to Dan R and Caleb B! Without them this would not have been so successful. We also would like to thank Quintin W and Steve G for their help with the Big-Ticket drawing.

The 40 LPO is almost here! We currently have 32 teams signed up. We have switched to PayPal and Venmo for payments to the club and it has helped considerably.

WTF Where's the Fish

MN fishing is focused on late ice action, with anglers finding success on perch. Walleyes are biting in 8-25 of water. Ice contions are in good shape in Northern Mn with dangerous ice in the Southern part. Trout streams are open in the Southeast portion of the state.

Seminar Highlights

Here is a picture of the veterans that won prizes in the free veterans drawing. This drawing went over very well. We want to thank our sponsors that donated prizes for this drawing, and a BIG thank you to the vets for their service!
