

# Faith In God Missions

## Praising God for His Many Blessings!!!

The end of last year, one of our missionaries in the mountains of Mexico told us of a need for a good running truck to get through the rough mountain roads. We asked you all to help us pray for God to supply this need and friends we are so excited to tell you God has provided! This is a 2001, 4 door, 4wd, Dodge Dakota, recently had a new engine with only 3,000 miles! Steve and I were able to meet the missionary in Texas to deliver the truck and it is now in the mountains of Mexico delivering supplies, bringing people to church, and will be a great blessing for this pastor as he labors for the Lord. We serve a mighty God and give Him all the praise for this vehicle! Thank you, friends, for praying with us for this need.

God has accomplished so much already this year...another well in Africa is completed and the surveying for a well in another village has begun, a truck has been provided for our missionary, and progress is continuing on the school in Mexico and new church in Mexico. With all of this, we have also been sending supplies to those areas impacted by the spring storms and tornadoes across the US, and also sending funds to help the refugees from Ukraine. God is doing a great work and we are so thankful to you for partnering with us as we continue laboring for Him. Thank you for being a part of Faith In God Missions!

We are praying for you all through these challenging times we are facing, praying for those who are lost and without hope to accept the free gift of Salvation through Jesus Christ. Even with everything going on in the world, we know our God is still in control and He is coming soon!

Thank you all for your faithful prayers and support of this ministry!  
Praying For You,  
Rev. Steve & Freida Bishop  
Faith In God Missions

**Happy Mother's Day!!!**  
**Happy Birthday Steve – May 9th**
