

# Overview of RiT Services

## Quick Guide to Locating your Ideal Service

1. *"My child is bright but completely unorganized, and homework has become a nightly battleground."*

Optimal Service: **Executive Function Tutoring**. | This signature track focuses directly on upgrading your student's daily cognitive infrastructure (planning, task initiation, and time management) while fixing their immediate grades.

2. *"We need a deep, expert diagnosis to find out exactly why our capable student is falling behind or missing assignments."*

Optimal Service: **In-Take Evaluation** | This flat-fee diagnostic service examines the root causes of hidden academic bottlenecks and provides you with a customized 90-day roadmap.

3. *"My child understands school habits but is struggling to master specific course content or needs advanced AP/IB acceleration."*

Optimal Service: **Classic Tutoring** | This targeted, subject-specific track utilizes a continuous diagnostic model to target foundational skill gaps and ensure complete content mastery.

4. *"We want a PhD educator to personally architect and ground our child's organizational systems before transitioning to a long-term tutor."*

Optimal Service: **The Doctor's Induction** | This exclusive onboarding program gives your student four weeks of intensive system-building directly with Dr. Dutilly before a seamless handoff to a hand-picked associate.

5. *"We require top-tier, high-accountability academic management and maximum face-time with our founder."*

Optimal Service: **The White-Glove Founder Experience** | This elite, limited-capacity tier provides full-scale academic management, flexible scheduling, and intensive direct instruction from Dr. Dutilly up to three times a week.
