

CAPTAINS

Please look over the rules, as there may have been changes. Especially, if you are new to the league, new to being a captain, haven't played in a couple years or have new players on your team.

Please make sure you also read the Roster Rules. There is no reason for illegal subs!! You don't want games taken away from your team.

It is the Captains responsibility to make sure your players know the league rules.

Please visit the website. You can print various forms, see standings, schedule, etc.

Please text pictures of league play/players/teams to me at 309-738-4537 to be posted on the website

I have shorted teams envelopes & stamps. When your team plays Crabby's 1 or plays at the same bar as Crabby's 1, I will take the score sheet & money with me that night. You will not need to mail them.

Everyone have fun this year!!

Karen
