RESOLUTION NO. 1338

A RESOLUTION OF THE BOARD OF DIRECTORS OF SOUTH KITSAP SCHOOL DISTRICT NO. 402, KITSAP COUNTY, WASHINGTON, CALLING A SPECIAL ELECTION IN ORDER TO SUBMIT TO THE QUALIFIED ELECTORS OF THE DISTRICT THE PROPOSITION OF WHETHER EXCESS PROPERTY TAXES SHOULD BE LEVIED TO PROVIDE EDUCATIONAL PROGRAMS AND OPERATIONS; PROVIDING FOR THE SUBMISSION OF THE PROPOSITION OF AUTHORIZING SUCH LEVY TO THE QUALIFIED ELECTORS AT A SPECIAL ELECTION TO BE HELD ON TUESDAY, FEBRUARY 9, 2021; PROVIDING FOR THE NOTICE OF SUCH ELECTION; AND PROVIDING FOR OTHER MATTERS PROPERLY RELATING THERETO

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF SOUTH KITSAP SCHOOL DISTRICT NO. 402, KITSAP COUNTY, WASHINGTON, as follows:

WHEREAS, South Kitsap School District No. 402, Kitsap County, Washington (the "District"), is a first-class school district duly organized and existing under and by virtue of the Constitution and the laws of the state of Washington (the "State") now in effect;

WHEREAS, calendar year 2021 is the last year of collection for the District's current General Fund maintenance and operations levy;

WHEREAS, the Board of Directors of the District (the "Board") hereby determines that with the expiration of the District's current General Fund maintenance and operations levy, money which will be available for the District's General Fund during the 2021-2022, 2022-2023, 2023-2024 and 2024-2025 school years will be insufficient to provide continued funding for the District's educational programs and operations during those school years, and that it is therefore necessary that excess tax levies be made for the District's General Fund to provide funding for approximately the same educational programs and operations which were funded by the District's expiring General Fund maintenance and operations levy;

WHEREAS, pursuant to RCW 84.52.053, the District may authorize two-year through four-year educational programs and operations levies when authorized to do so by a simple majority of the qualified electors of the District;

WHEREAS, to provide properly for educational programs and operations funding, the Board hereby deems it necessary and advisable that: (1) an excess tax of approximately \$2.50 per \$1,000 of assessed valuation, to provide an aggregate amount of \$27,880,220 be levied in 2021 as part of the taxes to be collected in 2022; (2) an excess tax of approximately \$2.50 per \$1,000 of assessed valuation, to provide an aggregate amount of \$30,386,678 be levied in 2022 as part of the taxes to be collected in 2023; (3) an excess tax of approximately \$2.50 per \$1,000 of assessed valuation, to provide an aggregate amount of \$33,118,717 be levied in 2023 as part of the taxes to be collected in 2024, and (4) an excess tax of approximately \$2.50 per \$1,000 of assessed valuation, to provide an aggregate amount of \$36,096,640 be levied in 2024 as part of the taxes to be collected in 2025, with such excess taxes to be deposited into the District's General Fund and

used for continued funding for the District's educational programs and operations. The exact tax levy rate and amount to be collected may be adjusted based on the actual assessed value of the taxable property within the District and the limitations imposed by law at the time of the levy;

WHEREAS, the Constitution and the laws of the State require that the proposition of whether or not such excess taxes may be levied must be submitted to the qualified electors of the District for their approval or rejection; and

WHEREAS, the Board deems it necessary and advisable to place the proposition for such excess tax levies before the qualified electors of the District at an election to be held within the District on February 9, 2021;

NOW, THEREFORE, IT IS HEREBY FOUND, DETERMINED AND ORDERED, as follows:

Section 1. The Board hereby determines that the best interests of the students and other residents of the District require the District to place before the qualified electors of the District, for their approval or rejection, the issue of whether excess property taxes should be levied within the District to provide educational programs and operations funding for the District.

<u>Section 2.</u> To provide money for continued funding for the District's educational programs and operations as described in Section 3 below, the following taxes for the District's General Fund shall be levied upon all taxable property within the District in excess of the maximum annual tax levy permitted by law without voter approval.

Approximate Levy Rate/\$1000			
Collection Year	Assessed Value	Levy Amount	
2022	\$2.50	\$27,880,220	
2023	\$2.50	\$30,386,678	
2024	\$2.50	\$33,118,717	
2025	\$2.50	\$36,096,640	

Section 3. If the proposition specified in Section 6 below is approved by the qualified electors of the District as required by the Constitution and the laws of the State, the District shall be authorized to use such levy proceeds during the 2021-2022, 2022-2023, 2023-2024 2024-2025 and 2025-2026 school years to provide educational programs and operations funding for the District, or such other District eligible activities or enhancements, as may be authorized or allowed by law for the use of such levies and deemed necessary and advisable by the Board.

<u>Section 4.</u> Upon approval of such proposition, the District may issue warrants, bonds or other lawful indebtedness against the District's General Fund for such educational programs and operations.

<u>Section 5.</u> The Kitsap County Auditor, as ex officio Supervisor of Elections for the District, is hereby requested to call and conduct a special election to be held within the District on Tuesday, February 9, 2021.

Section 6. Pursuant to RCW 29A.36.071, as amended, the Kitsap County Prosecuting Attorney is directed to prepare the concise description of the proposition for the ballot title in substantially the following form:

PROPOSITION NO. 1

SOUTH KITSAP SCHOOL DISTRICT NO. 402

REPLACEMENT OF EXPIRING EDUCATIONAL PROGRAMS AND OPERATIONS LEVY

The Board of Directors of South Kitsap School District No. 402 adopted Resolution No.1338, concerning a proposition for educational programs and operations. This proposition would authorize the District to levy the following excess taxes, in place of an expiring levy, upon all taxable property within the District, for support of the District's General Fund educational programs and operations expenses, not fully funded by the State:

Approximate Levy Rate/\$1000

Collection Year	Assessed Value	Levy Amount
2022	\$2.50	\$27,880,220
2023	\$2.50	\$30,386,678
2024	\$2.50	\$33,118,717
2025	\$2.50	\$36,096,640

all as provided in Resolution No. 1338. Should this proposition be approved?

<u>Section 7.</u> The special election will be conducted by mail ballot. The procedures and forms to conduct the special election by mail ballot shall be prescribed by the Kitsap County Auditor in accordance with chapter 29A.40 RCW and chapter 434-250 WAC.

<u>Section 8</u>. The Kitsap County Auditor shall prepare the notice of special election which shall be published at least once, which publication shall take place not more than fifteen days nor less than five days prior to the mail-in registration deadline. Such publication shall be in a newspaper of general circulation within the District and in accordance with RCW 29A.52.355.

Section 9. The Secretary to the Board of is hereby directed to deliver a certified copy of this Resolution to the Kitsap County Auditor, as ex officio Supervisor of Elections for the District, at least 60 days before the date for the special election.

Section 10. For purposes of receiving notice of the exact language of the ballot title required by RCW 29A.36.080, the Board hereby designates (a) the Assistant Superintendent (Jennifer Farmer) telephone: 360-874-7012; email: farmer@skschools.org; and (b) bond counsel, Kutak Rock LLP (Roy J. Koegen) telephone: 509-343-4470; email: roy.koegen@kutakrock.com as the individuals to whom the Auditor shall provide such notice. The Secretary to the Board is authorized to approve changes to the ballot title, if any, determined necessary by the Auditor or the Kitsap County Prosecuting Attorney.

Section 11. The Chair of the Board, the Secretary to the Board, other appropriate officers of the District and bond counsel, Kutak Rock LLP, are severally authorized and directed to take such actions and to execute such documents as in their judgment may be necessary or desirable to effectuate the provisions of this resolution. All actions taken prior to the effective date of this resolution in furtherance of and not inconsistent with the provision of this Resolution are hereby ratified and confirmed in all respects.

Section 12. All resolutions in conflict with this Resolution are hereby repealed in their entirety.

Section 13. This resolution shall take effect immediately upon adoption.

ADOPTED by the Board of Directors of South Kitsap School District No. 402, Kitsap County, Washington, at a regular meeting thereof, held on the 2nd day of December, 2020.

ATTEST:				
Tim Winter Secretary to the Board of Directors				

CERTIFICATE

I, Tim Winter, Secretary to the Board of Directors of South Kitsap School District No. 402, Kitsap County, Washington, hereby certify as follows:

- 1. the foregoing ordinance is a full, true and correct copy of a resolution duly passed and adopted at a regular meeting of the Board;
- 2. that such meeting was duly convened and held in all respects in accordance with the law; that a quorum was present throughout the meeting through telephonic, electronic, internet or other means of remote access, and a majority of the Board so present voted in the proper manner for the adoption of such resolution;
- 3. that in accordance with Proclamation 20-28 by the Governor of the state of Washington, dated March 24, 2020: (a) such meeting was not conducted in person, (b) one or more options provided for the public to attend the meeting remotely, including by telephone access, which mean(s) of access provided the ability for all persons attending the meeting remotely to hear each other at the same time and (c) adoption of such resolution is necessary and routine action of the Board; and

4. such resolution was adopted by the following vote:

AYES, and in favor thereof, Directors:

NAYS, Directors:

ABSENT, Directors:

ABSTAIN, Directors:

I further certify that I have carefully compared the same with the original resolution on file and of record in my office; that such resolution is a full, true and correct copy of the original resolution adopted at such meeting; and that such resolution has not been amended, modified, or rescinded since the date of its adoption and is now in full force and effect.

IN WITNESS WHEREOF, I have hereunto set my hand and seal this 2nd day of December, 2020.

SOUTH KITSAP SCHOOL DISTRICT NO. 402 Kitsap County, Washington

Tim Winter, Secretary to the Board of Directors

TO: The Kitsap County Auditor, as Ex Officio Supervisor of Elections for South Kitsap School District No. 402, Kitsap County, Washington

Pursuant to Resolution No. 1338 adopted by the Board of Directors of South Kitsap School District No. 402, Kitsap County, Washington (the "Board"), at a regular meeting of the Board held on December 2, 2020, a certified copy of which is attached hereto, you are respectfully requested to submit the following proposition to the electors of the South Kitsap School District No. 402, Kitsap County, Washington (the "District"), for their approval or rejection, at a special election to be held on Tuesday, February 9, 2021. The proposition shall be in substantially the following form:

PROPOSITION NO. 1

SOUTH KITSAP SCHOOL DISTRICT NO. 402

REPLACEMENT OF EXPIRING EDUCATIONAL PROGRAMS AND OPERATIONS LEVY

The Board of Directors of South Kitsap School District No. 402 adopted Resolution No. 1338, concerning a proposition for educational programs and operations. This proposition would authorize the District to levy the following excess taxes, in place of an expiring levy, upon all taxable property within the District, for support of the District's General Fund educational programs and operations expenses not fully funded by the State:

Approximate Levy Rate/\$1000

Collection Year	Assessed Value	Levy Amount
2022	\$2.50	\$27,880,220
2023	\$2.50	\$30,386,678
2024	\$2.50	\$33,118,717
2025	\$2.50	\$36,096,640

all as provided in Resolution No. 1338. Should this proposition be approved?

LEVY		LEVY	N T	_

Subject: RE: My Thoughts

Jeff,

I prefer to discuss topics face to face, not couched within a letter missive. In this instance I believe a response is necessary. I appreciate the energy and enthusiasm you bring to the board and look forward to discussing/debating your ideas. However, I remind you that you are 1 of 5 equally elected Board Directors. All were elected on platforms outlining their constituents' goals for South Kitsap. We each speak to, live beside, work with and relate to different populations of our community. Traveling and meeting with citizens, gathering information, and sharing with the Board it is one of the most important things you can do. It is also something we all do. A word of caution, in your new role as a Board Director your publicly shared views, even shared with only a few, may be interpreted as those of the Board (See School Director Standards) and while some may agree others may not. This was a rather difficult adjustment for me having taught in the district for 28 years but I understand the wisdom. Finally, on a more personal note, I see you signed your email "Cordially". The content certainly does not reflect the adverb.

