

R2 600 STRAIGHT STAIRLIFT

If you are having difficulty getting up and down the stairs or at risk of falling, a stairlift can help maintain independence within your home. Straight stairlifts are the most popular but we also provide custom curved stairlifts. Ride comfortably and conveniently up a flight of stairs. Stair lifts are known variously as stair lifts, stair-lifts, chair lifts, and stair glides.

FOLDING RAIL OPTION

With the folding rail, you won't have to worry about those obstructions. The rail can be easily folded away from the obstruction, giving clear access.
