About Us

Passionate - Professional - Invested

AscentONN was conceived through the vision of founders Mr. Venu Gopal Reddy and Dwaipayan Sarkar - Professionals in respective fields with a collective leadership experience of over 25 Years.

The plan was simple - A client centric company that provides Technology, Human & IT enabled Services and Solutions to businesses across the globe that are affordable, highly efficient, impactful and professionally delivered. The effort was towards bringing together an elite group of highly skilled professionals and leaders who could coordinate, innovate and deliver complex projects and programs swiftly and efficiently.

Gradually AscentONN has taken shape and form with teams and leaders with exceptional professional experience, hailing from a variety of cultural backgrounds and having worked for industries such as ITeS, BPO, Digital Marketing, Media, Healthcare, Engineering & Manufacturing, Banking, Software Development, Web Development, Recruitment and Hospitality...etc.

This exuberant assortment of dynamic experiences, skills, and industry exposure gives AscentONN an unmatched edge over its competitors. Based out of Hyderabad - the IT hub from the state of Telangana, India, we cater to clients from all over the world.

AscentOnn's uniqueness lies in its ability to be super flexible with business goals and project scopes that are directed by the evolving client requirements.

The Founders and the core team have previously invested and worked on other sisters firms such as 9ELEMENTS TECH and PeopletechSoft, both based in Hyderabad, India.