Happy to meet and talk any time, Sincerely, Liz Sebren

Cc: Winter, Tim **Subject:** My Thoughts

Hi Folks-

I hope your holidays have gone well.. I see the district is still here with only one meeting in December so perhaps they can survive without a bimonthly board meeting in the future.

Attached is a lengthly document that details what I have been up to. I have been talking to a lot of people and getting around the community. I wanted to get it to you prior to the next board meeting and our upcoming training session so you would have time to read it (if you wish to do so). please let me know if you have any questions or concerns.

I guess we will see what the weather does and see how next week goes.

Cordially,

J Daily

Hello Fellow Board Members-

I hope the holidays went well for each of you. We survived another holiday period. I thought I would tell you what I have been up to so that you are not surprised at either the board meeting or the upcoming training. If you don't wish to read this long paper, probably a good place to stop now. My purpose in writing this is to keep in touch with each of you and let you know my thoughts. I am not always the best writer so please understand that I am trying to communicate openly with you and not trying to offend anyone. So please don't take offense if my words are not the best ones.

First, I have read both of the books in preparation for the upcoming training session as I had not read their first book. I also reviewed the Carver Pamphlet we have been using at the present time. If we decide to adopt their new methodology, it will be generally where I have been going with my "metrics" and requests for information. Data by itself is useless, it is in the variances and the comparisons and measurements where the value of information is. This appears to be confirmed by the authors. I did call the authors and spoke with them for about 40 minutes as I had several questions to ensure I understood their system. I believe they are going to hit variances, comparisons, and metrics pretty heavily when they come. I also asked Mr Winter for his management style(s). He replied that it is a combination of MBO, MBE, and MBWA so that appears to me to be compatible with what the authors are going to emphasize—goals, objectives, variances, metrics, etc., so I think the proposed model will fit his style of management.

I have asked Mr Winter for a lot of data for primarily two reasons. One, I think these are the things we need to know something about (especially myself) and also to let him see what I think are the areas that we all need to be looking at. He certainly knows what he is doing and doesn't need our (my) help but we need a better source of data than the district is providing. I have spoken with the auditors and OSPI finance folks and changes are coming as the district will need to figure out how to determine the cost of programs pretty soon. For that reason, the authors recommend an external auditor as well as a separate board "clerk" to help us package things we need for "our" meetings. I will be a supporter of both of those items. How will we pay for it-something gets cut in the district- no additional cost to taxpayers? I believe that a lot of the data I have requested will be needed by us as we formulate various parts of the strategy that the authors will probably recommend to us. As you can see, this change will result in a lot of work for both the board and the district but I think it is worth the effort as it will help us monitor the district much closer without interfering in the operations and the restructured data will allow us to focus much more on long range planning, which is really our charter. I personally am excited about the upcoming training and the chance to move to a much better methodology to achieve our goals.

One thing that I am concerned about is the concept of accountability. While it is nice to talk about it; it is another thing to take action. So, I ask each of you to think about if you are willing to hold folks accountable. We have a lot of good ole boy hiring in the district and these people are not what it takes to get to the top 5. Some hard decisions will be needed by Mr. Winter as we have a lot of check collectors throughout the district. I constantly meet people who are going to quit their job to work for the district since the pay and benefits far surpass what the local businesses pay and offer. What I mean is if the district is not getting better, are you willing to part ways with folks? If not, not much reason to consider the new system. Might as well put it out there now. In addition, the concept of integrity is fundamental to the new system. We have integrity problems on the board and within the district staff. Again, are we going to do something about it? Hard to demand accountability if at the top level we lack integrity.

So, I am in favor of the new system as it is closer to what we used when I was on the Credit Union Board.

In other news, as you know, I have been visiting the schools and talking to people. I have asked Mr Winter for a "state of the district" update soon so that we know what he is seeing and what he feels are things he wishes to focus on. This will help us formulate our plans and direction where we need to head to support him. From what I have seen (not any different than you folks know), we have A LOT of needs; some huge, some big, some smaller.

1. We have schools out there doing lots with little or nothing as I have said before. So, good people doing great things with what they have been given; which in some cases isn't much. There appears to be little coordination on many things between schools and also the district. Schools do their own thing for playground needs, grounds needs, building needs,

etc. Schools that understand the grant process do better than others. If you have a supportive PTSO, you also get more. So, in most cases, our children's education depends on the PTSO and the creativeness of the staff and Principal. Not much sharing between schools on ideas that I have seen thus far. I think this really needs work.

- 2. Security remains one of my concerns at our schools. We have door locks at most schools but almost no cameras. I have been able to walk around most schools without being challenged so that doesn't make me feel good. By the time someone comes out to find me, a lot of damage could be done. In addition, vehicle entry and egress to schools is haphazard and kids are most vulnerable during recess, arrival/departure, and during fire drills. Those schools that do have barricades don't use them when they should. Badges are not worn often and maintenance and food service are not pre-announced. They just drive up whenever. Never have seen any of our "security" people except one for just a second at one of the schools. I spoke with the PO Police Chief and the KC Sheriff and both feel they adequately protect the schools as well as the community. More to it than that but the bottom line is that I question why we are spending money on our own "security" force. The woods by our schools and the use of parking lots in the back of buildings and on the sides allows for anyone to go around the back of schools where the portables generally are. For example, I do not know why we have a security person at Cedar where we have a Principal, VP, and Dean while at most other schools we have just a Principal.
- 3. I have thus far visited the PO Police Chief, the KC Sheriff, SKFR Fire Chief (a friend), the ESD 114 Director, and the PO Mayor. The main reason for talking with these people is to get a feel for their opinion on the board, the district, and how they read the public perception of us. It isn't that pretty and we have work to do. Remember, perception is reality, I am not here to debate how it happened; only what it is so we can begin to move forward. I don't want to attribute specific comments to individuals in this format but if you wish, please ask me and I will put names with comments. I received lots of comments and lots of advice which is shared below. Believe what you wish.
- a. Those leaders who have frequent contact with our community leaders hear that we don't have a plan for the district. Just what is important? For example, is our biggest issue really a new HS when we have South Colby over 50 years old; Cedar Heights 40+ years, etc. that need a lot of work to say the least. What is our long range plan for the entire district to replace and build schools over the long term and how are we going to get there?
- b. Why do we have one program at one school and one at another? If the IB program is a winner, why don't all kids have access to it? Same for Spanish Immersion, STEM, etc. What is our focus or is it just the flavor of the month. STEM is hot so we do STEM, IB is hot so we do IB, etc. Do we have data to show they work and are worth the cost? From what I have seen, IB only had 5 graduates last year. From a teacher perspective, why teach IB (a lot of additional work) when you can just teach a regular class since the pay is the same. Do we even know the costs of these? From what some folks have said, they don't believe the IB and other programs are generally working for THIS community. We have AP classes and Running start. One person asked me why IB and AP classes are not merged at the HS given the low number of kids participating in both.
- c. After 5 attempts on the new HS bond, the community is galvanized. This isn't working. We need another plan; another way to approach it; another way to engage the community. But DON'T attempt something until we have a plan that will succeed. We need a small success to demonstrate we know what we are doing and to regain community trust again. (For the record, I will support a levy IF it is well thought out, meets our highest needs, has community backing, and NO chance of failure. I will speak publically against anything that doesn't show that the district has cut manpower, cut expenses, and has not gone to the extremes to get the community involved, meaning all the SKSD staff and directors are out in the community promoting whatever we decide to move forward with.)
- d. We need to break things down into small pieces and see what the community will support. GET OUT IN THE COMMUNITY and find out what THEY want and WILL SUPPORT. Build a timeline with milestones so you can make sure you are on track to achieve your upcoming levy goal. Putting up a sign of "your tax dollars at work" is of little value if people don't know EXACTLY what you bought (i.e. not tech but 10 computers for THIS school, etc.)

- e. Education is changing. Are we building schools for the future or just repeating the past? Have we considered combining schools such as elementary, MS, HS, built all together in one place. Have we given thought to education in 5, 10, 15 years given our changing society and technological changes?
- f. Among business leaders, we don't enjoy support for having any well thought out plans. Do we have an idea of what the priorities are for the district and have we laid them out for the community to understand and have input on? Are we talking blue collar language or the normal educator babble that is becoming tiresome?
- g. We ignored our community needs and people. We are a blue collar community who make a median income of \$50+K. They get pay raises of 1-2% if at all and a minimum wage of now \$13.80. Social security COLA is 1.2%. Military raise is 1.9%. Yet, the district paid 20+% raises for everyone and administrators at least 10% in spite of making well over \$140K each. Teachers needed a raise but............... Most community leaders realized this was unsustainable from the get go. Lots of sore feelings over this. (Remember, perception is reality; Joe Six-pack doesn't care about the justification that was used). So what are we going to tell the public to regain trust and support for the future? As an aside, the bidding war for employees has to end. I have seen no data that shows that 15 year administrators, teachers, etc are willing to relocate to another school district for a few dollars an hour raise. Think about it- if everyone moves to the highest bidder, they become full, never have openings, so no one else can go there. A faulty logic argument that needs to end.
- h. We have special interest programs. Are the majority of students using them, want them, etc. What about the 2300 kids at the HS who are not in the band or choir, etc. Too many other examples to add here.
- i. Why must everyone go to college? Do we not see the shippard across the way? Do we not see landscapers, carpenters, builders, roofers, electricians, plumbers, HVAC, nurse assistants, store clerks and managers, care givers, etc. within our community?

I was given the name of a CK board member who has been part of the CK success for a \$300+M bond passage. I plan to talk with him to see how to approach things and to see how they have built their priorities for their district. I know Mr Winter has also been in contact with people in the CK district from his perspective.

I was also given a list of many of the local community organizations and POCs. I plan on talking with them and communicating our message when we have one. I am ready to be out in front of Walmart, Fred Meyer, and Albertsons to start talking with folks and get their questions, comments, and concerns. Enough for all of us to do.

I went to listen to the SK Transportation Briefing. Not really a lot there (someone important assessment) but they do have a growth plan through 2036 to address some transportation needs. It seems that roundabouts are the latest thing to solve traffic issues. Hopefully our transportation folks are following some of these developments as they do have implications for our bus routes.

I have also talked with several parents. Some pro, some not so pro. Usual opinions. Some love IB, some hate it, some love Spanish, some want other languages, some think it all is a waste, etc. People are getting their tax estimates online now. Mine went up \$636. For me, given my 1.2% social security COLA, I am out \$33 a month due to tax increases so I need to cut my budget. Others I know are worse off so this is a bigger problem for them. I know folks whose are over \$1200 a month increase. If a recession hits as it soon must, money will be an issue. The SKFR is running another levy in August, asking for yet more money. Seems folks get hit every year for something. Tim Eyman's initiative on the car tabs needs to be remembered. Folks are sensitive to taxes unless they can see a real plan for why an increase is needed.

I have also talked to several maintenance personnel. Right now, we have a system that relies on interpersonal relationships to get things done. Great people, overwhelmed and stymied by an inflexible system. This is sad.

I went to the "Art Reflections" event at John Sedgwick the other night. Very nice work but I was surprised that only 4 elementary and one JH participated. I don't know much about this event and the PTA tie into it but given the people that want to save funding for the arts, I would have expected more schools involved in this program. Perhaps it only applies to a certain segment of our population.

I went and listened to Senator Randall at her open house on Saturday. Four things of interest. Our state ranks 41st out of 50 in funding concerns of citizens with disabilities. She is looking for money to assist with disability concerns (her passon). She spoke on school based health care and talked about expanding it to the SKSD. Do we have a POC in the district who is following this? Also, did we know that education facilities can use remote testimony to address concerns to bills being discussed? Do we do this? Affordable housing is a big issue with her. Does the district have a McKinney-Vento POC who is following housing issues? And finally, she is introducing a bill regarding students and parents completing FAFSA requirements for higher education. She says WA students are leaving millions on the table by not applying. Are we following this development?

