

# Faith In God Missions

## Please Join Us In Prayer...

**Haiti:** This has been a devastating year for the country of Haiti. There has been immense violence in this country for the last few years due to civil unrest; this July, their president was assassinated, intensifying the violence. The gangs have taken over the capital city and worked their way into the small, remote villages as well. Law and order is nonexistent as the police are out numbered and out gunned. Many missionaries have left the country due to the violence; the few that remain are saying this is the worst they have ever seen the country. Not only are they dealing with intense violence from the gangs but there is also a food and fuel shortage. If you are fortunate enough to get fuel, it can cost as much as \$40 a gallon. Food is scarce. One of our missionaries still working in the country has told us that he and his family are rationing their food as much as humanly possible as they do not know when more will be available to them. The country is paralyzed from the violence and destruction of the gangs. However, as our missionaries have told us time and time again the last few months, God is still working, souls are being saved by the Gospel of Jesus Christ even in this dark time! Please continue to pray for those in Haiti and our missionaries that are still there working for the Lord in the midst of this evil!