I am working on slides for the upcoming board meeting. More when I get the agenda. However, the county told me that in April, the district will get about \$10M in levy funds and \$5M in capital projects funds. So, do we know what the district plans to spend it on? I am still looking in the August budget for it. Maybe it is somewhere else that I haven't looked but I plan on asking about it along with a few other things. Also, I will ask that we not discuss the superintendent's mid-year evaluation in public. The book says to avoid it and I completely agree. We don't discuss anyone else's evaluation at the board meeting (that supposedly confidentially thing we cite but have no reference for) so I consider this to be inappropriate. I will vote against it again if we decide to this because I haven't been there long enough but mainly because it is not appropriate.

I have not heard from any of you so that means one of two things. One, on the positive, you agree with the direction I am heading so keep going. Or, the other way, I have upset some of you and you are not sure what to do next. As always, with me, the direct approach is best. I wish to be on the team and work with all of you as I see that we have a lot of issues to address and it will take all of us to do so. But, I am committed to moving forward to support Mr. Winter and his vision. He has a lot on his plate and we all need to help him succeed. It might not be your way but moving forward beats waiting and watching which is not my style. No one said a word to me about my slides so I am not sure where you stand. I asked for a hiring freeze but we are moving full speed ahead in our hiring. This meeting I will ask for a total spending freeze. We are getting ready to spend \$20M and I don't think we know how it is being spent. I haven't seen a prioritized list of how we spend our money so I have no idea if it is being spent on the most important needs we have. In any event, what happens if we determine at our training that our priorities have changed but we have already spent the money? Then what?

Finally, I am working on some things for the upcoming training. One of the things the book asks for is a number of policy items (guidance to the super) that are of concern to the board in order to monitor the performance of the district. I will bring a flip chart that has the items of concern to me (finance, hiring, firing, personnel, union, maintenance, transportation, security, budgeting, etc.). I will ask the authors at the training how to write them so they are specific enough to get the answers we need. The key as I read them is that they need to be specific so that the super knows what we want (or don't want). I gather if we do it right, we can stay out of running the district.

Sorry for the length. Still learning how to communicate in this new environment.

Cordially,

J Daily

SCHOOL BOARD CONFIDENCE - THOUGHTS

South Kitsap School District 402 School Board Confidence

SKSD needs board members who represent the community, not fringe groups who have no clue on what it takes for schools to be successful. School boards need to have realistic perspectives to set policies, then allow the professional educators to get things done.

More Productive Board Meetings The board is not meant to micro manage. Trust your staff to do the job they were hired for.

A functioning school board. It is difficult to watch the board meetings because of the toxicity and personal agendas. A dysfunctional school board does not provide the sense that our kids and their teachers/staff matter.

School Board needs to work on their image to the community and staff. Zoom SB meeting have shown this. Hard to watch. Work with the community, serve students and staff.

New SKSD Board Strong leadership, visionary, knowledgable about high quality education. and cultural diversity.

A school board that all members support the schools The are not making progress they are holding the district back

Instruct the School Board on their specific role. Some current members of the School Board don't seem to understand their role and create ill will and chaos at meetings.

The board should stick with high level policy governance. Leave the educational program decisions to the district and school level.

Board needs to prioritize and not nit pick The board has gotten so nitpickey these last few years. Isn't their job to be higher level, leave the details to the staff?

The school board needs to stick to policy governance. It is the job of district administrators and teachers to decide programming. They are the experts. Please let them do their jobs.

The Board needs to focus on their job & let us do ours. Micro-managing positions of which one has little knowledge is a waste of tax payer dollars.

Open school board meetings with audience input. Let people have a say openly and don't be so controlling of time. Perhaps just have a meeting where the community can come and share.

The school board needs to understand topics before speaking. Ex: High Cap is not open for anyone, that is not how the laws are written. Stick to policy. Or know what you're talking about. That said, ALL students should have access to accelerated learning in some form.

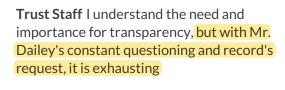

Board members focused less on Money There is a greater focus on money than the actual education of the students. The actions of some of them are terrible.

Teachers need to be supported and respected

It is important to create a culture of mutual respect

Dysfunctional School Board Our Board is not performing their job. Some don't know they are not individuals but members, their role is policy governance not micromanagement.

Reinstate confidence in our school board. So we can trust they will make good decisions for our students and staff.

Getting Daily off the board - he DOES NOT support SKSD in any way but to put up barriers for improvements and betterments for students. Nothing will get passed when he is spreading lies, negativity & holding grudges on past behavior. At what point can we move forward - he is toxic.

How do we vote for a no confidence for a school board member?

The support of our schools and the students and families Because there is not support from board members. There is a dive to to bring down all support for our students and families with miss information.

Policies and procedures that communicate priorities. You either support teachers and students of color, or you don't. Policies and procedures should clearly communicate your belief that we all belong.

Utilize the strategic plan / priority plan and stick to established focus areas.

School boards with only educators Why isn't there community members, businessmen, tax payers sitting with board? Having educators send out surveys is a joke. People are fed up.

ALL THOUGHTS - FOR BOARD

South Kitsap School District 402

Q1 "What are the most important areas to focus on as we plan for the future and continue to support students and staff?"

SKSD needs board members who represent the community, not fringe groups who have no clue on what it takes for schools to be successful. School boards need to have realistic perspectives to set policies, then allow the professional educators to get things done.

More Productive Board Meetings The board is not meant to micro manage. Trust your staff to 4.3 * do the job they were hired for.

Timely communication about plans for 2021-**22** Families need time to coordinate childcare and support for online learning (if any) that may happen next year.

A functioning school board. It is difficult to watch the board meetings because of the toxicity and personal agendas. A dysfunctional school board does not provide the sense that our kids and their teachers/staff

matter.

Clear communication inside and across the **district** Clear, consistent information is shared at all levels of the system - first w/ all stakeholders within the district and then the community.

A plan for the 2021-2022 school year. Will we back in school as normal everyday, continue with a flex model and will there be a remote **option?** It would be nice to get this information as soon as possible and not the last minute, so we have time to properly plan.

Arts We need to keep the arts going. It has been proven over and over again how it is beneficial

Teacher support. These teachers are having to do so much. They need to keep the support in the classroom. Our kids are being educated by amazing teachers. We need to keep the amazing teachers in our schools.

School Board needs to work on their image to the community and staff. Zoom SB meeting have shown this. Hard to watch. Work with the community, serve students and staff.

We need to focus on how this past year has impacted the students academically, physically, mentally, and socially. It's important to acknowledge the challenges and successes for kids and staff

I feel that all three middle schools should be offered and structure for Math, ELA, SS, and **Science.** The opportunities should be the same no matter what boundary line you are in.

Planning for the fall so parents know what to expect.

2 * = 1 + =

Respect, honor and value teachers. We are loosing great teachers for lack of administration support.

SKHS Course Selection Continue with the variety of course selection. Keep all the high level courses for advanced students. Keep all the variety of electives for all.

5 = 4 ★ ■ 3 === 2 🛊 =

 $1 \pm =$

Staff need to be informed of decisions before or at least at the same time families are **informed.** When we are informed after families, it appears that we aren't viewed as important stakeholders, and it's difficult to be excited about working in SK.

Continue maintance and upkeep of current facilities Students need to be safe and have access to new technology to stay current

Positive relationship and trust with our community. Our kids deserve the improvements and opportunities that passing levies and bonds can provide.

Community engagement Our community isn't always aware of what we're doing and how our 4.1 $\bigstar \bigstar \bigstar$ schools benefit our whole community.

4.1
$$\bigstar \bigstar \bigstar \bigstar \diamondsuit (24 \clubsuit)$$
Ranked #18 of 700

Social/Emotional Support as a Universal **Protocol** We should train all staff to help provide social/emotional support for our kids so that they can feel supported by all of the adults in our schools.

A second high school in the district Not only for class size but also for more students to be able to participate in sports.

Academic Recovery The impact of a COVID school year on long term learning; next grade preparation

Keep the arts alive in SK. It is something that benefits students academically and beyond.

Quality education for all SK students

Students are the future. Families will not move 4.0 \bigstar to SK if schools or not good

Ranked #23 of 700

Students, not money, should always be our number 1 priority

Ranked #24 of 700

That we AUTHENTICALLY consider the impact the past year has had on students and staff and REALISTICALLY make plans based on this. Staff has had an exhausting year. Students have, in many cases, had a year that has left them at least slightly behind in terms of academic growth.

3 * ==

Ranked #25 of 700

Being strong, compassionat & kind role models for our kids is extremely important. Also being someone that they feel **comfortable coming to in times of** When we show them kindness and compassion then that can create a strong individual who may feel more open to talking to us when the need arises

Ranked #26 of 700

Community support Students need to understand WHY their educations are so important. We want to help them become lifelong learners!

Ranked #27 of 700

4 🛊 🚃 2 * =

What is next? We need to know now what options will be provided for next year. Will the online option be avaliable? Hybrid? Parents need to be able to plan ahead.

When children come back to school you need to meet them where they are. For their success

prepare for trades and not just college many students are unable to afford college and from what I see trades are looked down upon vs both being important

All students have equal opportunity for quality education We have many demographics in our area. Some children may not have as much as others, but all students need and deserve the best education possible.

Challenging Students in their Education

Students need to be challenged, and classes need to be differentiated to accommodate the different levels students will be at as they start the year.

District Alignment Allowing for school individuality but keeping practices and procedures consistent across elementary/middle/high school.

Get authentic data on where students are in the fall and allow teachers to base the first weeks of school on filling some of the gaps. Starting kids with the next level material is not going to work next year.

Identify the learning gaps and invest in helping every student get what they need. We 4.0 ★★★☆ (56 ♣) cannot go forward without having a solid foundation to build on. Many students have serious gaps that need to be filled.

Improving facilities and updating materials to handle growing student bodies and modern communications methods We need to prepare our students to succeed in a modern world outside of Kitsap County

New SKSD Board Strong leadership, visionary, knowledgable about high quality education. and cultural diversity.

Safe learning environment Every child needs a safe place to learn with their peers, free from bullying, abuse, and negativity.

Teachers are valuable Our teachers need to be given whatever support they need - classroom supplies, books, technology - so our kids can be successful.

If we help kids with future goals whether it's college bound or trade schools then we will have more successful leaders for our country When helping kids with their future goals then that can give them something to look forward to as they venture out into the real world called adult li

Classroom teachers continue to be asked to do more. New ideas and solutions need to be developed to provide direct support to classroom teachers. It's in the classrooms where it has to happen. Teachers need support so they can use the majority of their time and efforts teaching kids.

Building Leadership and Accountability Each building leadership needs to be on the same page as the district's goals. Each Admin needs to follow same protocols and messages.

health and safety of the all students and staff Staff and students are the most important entity of the whole school systems, and all need the utmost support to ensure they have to proper resources.

Focus in social emotional wellness of staff and **students** To learn all must be cared for

A school board that all members support the **schools** The are not making progress they are holding the district back

Instruct the School Board on their specific **role.** Some current members of the School Board don't seem to understand their role and create ill will and chaos at meetings.

Small classes. Most students have missed out on some education, skill building, etc.--small classes can allow for more focus/help, while contributing to healthy env.

Teachers are working many additional hours to design and implement high quality education. It is very important to value and appreciate each teacher.

Improving physical infrastructure If bonds are going to pass, we need to find some other ways 3.9 \bigstar to improve our older buildings.

More emphasis should be directed towards hands on learning, different trades and vocational opportunities. College isn't the only path to success. There are going to be large gaps in the trade industries that will need to be filled as more of the older generations retire.

Opportunities for students to explore. Continue to offer a wide range of course 3 *== options at the high school level so students can Ranked #51 of 700 find a passion to follow after graduation. $1 \pm =$ The board should stick with high level policy 5 = governance. Leave the educational program 4 * === 3 🛊 📟 decisions to the district and school level. 2 🛊 🗉 We need to fucus on each student's social and emotional well-being. Ranked #53 of 700 2 * 1 1 *-Current schools need to be updated, especially our elementary schools. Some of these schools are over 50 years old. This Ranked #54 of 700 would help our kids safety and improve infrastructure to help our students. I feel it's very important to offer the best in person education for our students for the upcoming 21-22 school year! Have options Ranked #55 of 700 2 ★ ■ for remote. Kids learn so many skills in person.. socialization.. how to handle peer pressure.... how to interact with others that are different... Preparing students to become successful adults. We need to teach students to think for themselves and to be able to have goals for Ranked #56 of 700 their future **Social Emotional Health** Healthy habits need to be taught to ensure healthy adults and healthy communities Ranked #57 of 700 We need kids back in school, even the two and a half hours a day made a huge impact on 4 🛊 🚃

Ranked #58 of 700

my second grader. For their mental health

2 🛊 =

Board needs to prioritize and not nit pick The board has gotten so nitpickey these last few years. Isn't their job to be higher level, leave the details to the staff?

Community trust The District and School Board need to regain community confidence and trust. People will not support what they don't believe in.

Respect and sensitivity for cultural differences SKSD should promote a harassment-free environment.

Support staff need to also be thought of to continue running this district properly. Bus routes are already doubling up due to lost staff. If you want to keep the dwindling support staff, they need to be included in the district's plan to keep their hours so this district doesn't lose us.

That these kids deserve patience and understanding in the new school year. kids are going to be on different academic levels and that will be difficult, but if teachers aren't understanding it could be detrimental.

I am looking forward to next year offering full day in person school. Both of us parents work full time and it has been a challenge doing asynchronous work in addition to the usual homework.

Safety at school We (parents and students) need to feel confident in students' safety while at school.

We need a new high school. The population in the area is increasing and more housing is 3 * = being built. We need another school to Ranked #66 of 700 accommodate, plus elevate the current overcrowding Think beyond "getting back to normal". Now is a chance to make changes in educational methods to improve. Instead of "normal" use Ranked #67 of 700 the things learned during COVID to make education better. The school board needs to stick to policy **governance.** It is the iob of district administrators and teachers to decide Ranked #68 of 700 programming. They are the experts. Please let them do their jobs. Building trust and confidence with district administration to staff. Work to improve communication with clear expectations and Ranked #69 of 700 **direction.** Decrease stress and get everyone working towards the same goal. The Board needs to focus on their job & let us do ours. Micro-managing positions of which 3 🛊 💳 one has little knowledge is a waste of tax Ranked #70 of 700 2 * payer dollars. Mental health support It is difficult for students who have seen family members die, been cooped up for a year, still afraid, seen Ranked #71 of 700 violence in the media, and miss friends Students' mental health and wellness. So they can be successful learners! Ranked #72 of 700 2 *

Better community relationships SKSD cannot thrive if our community doesn't support us

Good teachers won't work for bad 3 *= administrators Ranked #74 of 700 2 🖈 $1 \pm =$ Equity access to academic and extra **curricular programming** Every student 4 🛊 = 3 ★ = deserves a rich school experience, regardless 2 * of financial need or learning differences 1 * A commitment to improving access to technology Technology is clearly not going away - it is essential for education to adapt Ranked #76 of 700 I'd love my kids back to school in the fall Ranked #77 of 700 1. Student emotional health. 2. Forget "catching up" to comply with academic measures and just strive to instill a love of Ranked #78 of 700 learning within each student. Consistent schedule Last minute changes aren't ideal for working parents scrambling for 3.8 child care Ranked #79 of 700 District needs to listen to those staff at the schools, within the programs, and address problems instead of saying, "Make it work" Ranked #80 of 700 Without understanding and helping to address

Securing quality administrators at all schools

our concerns, you're not helping. Saying "Other schools make it work" doesn't help

either. How?

Make sure we accommodate all types of learners - keep virtual learning for those who need this method and style of learning. Not everyone learns in the same way - we need to move with the times and update our educational platforms.

Protecting our teachers and school staff. Not only their health, but support them through this new type of school format. As parents who had to homeschool or assist with remote learning, we all learned how difficult a teacher's job is, esp. during a pandemic!

Support staff that will help us serve students who have struggled to continue growth in reading and math. Some students have the support they need to keep learning, others are struggling. We will need MORE reading and math intervention, NOT LESS!

1. Community support! When the people we serve feel valued, they will in turn value us as partners, who are fully invested in successful outcomes for our children.

Develop programs to ensure our students are college ready. Our children should be prepared to enter the workforce or rigorous college programs upon graduation.

Give online and in-person options. For families concerned about returning, give the option to continue learning online.

I am personally interested in having as much in person instruction as possible, happy to follow any safety protocol to keep everyone safe. My child needs to be challenged more than she has been with online learning. The social aspect of school is important too.

Increase the numbers of social workers, teacher aides, counselors, and nurses. There will be an increase in their services when we come back. Students will be distraught when they come back. Current rates of suicide and self harm amongst teens is 50%. It will be a difficult adjustment.

Safety for all SKSD staff and students. Focus should be on how to transition students back to the classroom in the safest way possible.

Show that you actually value support staff. Not just wages, but value the vast knowledge base of staff that support the district in almost ever aspect It's important because we have a tendency to lose highly qualified staff, due to a top down atmosphere.

Social emotional well-being is the foundation for growth as a student, a community member, and a person. Teenage depression and anxiety have increased over time and it took a pandemic to sound the alarm bells. They need more than to "be in the building."

The safety of students and staff their safety is important

We need a second high school! Our district continues to grow and our schools are grossly overcrowded, especially at the high school level. It's not healthy or safe.

5 ★ 4 ★ ■ 3 ★ ■ 2 ★ ■

What happened to the follow thru from the last thought exchange? We participate but never hear the district's plan to implement the results. Please address the plan to put the information submitted into action. Failure to follow thru shows staff that the district is not really listening.

SKSD 029

A mandatory class on handling basic finances and bills and avoiding crippling amounts of **debt should be taught.** With the amount of student loan debt out there, teaching on how to handle finances and debt could help prevent more accumulation of it in the future.

Connection with the community so that stakeholders understand the importance the school district has in the health and vitality of the community. The school district needs community support and the resources partners can bring to expand and support the education of the children of South Kitsap.

District Performing Arts Programs With nationally and regionally recognized music programs at the high school, the program needs clear administrative leadership.

Leadership We need a strong, visionary leadership team to rebuild the district curriculum and enrichment opportunities for our students.

Making sure our policies and procedures provide equity and the support that students and staff need to learn and grow. Community members access to opportunity should never be limited by circumstances they did not choose. (race, income, ability, gender, etc.)

Mental Health and Academic Achievement **for children.** The last year has been very difficult on the children's mental health and their academic achievement has suffered greatly.

Replace or repair district buildings Our buildings are very old and likely have excessive 3.8 * maintenance costs.

Opportunities for our children to succeed beyond their grade level if they are learning at $3.8 + \frac{1}{2}$ a higher level. Our 3rd grade student is "bored" in class waiting for others to finish and the teacher said she doesn't have capacity to provide her more challenges.

Treat all staff in an equitable manner. Classified staff are second class citizens. Morale.

Ranked #103 of 700

I think we need to focus on how best to help individual students with their individual needs. We need to guide them to what is best for themselves If we focus on their individual needs then they will be more successful adults. These kids are our future generation leaders who have a bright future

Mental health Poor mental health can negatively impact a student's ability to learn.

Open school board meetings with audience input. Let people have a say openly and don't be so controlling of time. Perhaps just have a meeting where the community can come and share.

Special Education It is important to build everyone's foundation so every student has the tools to succeed and feel accomplished

Dealing with behavioral problems with definite consequences to encourage student and parent responsibility for their actions. Students need to take responsibility for their actions and get consequences that fit the severity of their actions.

Staff needs to feel support coming out of the pandemic as well as mental help/recovery from the impact of being overworked. Staff are burnt out and need some grace and help.

The school board needs to understand topics before speaking. Ex: High Cap is not open for anyone, that is not how the laws are written. Stick to policy. Or know what you're talking about. That said, ALL students should have access to accelerated learning in some form.

Everyone staying safe and healthy

Quality instruction and course offerings Students need to be able to get into quality courses despite the size of the school.

Kids at all elementary and middle schools should have access to the same quality education and safe/warm school culture.
Families shouldn't need to feel the need to open enroll in other buildings - every school in SK should be a place families want to be.

Student connections It is important for students who have been isolated to get have opportunities to connect with peers.

Meeting Social-Emotional Needs of each student

Increased building of homes in our area. There will be a increase of students and we are not prepared and do not have adequate plan for what's best for students education including space.

How to meet the educational needs of all **kids.** Kids that are behind and ahead of grade level standards need help.

Ranked #117 of 700

The high school is overcrowded. I don't care about sports. Education should be the primary concern for the HS, not sports. Another HS needs to b built Class sizes need to decrease and kids should be getting more attention from teachers. You could even keep one sports team that includes both schools.

Ranked #118 of 700

Meeting academic needs of each student

Stop heavily focusing on the unrealistic pacing guides created by someone not even in $3.8 + 10^{\circ}$ the classroom. Teachers should be trusted to make decisions based on where their class is performing, not on where they 'should be' in the pacing guide.

Ranked #120 of 700

How you will plan to build a new high school or renovate the old one. The high school needs 3.8 🚖 🚖 🚖 to keep up with the new technology and moving parts in the world.

Ranked #121 of 700

To keep what is best for kids in the forefront. even if this means adding additional staff to **ensure positive results.** By keeping what is best for kids as the focus, it will hopefully create an environment that is conducive to student learning and achievement.

Ranked #122 of 700

Monitor the mental health of all our students.

The pandemic has created many issues.

Ranked #159 of 700

Students continue to learn respect and kindness Our Code of ethics no matter what religion is kindness. This is not political this is a character matter.

Ranked #160 of 700

The whole experience of school is important. This includes rigorous academics, music, art, Drama, sports, and the school traditions for fun. Students get to select their areas of interest and find school is work, but, they are in their area they think they like. And Fun is life! food too!

Ranked #161 of 700

Providing a quality Arts education for students. The Arts are very important in the development of children and they need to have that experience at all levels, elementary through high school.

I think the free meals program has helped a lot of families especially with the unemployment rates and financial hardships for families. It is important to support families especially in this time of need during the pandemic. It is my hope that things will get better for everyone.

Keep elective and CTE opportunities for high school students

Being creative about ways to meet students where they're at; not trying to continue the same kind of instruction we were attempting prior to pandemic As this year has demonstrated for teachers, trying to continue in the same way has led to burn-out for both teachers and students.

Effective, efficient leadership & teamwork
Emphasis should be focused on continuously
growing all leaders skills and holding them
accountable for civil behavior & task
effectiveness

complete transparency concerning our childrens education. I need to know that I can trust the people responsible for my childrens education.

Student Counseling There are too many students and not enough Counselors for them. If a student has an issue it should not take them up to and hour in waiting.

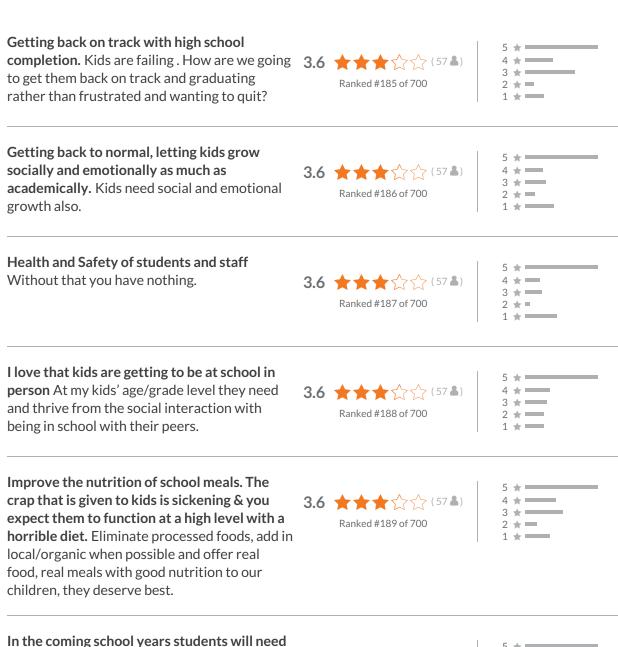

Staying healthy Clean environment, precautions exercised (masks, sanitizer, 3 🖈 distancing), more outdoor activity and "brain Ranked #169 of 700 breaks" 1 + == **Opportunities for Diverse Academic Programs** A variety of teachers teaching many 3 🛊 = domains of similar content (for ex: micro 2 * biology, marine biology, biology, etc) & a vast amount of subjects. 3. Smaller classes OR increased funding toward more support services for K-3 students. Both options offer greater Ranked #171 of 700 opportunities for more personalized and differentiated instruction, which are needed to close a growing knowledge gap. Getting kids back in school full time Ranked #172 of 700 Getting the kids back to school. Depression, academics, consistency, science says kids should be in school. Ranked #173 of 700 Getting the students caught up who have fallen behind due to the pandemic. Ranked #174 of 700 Most important is to get students back in school full time. Our kids our struggling with completing work on non school days. Ranked #175 of 700 Provide consistency for our students Make a plan and stick to it for the rest of the school

In the coming school years students will need extra help in "catching up" on things as some students may not have been able to keep up during remote and FLEX learning.

Mental health of students. Kids have been suffering being couped up.

Offer summer school as an option to get the students up to grade level. Provide tests to **determine if it's necessary.** It's a fact that the majority of students have fallen behind during a whole Calender year of "other" learning. Make it a free option.

Staff input should be sought when decisions that impact their safety and working **conditions are being considered**. I don't feel respected or valued when my input is sought after decisions have already been made.

Teachers need to be supported and respected It is important to create a culture of mutual respect

Advanced programs for students. My child would love a group to be pulled out and be pushed with other kids from other classes that share her level If we put advanced kids in other schools they will not be there to help pull the lower levels up. We still need to push them but in their own school.

Continuing to keep students and staff safe and supported. We cannot focus on learning if we are distracted by concerns of personal safety.

Extra help and time if not succeeding Encourage effort to try hard

I feel High school kids only going to class two days a week is unacceptable. My daughter did 3.6 ★★☆☆☆ (56 ♣) much better on zoom where she had contact with her teach ers 4 days a week. 3 days on their own is to much down time. They need to have instruction atleast 4 days a week.

Less computer time and more active learning in class. Can we get the kids off the computers while they actually do have class time with the teachers? And locking out access to games on the google chrome?

Make options available. I know some people have concerns about returning to school. Continue to make online school available to them but let others return full time

Schools are students support system Students with tough challenges at home have no one to turn to for help

Teacher Discrepancy vs Pacing guide will have to be the new norm to get our kids engaged in quality education- not just quantity of lessons or making it through a curriculum/module. Personalized instruction to get our kids to mastery is necessary with the huge gaps created by the pandemic

Ranked #202 of 700

Keep masking and safety measures in place until kids can get vaccinated. Protect our children and keep community transmission low.

Social and emotional well being of our kids is just as important as academics. It is not healthy for our children to be isolated from peers. Depression in children has become the new norm and that is not ok.

District wide aligned MTSS system in which students with disabilities are a part of at all tier levels To ensure equity and access for all students. To ensure students with disabilities are general education students first and are fully included

Ranked #205 of 700

Title teacher there are many times I do not have the research based intervention systems Ranked #206 of 700 that will best for the needs of the students I serve. Everyone's health and safety. Ranked #207 of 700 **Updating and replacing facilities.** Students need state of art facilities for optimum learning. Ranked #208 of 700 Orientation for students new to SKHS Students need opportunities to feel comfortable and connect with others Ranked #209 of 700 Please keep safety from COVID a priority. Masking is especially important. Student and community health Ranked #210 of 700 2 🖈 💳 Continue pathways for all students CTE and allow options and quality engagement 3 *= Students prepared to enter the world with a Ranked #211 of 700 purpose Safety protocols, while getting some sense of **normalcy back.** Helping those students and staff who are having a hard time mentally. Ranked #212 of 700 2 🛊 = Support for students to fill the gap of the past year. Students have been out of school for a year and staff need to provide support to fill Ranked #213 of 700 the gaps without blaming students for the gaps.

Provide necessary curriculum to all staff. As a

Continue to offer Open Enrollment Each family has unique needs and by continuing to offer this option you are providing support for differences.

Teachers need to understand kids backgrounds. My kids have been through so much, teachers need to watch to be sure they're not being teased or bullied Every child deserves to feel safe at school. Kids need to know that if they report harassment, something will be done & they will be protected.

Safety for everyone. It is important to stay healthy and safe so we can return fulltime next 3.6 \bigstar fall.

I think we should retain a form of online instruction. Some families and students are thriving with this form of instruction. It can be one of the many ways to reach students. We offer explorer academy, why not add online to offer for those families and students that it helps

Students need to be back in the classroom The students who need the most help are the ones who miss the most zoom meetings.

The most important areas to focus on as the school district plans for the future is to help all students succeed and open communication the team. Open communication with staff, students, and parents are important to support the student's needs.

for our children, staff, parents, and the 3 * --community from the Covid-19 pandemic. The Ranked #220 of 700 2 🖈 hybrid flex model and remote online learning 1 += has been a good method to use to continue supporting education for our learners. Grade level alignment between schools Students in 6th grade, for example, should not 4 * 1 3 🛊 = have vastly different instructional content Ranked #221 of 700 2 🖈 depending on their home school 1 * Giving the young adults hands on experiences 5 * = for life. They need hands on in order to learn 4 * skills. 2 *= Patience, understanding, and support for **everyone**. Everyone is doing their best to 4 * == navigate these uncharted waters. Stress will Ranked #223 of 700 2 * benefit no one. 1 *-**Dysfunctional School Board** Our Board is not performing their job. Some don't know they 3 * === are not individuals but members, their role is Ranked #224 of 700 policy governance not micromanagement. **Typing class.** Should be mandatory cause the 5 🛊 = amount of time kids spend on computers and 4 🛊 = 3 🛨 they still can't type very well. I think that our district can help counter the fear-mongering of the major news outlets by communicating a balance between caution and confidence. We can counter that fear by confidently moving forward and continuing to point to the most current CDC guidelines, and by being the reassuring voice.

I would like to see the students back in school in person by the fall. So many students are falling behind, they missed an entire year of in person learning, they can not get even farther behind.

Learning gaps that are not met at the grade level. I would like to see my child develop with all the extra help that is needed to stay on track with other peers.

Meeting the needs of students who have struggled with remote learning We do not want them to fall more behind than they have to - playing catch-up may be challenging

Schools do a great job accommodating I am grateful for and impressed by the creative ways teachers have managed accommodations for my children during remote learning.

State of Washington needs to step up to get the school built Out community is an aging population as well as a large portion of low income families. They will not agree to add taxes to build a new high school.

A reading program needs to be enforced. More reading to children. More opportunities for children to read. Research has shown that this is the most important factor in learning.

5 ★ 4 ★ 3 ★ 2 ★ 1 ★

Ranked #249 of 700

Keep some online options for the regular school, not just in explorer or Discovery Flexible learning has been very positive for my kids

Make a plan for next year Rather than robbing students who have been working all school year of their breaks (and the parents who have been helping them), make a plan

Sports, clubs, all the extra learning focus groups, and fun activities need to be happening. Kids benefit from the fun side of learning - to balance the difficult learning subjects.

Students are able to reach the goals set by the school district. Does the curriculum match the $3.5 \implies \implies \implies \implies \pmod{56}$ grade level the students are at?

That we strongly consider that some kids and staff prefer online learning and thrive in it. Our district will be stronger in all ways if we offer families and staff options that work best for them. More will stay in district.

3.5
$$\bigstar \bigstar \bigstar \diamondsuit \diamondsuit (56 \&)$$
Ranked #255 of 700

The kids need more one on one time with the **teachers.** The kids are not getting the skills they need by the teachers having to teach 2 different groups the same thing at different times. They need more.

Ranked #256 of 700

We need to promote outdoor exercise or make it mandatory for the schools. Without making kids go outside and be active, they're not getting a decent amount of activity in. We are encouraging video games, sitting, and obesity

Facility updates (Cedar and Burley). Safety of schools. Pay/Support strong teachers. After school help/tutoring for kids. Mental health and nutrition. We need to keep/get quality teachers, provide safe environments, and creat healthy kids ready to learn. We need to invest in all kids, not just a few.

I see the importance of getting everyone back to school for socializing and learning, but in a safe and healthy way. We need to keep everyone healthy.

Online learning is a great option for students who are high achievers and are self motivated. Students would have so much more freedom to explore other learning opportunities, go at their own pace, develop new skills they may not in a classroo

Sanitation I would like my child to go from online to on campus next school year and would feel better about it if the school is sanitizing high traffic areas.

Student and staff safety Safety should always be the first priority. Staff cannot teach effectively and students can't learn if the environment around us is not safe.

5 ★ 4 ★ 3 ★ 2 ★ 1 ★

We need another high schoool Academic excellence

5 ★ 4 ★ 3 ★ = 2 ★ = 1 ★ = 1

Ranked #263 of 700

We should look at what has been successful for our students during remote and continue to implement those strategies. (online/ PT online, etc.) Schools need to start doing a better job of looking at how student perform best and move away from a one size fits all model.

The in person students cant zoom into their classes when they have to quarantine, what can we do differently in the future? High school is already only receiving 2 work days, and when they miss those theres no way to get caught up after missing 2 or more weeks of school.

All elementary students needs should be served equitably and skillfully in their home buildings. Whether they are highly capable or a Special Education student, students should be served skillfully in their neighborhood school.

Returning kids to in school learning Daily interaction with school staff helps to identify

issues with kids such as abuse. Also kids who

may not have enough food, sleep, or safety.

Ensuring staff take care of themselves after a very rigorous learning curve. I am so proud of the hard work our staff embarked on.

Focus on current curriculum, supports, professional development. For recovery of student learning, no new changes in curriculum. Rather reinforce current curriculum, add staff and student support and PD.

Ranked #269 of 700

Returning kids to in school learning Going to school, having set class schedules creates routine. It also creates a need to be active. Recess, PE, walking to and from classes.

Ranked #270 of 700

actions. If they aren't doing their job or doing it poorly, take the necessary steps to hold Ranked #271 of 700 them accountabl Safety Kids should be allowed to learn with peace of mind, and parents. Reinstate confidence in our school board. So we can trust they will make good decisions for our students and staff. Ranked #273 of 700 ALL buildings past their safe and functioning **life span.** seems the district is continually trying to catch up with repairs rather Ranked #274 of 700 thanbuilding the buildings our students deserve. Comunity support for our schools low support for levy, negative reports in papers, covid has mde schools a scapegoat Ranked #275 of 700 **Listen to the Science** The Scientific community is still learning about COVID-19 and we know more than we did last year. Listen and follow Ranked #276 of 700 the new guidelines Mental Health a lot of people's mental health is worse than its ever been bc of the pandemic. This will effect schooling/grades. Ranked #277 of 700 Accommodate it. Open Communication forums for Difficult and Confusing events that have taken place over the year Teachers, Parents, Students, and Staff Ranked #278 of 700 need to be able to talk about what they have

Start holding staff accountable for their

seen in the Media to adults who have patience

to listen

Safety of students and staff #1 Nothing is more important than that.

Getting Daily off the board - he DOES NOT support SKSD in any way but to put up barriers for improvements and betterments for students. Nothing will get passed when he is spreading lies, negativity & holding grudges on past behavior. At what point can we move forward - he is toxic.

Provide additional characters in the "why it is **important section**". Asking for someone's input and then not providing adequate space for a response demonstrates a lack of interest in the details.

Returning students and staff to buildings safely. I am directly impacted as I work in a middle school. The more we can return to buildings, the better.

Stop with timed state tests. Have a week where each day a test is administered and you 3.5 \bigstar have the day to complete it. Stress adversely effects knowledge which gives inaccurate evidence in student learning. Many students aren't reaching their full potential due to this

More Political Discussion In classes Students should be allowed to discuss how they feel about current and past politics. A student should not be told to shush or step outside.

Student and staff safety; student academic rigor; staff wellness Goals cannot be met without the above

Continue non-alternative ed remote learning for those who want it. Some kids do better		5 *	
Connection with families starting at the elementary level and continuing whole career in SK schools.	3.4 ★★★☆ Ranked #291 of	0 14	=

Don't expect the cleaning at the level it is at Ranked #300 of 700 currently with the manpower at hand for the

future of a full oad in the classrooms. Please open up and let the children interact with each other. This is crucial for social development. Children are showing signs of Ranked #301 of 700 stress from this.

Student emotional health after a year of dealing with COVID and missing out on teen life.

Teachers are being blamed for the reason students may be falling behind when in fact, it 3.4 \(\phi \phi \phi \phi \phi is due to a pandemic and government mandated. We need to push back a bit on parents who are not being held accountable for their child(ren) not showing up. Teachers ARE teaching!! Back staff up!

The students being in school full time. Being around their peers. This is a hard enough time and we should try to get things as back to normal as possible.

Training for SPED programs in GenEd **curriculum.** Teachers and paras for SPED have no training on Wit & Wisdom, & we are being expected to support students w/out training.

Communication Similar to mind mapping, talk and share. Portions of many ideas may work in other areas.

I believe our district needs more guidance for math teachers K-12 due to our SBAC scores decreasing at such a fast rate after 3rd grade. All of our IS's at the middle level are ELA focused and there is no Math IS at the district office to support math instructional practices.

I think getting kids back in school full time is the #1 priority To get them back on a regular schedule, keep their academics up to par.

Inclusion Being more inclusive to 1 parent house holds, divorced parents, working parent households when it comes to hybrid and online Ranked #309 of 700 Kids get back to making them important. It's needs to be more about the kids than the unions and teachers. I'm sorry but it's their future, for staff it's just a job for most. Kids need to be back in school full time next year. Summer school should also be available to help them bridge the gap if the family Ranked #311 of 700 thinks its needed Kids need to be in school for the socialization Depression and suicide rates are at an all time high, these kids are not used to being so lonely Ranked #312 of 700 and isolated. More venues fit learning We must adjust to how students learn. If that means online and in class or a mix of both then let's meet that need. Ranked #313 of 700 Not everyone is meant to sit for Please continue online learning program. While I understand that online learning has been a nightmare for some families for others, Ranked #314 of 700 like ours, it has been a really amazing thing. **Proper training in use of technology** So much has happened in the last year that has made many of us into "digital teachers and learners" Ranked #315 of 700

without any needed training.

Realize the serious behavioral issues, depression, anger, confusion, and suicidal ideation that children are going through right **now.** Kids have to have a greater sense of security and normalcy if they are to learn effectively. They need all-day school and faceto-face socialization.

Ranked #316 of 700

Bring before and after school care back to all schools that it was in before COVID. Working parents need help with childcare options.

Continue with procedures to keep students and staff healthy. I think that the district has done a great job with their diligence in preventing spread in schools.

District wide PBIS embedded into MTSS system Our students are struggling with social emotional learning and there is a need for trauma informed practices implemented Prek-

Don't Bore Students Students who are prepared to move on to the next level shouldn't be made to wait on those who aren't prepared. Keep students moving at their own level

More inclusion of children with developmental delays and disabilities instead of segregation and treated as Gen Ed students first. To build a more accepting community that understands and appreciates the differences of others and prevent stigmatazation in society.

Opening the schools to full time scheduling again and getting the kids the in-person support they need. Students are getting lost in the chaos of online and hybrid learning. Parents are struggling trying to manage work and school.

Providing enriching instruction to students of all levels and including environmental conservation in that. These kids are future leaders. We need to instill a sense of environmental stewardship now to preserve our planet for future generations.

Ranked #323 of 700

Safety Following appropriate precautions to
keep students and staff safe is of the utmost
importance. Protect those who can't be
vaccinated.

The high school students in school more My son only has school work the 2 days he attends school. He learns nothing the other 3 days of the school week.

There needs to be a more objectve selection process for district adminstration personnel. SKSD has an ongoing history of "hiring within it's ranks", which can and does sometimes miss out on more highly qualified applicants.

continued emphasis on keeping staff/students healthy Whether it's COVID or just the flu, the more we keep people healthy, the more they can be at work/in class to learn.

Districts need to communicate with eachother better Faculty are using many different instruments and not talking with other teachers in other Districts about what is/is not working. Missed opportunity.

Ensuring ALL students are recieving the education they deserve. I feel that having classes only 2 days per week just isn't enough for some kids.

3.4
$$\bigstar \bigstar \bigstar \diamondsuit \diamondsuit (55 \triangleq)$$
Ranked #329 of 700

Get rid of Wit and Wisdom!!! Please do not continue this curriculum it is absolutely terrible. This is ridiculous to pay for other teachers to make videos for our teachers to play on screen. Both my children and my family can not stand this

The kids need to be able to have physical **books along with computers.** The physical books will help with retention of information, ease of eyes on a computer screen, and problem solving more than just Google.

Evaluate each student's knowledge. If our kids are not ready for the next grade level, they should repeat the grade level.

Giving students with needs for services (Special education, ELL, Speech, OT, SOAR/AVID/etc supports ALL!

Disproportionally, students and staff of special

services are denied materials, personnel support, clerical/legal support, best practicesreform +ppl

The areas that need to be focused on is getting the kids back to all day all week school 3.4 $\bigstar \bigstar \bigstar$ days The kids in school need to have social skills just as important and vital as intellectual skills. They need from their teachers trust and support.

Being proactive rather than reactive. It has been the opposite for the past year and created a lot of unnecessary problems.

Getting kids back in school full time It's important for their mental health.

School buildings need to be remodeled and/or **new ones built.** Our buildings do not communicate to our kids that the community values education. If the community doesn't, why should they?

Online learning options I want my child to continue to have the option to learn by the online methods setup as an alternative to in person education.

Continue to complete Capital projects and report on these items to the community in a **timely manner.** The School District still has a credibility problem that they need to continue to address.

In K-2, students need more small groups in reading not less. Wit and Wisdom takes so much time that everything else is put on the back burner. I don't have enough time to work with my students at the level they are reading at. My reading groups now get 2 or less groups a week instead of 2-5.

Ranked #340 of 700

In K-2, we need more time to focus on foundational reading & writing skills & supplement with W&W instead of the other way around. My students made less growth in being able to read and write independently last year than ever before (looking at data prior to going to remote).

No more half days. The kids need the full school day. The subjects they are missing are so important.

Ranked #342 of 700

The support of our schools and the students and families Because there is not support from 3.4 ★★★☆ board members. There is a dive to to bring down all support for our students and families with miss information.

Ranked #343 of 700

Bringing students back safely The students need the community of their friends and the in- 3.4 * person help from teachers without the fear of passing illness to their family.

3.3 ★★★☆☆ (58 &

Ranked #371 of 700

The kids need more social events than zoom events. Zoom doesn't replace actual interactions with their peers. They need to build bonds with classmates more than 2 hours a day to build a strong link.

3.3 ★★☆☆☆ (58 ♣)

Ranked #372 of 700

They need to go back in full time. This has been detrimental to families and the kids.

3.3

Ranked #373 of 700

We are looking forward to our kids being able to interact more with the other students next year. This is our oldest son's first year of kindergarten and he only talks about one other student as being his friend. He should have more friends.

Back to full time school for those students comfortable in person Would love to see full days back for our kids. They need that learning time and interaction.

Get a better meal plan! The food quality is terrible. Can we get lunch staff cooking or is that not a reality anymore? That shipped in food is bad. You are feeding kids high sugar, high saturated fat foods. How is that setting up a healthy lifestyle? Kids deserve better!

Get the kids back in school time!

Getting kids into a brick and mortar school at least part time. It's important for actual physical social connections and support programs that they wouldn't get otherwise.

High School Teaching Standards COVID schooling as made the differences in parent contact, grading, expectations, etc extremely evident.

If the district continues with online learning, keep students with their school and a teacher associated with their school. This is important for the student to feel a part of their school. Also to still have their schools specialist teachers for Music, P.E., and Library.

If there were a shift to online again, nice to have different plan for hands on classes. Hard to do online, needs better option. We can not leave kinetic learners, for example relying on online learning

Policies and procedures that communicate priorities. You either support teachers and

Policies and procedures that communicate priorities. You either support teachers and students of color, or you don't. Policies and procedures should clearly communicate your belief that we all belong.

The school board and administration should have a more diverse representation; there appears to be no non-white personnel. It is crucial in this day and age to have some cultural diversity and representation at all levels of staff.

Equity training We need to continue to have the tough conversations. Nuturing Inspiring Building Community relationships let's represent that and not just say it

Family engagement should be a priority. My daughter enters middle school next year, after talking with parents that have had horrible experiences with bullying and no resolutions I am leary.

Flexible learning structures I think with the unknown of COVID we should remain having flexible learning options for students.

Full time school needs to be an option for families who think it's best for their kids

3 *= 2 🛊 🚃

More support for IEP services especially in remote learning situations Receiving the services outlined in IEP maximizes the student's potential. Not receiving them causes regression and lost skills towards meeting goals

Ranked #409 of 700

social and accademic adjustment when students return to school Many students, especially k-3 have not been in classrooms with peers

I.D. the most useful assessment tool and find out where students' knowledge really lies.

Consider blended classrooms, or cross grade Math/ELA groups. Student learning & catch up needs to continue with innovative approaches. One size/"back to normal" will not fit all. Maximize new technology skills.

Continuing to provide both online education and in person education. Some students respond better to online instruction than in person instruction and made tremendous growth. Other students need in person.

Looking at our schedule and adapt to be more efficient for students and teachers. I think it would be a great idea to keep Wednesdays as a collaboration/reach out/planning day for everyone in the district and have school 4 days.

Grade input Teachers need to enter assignments in a timely manner

5 ★ 4 ★ 3 ★ 2 ★ 1

Students Continue in person learning with live teacher instruction. My student needs to ask questions and engage. Online, she searches for the answers, but does not feel that she is learning or retaining info.

5 ★ 4 ★ = 3 ★ 2 ★ 1 ★

Using hybrid on overcrowding We have been successful at a hybrid approach - the district should review opportunities to reduce overcrowding with hybrid learning schedules.

Ranked #416 of 700

Getting our kids back in the classroom full time. Our kids deserve a complete education model that will not continue to cause delays in learning.

I think the school district should use a PBIS model (Positive Behavioral Intervention Support) to help students at all levels. It is very effective. It is important because I have seen positive outcomes (e.g. increase in performance & test in Math/English, less bullying, less detention/suspension).

Differentiated options for math/reading at the middle level for all students based upon ability. Just because a student doesn't test into Hi Cap doesn't mean they shouldn't be part of an accelerated program based on achievement and work efforts.

I think having learning support time and remedial periods is a great preventative strategy so students don't get far behind from their education. This is important because they can use that period in school to catch up and prepare better for big tests or quizzes. Students can practice at home.

Focus on hiring the best possible people in every position. Everyone must share the same vision as the superintendent and be brave enough to state so. Should not matter which labor union they belong to.

5 ★ 4 ★ 3 ★ 2 ★ 1 ★ 1 ★ 1

Keeping students engaged in learning First, I think the 4 class quarter system has worked for my student in keeping her interest and not getting bored with her classes.

5 ★ 4 ★ 3 ★ 2 ★ 1 ★

Ranked #422 of 700

Adjusting schedule to new reality Asynchronous Wednesdays are useful and
needed time.

Ranked #423 of 700

Continuing safe learning options - like online learning. Some of us still are not comfortable sending out student back to school.

Embrace Cultural Diversity. We need more diversity in our schools/district level.

Get the kids in 5 days/wk. These kids are not learning enough having 5 days off per week. They say asynchronous work but it is not. Teach our kids! There is not any structure with school 2 days, the other 5 days they're disconnected. How are we even teaching all the content that is required?

Getting back to full time in person school. The quality of education our children receive and their success in our system directly impacts their future.

Independence I would like to see staff and teachers help my child transition from online schooling so that they feel comfortable.

Making sure kids are back in school. This is beyond ridiculous. Students are going backward. Not sure who the genius was that decided 2 days is Better than 5. How is this better for students? Get our kids back to full time. Mental health is deteriorating fast in these kids.

The half day system does not work AT ALL for working parents. I work full time and am expected to come home, teach my children, study with them and complete homework.

4 ★ ■ 3 ★ ■ 2 ★ ■ 1 ★

Ranked #430 of 700

follow through with plans Actions do speak louder then words

Getting back full time! At-home schooling is becoming an absolute train wreck, trying to manage 4 different kids. They need to be back in school!

Getting students back in school, which of course is dependent on vaccines. Our son does well on computers, but falls behind when he's not held accountable through face-to-face interaction with teachers.

I think the number one thing the school district can do for the future is just make sure hand washing is number one importancesick kids stay at home. To keep everyone as healthy as possible!

Math It is foundational to learning

More inclusive/ diverse curriculum It's important that students are exposed to curriculums that highlight a vast range of cultures and ethnicities.

STAR assessments aren't beneficial to me as a teacher or students progress. Given too much and it is hard to use scores to plan instruction when only 1 or 2 questions are used to determine mastery on a topic. Kids guess.

Safety Covid vaccinations aren't available to kids yet

Safety for staff and children. Clearly outlined protocol for COVID protection, active shooter situations and/or bullying/inappropriate Ranked #439 of 700 behavior in class or on buses. Students need to be in the school Emotional and intellectual Teachers do better teaching in classroom full time and kids do better learning in classroom **full time.** To raise the standard of expectations Ranked #441 of 700 back up to what they should be for the educational system. To find a way to get all the grades back into school, more then what they are doing now. The four 1/2 days seem better then the 2 full Ranked #442 of 700 days. Online school is not working. Creative problem solving Multiple stakeholders need to be invovled at all levels for comprehensive solutions and buy-in Ranked #443 of 700 Keeping kids in the appropriate levels. I have a child in 2nd grade that can read very well. Kids in her class can't read. So the teacher Ranked #444 of 700 can't help. If kids are not in the appropriate grade based off skills then if holds everyone else back. These teachers shouldn't have such a broad group to teach.

Kids returning to 5 days a week Social interaction! I am all for staying with the AM/PM programs that are in place now, but it would be nice to see them be able to be at school 5 day

Promote a healthy lifestyle. Education on a healthy diet and exercise is critical to their future and obesity is on the rise and leads to Ranked #446 of 700 multiple comorbidities. Quit buying curriculums without discussing it 5 🛨 = with parents or teachers. Wit and wisdom and 4 🛊 🚃 3 * === Fundations are terrible. Kids.... feeling important, comfortable,

I think the kids need to go back to school ful
time. They are exposed to too much screen
time

Look at a year round schedule - prevent learning loss and teacher burnout. We know that students have great learning loss over the summer vacation. Extend the school year and add smaller breaks throughout the year.

Make Google Classroom use mandatory, **concise communication** Better real time tool vs Skyward to identify missing work. Consistent in person to online transition. Alleviates excessive redundant emails

Please lower the amount of work. Screen time is so unhealthy.

4 day week allows for cleaning mid week and weekends, collaboration, and extra individual **help for students on Wed.** Having a 4 day week for students works well in many ways but we need more kids back in the schools.

Expanding school hours for more in person learning. It's important for their emotional well 3.1 \bigstar \bigstar \bigstar being as well as their academic needs

Fewer emails saying, I know this is hard

Focused, concise communication addressing issue directly. Can not tell you how many emails had me follow up on same info multiple times unnecessarily

Focus of simple writing and penmanship while at home instead of an overload of paragraph writing. My children need positive Ranked #492 of 700 things to be journaling about not having to write essays on ridiculous books and concepts. Get the kids to school. No more zoom. No more part-time. Enough already. Full-day school 5 days per week. My son has suffered Ranked #493 of 700 because schools have taken a year off in supporting their students. Kids aren't "behind" and they don't need to catch up We're better as a community if we stop stressing that kids are behind. It just adds Ranked #494 of 700 more damage. Why not just our teaching to meet them where they are Middle school is a time of building social. This group needs time in classes together to learn to work together for social. Not many have Ranked #495 of 700 excelled in this remote. **Support for dyslexic students** 1 out of 5 students are dyslexic Ranked #496 of 700 Teachers and administrators ALL need to be held accountable to the State Standards of **education.** State Standard meassuring tools

ensure mensurable data collection to track students growth and progress.

The district has done a remarkable job of bringing in ELA curriculum that is based on the science of reading. However, it's concerning that resource teachers still have not been trained in Wilson to be able to implement with fidelity. Training is critical.

Ranked #498 of 700

The program was never meant to be remote and it has very little benefit to those students who are now struggling. It isn't fair for them.

The students should be in class 5 days a week full time. Especially High School where their **grades count for their future** If a teacher does not feel comfortable teaching in person they need to be let go. Any other job would fire employees who do not want to work

Understanding racial bias in our current curriculum History and ELA novels are full of impicit bias and we need to make sure we are having the discussions to teach that it's just one view.

Utilize the strategic plan / priority plan and stick to established focus areas.

Clear communication between departments and teachers/programs. OSS is not following their program mandates and are combining programs, w/out the needed materials or training to teachers and paras.

Elementary k thru 5 needs in person Remote doesn't work. Im teaching a 5th grader because 3.1 ★★★☆☆ (56 ♣) teacher has no face time learning. Just assigning work. Im paying private next year.

4 🛊 📟 2 * 1

Gen Ed teachers are largely uninformed about the identification of dyslexia. They make judgements based on inaccurate beliefs. Every teacher needs PD in how to help because dyslexia impacts 20% of our students. They don't know what they don't know, so educate them!

Realistic specialist requirements

The kids should be able to have breaks from their masks especially if they go back full time. 3.1 \bigstar Cleaning the schools should be top priority. Keep the kids happy and engaged and keep everyone healthy!

Wit and Wisdom teaches critical thinking My elementary kids are discussing books and issues, and writing essays they can be proud of. This is so much better than worksheets!

Wit and wisdom needs to go!! We have strongly thought about leaving South Kitsap School District for elementary school simply because of the negligence of using such a curriculum.

Cultural competencies Our community is much more diverse than our school staff, that needs to change

Gang activity is increasing among younger students, we need school wide innitiatives starting at elementary & middle Middle Schoolers are being recruited for gangs we need a plan ASAP for the gang problem, at the HS level it is too late it needs to start young

Get kids back in sports WITH games and go
on field trips! Get kids active! If we can all go
out in the community and travel, so can the
kids in school! Enough sacrificing the kid's
physical and mental health.

We are setting them up for future failure

Young children are getting behind in learning very early in their education which they may never recover from. They need to get back into school

Good quality teachers and for my son not to get bullied his first year there

Be a School District that actually teaches kids the truth from both sides. Not just from one side. Stop erasing or trying to erase History. Kids need to learn about History, the Good and the bad. But it needs to be the truth. Do not try to brainwash these kids.

Start adding public health science courses and civics to the curriculum. A better understanding of disease prevention and of our social contract with our community might help our kids respond better to future pandemics.

Ranked #517 of 700

Audit how the district is spending tax dollars People would be shocked to learn now funds are diverted and do next to nothing to help the kids.

What can we do to make this District a more Diversified staff. Inclusion each student should see someone that looks like them.

All students who want to return should be allowed to, and it should be five days a week Kids need interaction with other kids they and need something to occupy their day

Be better about transportation for before and after school care. I shouldn't have to transfer schools to have child care before and after.

Getting the kids back in person at the the school full time. 5 days a week, every week. This is important because these kids are continuing with I fall farther and farther behind academically. Not to mention the social aspect.

My second opinion is to get kids and staff's mouths visible. This is coming from a parent with an autistic child who needs to see facial expressions. The younger kids are still learning how to read expressions. They also need to see teachers faces to learn letter sounds.

Why doesn't the school year schedule so that winter break happens in between semesters? Makes no sense to take 2 weeks off and have to spend a week getting back to where they were. Start school 2 weeks earlier and break after the semester

Develop plans to reinvent the HS day. Many students need to work, watch siblings, etc. In person doesn't always equate to efficient learning. It would benefit students academically and is economical for the district. It would create strong, independent citizens for the community.

in class instruction and covit will be here no matter what. We can't have a generation of non educated children	3.0	★ ★ ☆ ☆ (55 ♣) Ranked #558 of 700	5 * 4 * = 3 * = 2 * = 1 * = 1
I feel the no tables or desk for the kids to have lunch at is not right. I would not like to eat my lunch on my lap and I bet none of the staff ate off their lap because they had no other option. Bring the desk that aren't being used down for lunch.	3.0	★ ★ ☆ ☆ (55 ♣) Ranked #559 of 700	5 ★ 4 ★ 3 ★ 2 ★ 1 ★
bringing student back into the classroom and resuming All of the activities that have been placed on hold. These are the most formative years of a childs life. Friends, social interrelationships, activities as well as the training and education,	3.0	★ ★ ☆ ☆ (55 ♣) Ranked #560 of 700	5 * 4 * 3 * 2 * 1 *
Maintaining the social distancing / partial days This is important to me because we all need to make sure that our kids & as well as our entire families are able to stay safe	3.0	★ ★ ☆ ☆ ☆ (54 ♣) Ranked #561 of 700	5 * 4 * 3 * 2 * 1 *
High School Why and how are test scores so low in math and english at the high school? Stop blaming the students and look at the effectiveness of the teachers.	3.0	★ ★ ☆ ☆ ☆ (53 ♣) Ranked #562 of 700	5 * 4 * 1 3 * 2 * 1 *
Covid has provided an opportunity to improve the SKSD education system going forward. For many students sitting in class for 6+ hrs is inefficient. Just being in front of a teacher doesn't equate to meaningful learning.	3.0	★ ★ ☆ ☆ (49 ♣) Ranked #563 of 700	5 * 4 * 3 * 2 * 1 *
Getting the kids back to school full time Because they need in person instruction	3.0	★ ★ ☆ ☆ (48 ♣) Ranked #564 of 700	5 * 4 * 3 * 2 * 1 *

Having school 5 days aweek My children need

We have to get the kids back in school full time moving in to next year. Washington is one of the last states still barely getting back in to school, Or running a hybrid system. Our kids are suffering, and mental health is becoming a major issue Safety first! Too many unknowns to take chances. Online will suffice until we have more understanding. Life is beautiful and I

want all of our students to have long lives.

What is the purpose for needing 30 credits to graduate but only 24 are required. Elective courses are nice to have but... Shouldn't we be allowing those who wish to graduate and move on to do so. They may have decided on their pathway and have no interest in staying here.

Maintain the "district school" online model if the numbers don't support it for every school. Not just the old online academy program. Many students thrived and found it more efficient. So many hours are wasted waiting for other students to "get it" or with behavioral issues in class.

Tolerance

Fair Hiring The District and schools continue to stay the same as you hire within versus hiring new for new ideas.

The differentiated independent work for **students with pacing guide.** Why are teachers asked to do differentiated instruction and then handed a pacing guide to follow? Would love an explanation on how this works?

Getting the students back full time The lack of consistency and in some cases lack of education is hurting this generation	3.0	★ ★ ☆ ☆ (26 ♣) Ranked #572 of 700	5 ★ 4 ★ 3 ★ 2 ★ 1 ★
Focus on the basics: Reading, writing, math and science. Reinforce kindness and good citizenship. Brilliant at the basics is what creates a strong base. Good citizenship solves most of the current and future problems in our society.	3.0	★ ★ ↑ ↑ (25 ♣) Ranked #573 of 700	5 ★ 4 ★ 3 ★ 2 ★ 1 ★
Practicing SEL in all classrooms I believe in Dr. Bruce Perry practice of Regulate, Relate and then Reason.	3.0	★ ★ ☆ ☆ (18 ♣) Ranked #574 of 700	5 ★ 4 ★ 3 ★ 2 ★ 1 ★
Covid safety. Protecting the vulnerable among us.	3.0	★ ★ ☆ ☆ (17 ♣) Ranked #575 of 700	5 * 4 * 3 * 2 * 1 *
Getting kids back full time	3.0	★ ★ ☆ ☆ (17 ♣) Ranked #576 of 700	5 ★ 4 ★ 3 ★ 2 ★ 1 ★
something that motivates me into doing something that I want to do in something that pushes me if my family Because if I didn't have the support that I have right now I'll probably be lousy and not worrying my grades as much	3.0	★ ★ ☆ ☆ (16 ♣) Ranked #577 of 700	5 * 4 * 3 * 2 * 1 *
I think incorporating evidenced based approaches and data system is important to help the school function in a productive and efficient way. This ties in with the PBIS model to use the data and make logical decisions	3.0	★ ★ ☆ ☆ ☆ (16 ♣) Ranked #578 of 700	5 * 4 * 3 * 2 * 1 *

based on data on how to improve or problem

solve how to make it better.

Focus on facts and not government officials The people imposing all the restriction are using information given out by our government, disregarding licensed medical professionals who disagree.	3.0	A A A A A A A A A A A A A A A A A A A	5 ★ 4 ★ 3 ★ 2 ★ 1 ★
Full day of school Working parents need the full-day of school for their kids (finding childcare, cost of childcareis tough)and the kids (mine) miss being back, too	3.0	★★☆☆ (11♣) Ranked #580 of 700	5 ★ 4 ★ 3 ★ 2 ★ 1 ★

Getting our kids back to full time school and teachers back in the classroom ASAP. Get things back to normal. The mental stress and emotional well being of these students are being sacrificed on the altar of "safety" and for no good reason.	2.9	★ ★ ↑ ↑ ↑ (58 ♣) Ranked #583 of 700	5 ★
Our kids should not be wearing masks while doing physical activity. We as adults that go to the gym are not required to, so why are our children?! It's not healthy!	2.9	★ ★ ☆ ☆ ☆ (58 ♣) Ranked #584 of 700	5 ★ ■ 4 ★ ■ 3 ★ ■ 2 ★ ■ 1 ★
Please provide an authentic Spanish Immersion program for our kids. Education is the key to success. Our kids deserve the choice to learn Spanish.	2.9	★ ★ ☆ ☆ ☆ (57 ♣) Ranked #585 of 700	5 ★ 4 ★ ■ 3 ★ 2 ★ ■ 1 ★
Those that feel they should stay home for the safety of their health should do so. The needs of few should not stop the process of educating our kids any longer.	2.9	★ ★ ☆ ☆ ☆ (57 ♣) Ranked #586 of 700	5 ★ 4 ★ 3 ★ 2 ★ 1 ★

Why not have a full class? Online can be projected in the classroom teacher on cam, and the in person kids could be on cam with one at front class. Why not use that equipment in those rooms, I mean why not have the projector with the online kids, then teach on the cam, second cam to show class kid

Common assessments should be built for each MS math indicator in skyward for the end of each indicator (unit). Then all schools can administer this and teachers can collaborate with other teachers across the district to build instruction practices that work.

Our 6th grade middle school math/science block classes should be covering more math than science in our middle school model and it is 50/50 at some MS Students in 6th grade need more instructional minutes in math but more and more PLTW units are added in 6th + HGD and HIV/AVIDS units.

Kids do horrible in online school, they need in person teaching. Kids need to be thought of first, not the adult worried about being sick... Teachers might not think anything of this, but parents have lost jobs, and kids due to these decisions being made for us instead of with us.

Please start reading more everyone! We really need that to happen, the lack of work ethic is also lack of want to read. Start reading anything and everything, question everything, do not be afraid of standing up for yourself. Anyone that is, should be ashamed.

Choices should be made that emphasize **students first** Many of the decisions seem to be to placate teachers.

1.01 is this seriously the agenda? All of the things we had prior to this mess and will have soon to follow this mess are still there and all we are going to do is watch the Superintendent work? Also, there is no public comment period on the agenda. We received comments last time that we did not do that and now that many of you are doing Zoom meetings a lot, I see no reason why we cannot give the public 10-15 minutes to answer the probably many questions folks have.

2.01 I have previously asked for the superintendent's comments to be formal and in a briefing format. This is to eliminate the "round table" appearance of just some folks sitting down and talking about life. He is our employee; not our best friend. Since I do not see his remarks, it is hard to be prepared for the meeting. Is this just news he has already sent us or what? There is no indication that any decision requiring the board is necessary.

3.01 This is a total waste of time. No one, I repeat, no one makes decisions on financial information that is two months old. I have previously commented about this so no need to repeat myself. The data is useless and no use to the board. The format remains unchanged. As I said last time, it is out of compliance with the law. I asked the county treasurer and assessor's office when they send tax receipts and it is done every day that they receive taxes and also on the first of the month a report is on the website showing what was sent to the district. I will ask for Ms Farmer's resignation and her staff at the meeting or the board can decide tonight to hire an outside accountant and clerk. With all the financial things going on impacting the district and this is all she wants to share. Transparency at its worst. We can find someone else who can get the data we need in a timely manner. The superintendent's statement about the personnel cost mainly being SEBB seems incorrect. Add up the figures of new hires since Sep and since I have been there and it exceeds \$1.5M.

4.03. Again, a total waste of time. This too, I have stated is out of compliance with the law. Please reread what I gave you all copies of last time again. There is NO financial data showing the effect of the moves. As I stated, with 85% of the budget personnel costs, not showing the costs is wrong. I will also ask for Mr Holsten's resignation at the meeting, I also reviewed the MOUs we were sent and have not received the others I requested. They are all slanted towards the Union so the district remains unable to stand up to the unions. In this time of 30% unemployment, we have the unions in yet again wanting more. We need a new district union negotiator and team now.

4.04. We seem to be able to pay the March bills and close out the checkbook but can't figure out how to get the data into a usable briefing for the board. What are we paying Holly Ridge \$111K for (late bill?) when school is out and many other expenses? We are paying Krista DeHart \$3500 for STEM consulting yet we have an entire CTE department who specializes in STEM Yet, we say that we have a process to review all costs for need.

(If we can't get 3.01 and 4.03 fixed by next meeting, I will ask for the resignation of the superintendent at that meeting).

5.01. This seems to be back. I have no problem embarrassing the board, the superintendent, the individual board members and asking for their resignations if you move forward with this item. We did not meet when the "crisis" came about, have had abbreviated meetings which no real board business was transacted, and 2 months into it we want to give the superintendent more power when we are all sitting home and readily available for any situation but are not dealing with what we are really supposed to be doing? Really?

Respondent Name

Citizens Supporting South Kitsap School District

Complainant Name

Gerry Austin

Complaint Description

Gerry and Cammy (Sun, 13 Dec 2020 at 12:03 PM)

The organization "Citizens Supporting South Kitsap Schools" has established themselves as the Committee Against the Feb 2021 SKSD Levy and had made expenditures to influence the election through placement of signs, without registering, as required by Washington State Law. Mr. Jeff Daily, a current SKSD director, and Mr. David Kimball, have previously made public statements indicating their involvement with this organization.

What impact does the alleged violation(s) have on the public?

The organization "Citizens who support South Kitsap Schools" is maintaining a website https://citizenssupportingsouthkitsapschooldistrict.com/index.html against the February 2021 South Kitsap School District Levy. Additionally, this group has been placing signs in the South Kitsap regions stating "SKSD, NO NEW TAXES, NO BONDS, NO LEVIES" misleading voters on two counts; 1) No bonds are proposed on the Feb 2021 ballot, and 2) the Levy is being renewed at the current rate, thus it is not a 'new tax'. Prior to these signs being placed, this organization placed a different set of similar signs in the region in July 2020, well in advance of even discussions of Levy renewal by the School Board, opposing all future ballot measures. No affiliation or indication of who placed the signs is printed on the signs. Total quantity of signs placed is estimated to be 50-100 in total, placed in public right of way, not solely on private property, indicating expenditures well above reporting thresholds for the purpose of influencing the 2021 Levy election.

This group represents themselves as "The Committee against the SKSD 2021 Levy" on their website, yet is not registered with the PDC, and is maintaining an anonymous presence, masking the identify of individuals involved while making expenditures. WHOIS Domain registry search information shows "redacted for privacy" and is registered through a Dutch Web Domain Registar.

Additionally, this group, which has existed for at least 18 months, has previously used false names, posting under the name "Jim Johnson" on Facebook public forums, who is not a real person.

List of attached evidence or contact information where evidence may be found

Contact information on website does not work, no phone listed, only publicly available e-mail address is cssksch@gmail.com.

https://citizenssupportingsouthkitsapschooldistrict.com/index.html

Mr. David Kimball identified himself as affiliated with this group on April 2, 2020 via a letter to the Kitsap Sun. https://www.kitsapsun.com/story/opinion/readers/2020/04/02/south-kitsap-board-avoiding-our-questions/5115792002/

The Kitsap sun reported Nov 5th, 2019 that Mr. Jeff Daily, currently a SKSD Director, was involved with this group https://www.kitsapsun.com/story/news/local/2019/11/05/most-incumbents-prevail-kitsap-school-board-races/4172892002/

List of potential witnesses with contact information to reach them

Both Mr. Jeff Daily, a current SKSD director, and Mr. David Kimball, a frequent participant in public meetings, have referenced and indicated support for this organization, and have submitted letters on this groups behalf to Superintendent Tim Winter, which have been discussed during public meeting. Mr. Daily's campaign page from two years ago used identical stock images and a page design similar to the page and Facebook group used by Citizens Supporting South Kitsap Schools at the time, which was launched in parallel with Mr. Daily's campaign for school board. This indicates a strong likelihood that he is highly involved and engaged with this group, and not just a participant. While his campaign page is no longer active, and archived version of his previous campaign page is viewable through the internet archive, archive.org.

Mr. Daily,

We are working on fulfilling the nine public records requests that you currently have in our system. I am sure we will be able to get most of the documents to you well before July 30.

As a side note...I know you are aware that my evaluation is based on the opinions, perceptions and expectations of all five board members. Therefore, starting with this email, any communication where you share your views on my leadership or those I lead, both positive and negative, will be shared with the entire board as your comments could potentially be part of my end of the year evaluation.

I also want you to know that am also documenting.

Respectfully,

Tim

Subject: FW: RCW 42.56 Request for Information- "J"

Mr Winter-

Interesting note (and the same one on every other request.) Everyone else in the world has the same problem yet, I have sent RCW requests to the SAO, the County, the City, OSPI, another school district, and one other. All but one of them has been answered within a week. The last one was somewhat complex so it took 9 days. No excuses, no hiding behind the governor's order, no whining, just folks doing their job. I assume they are also busy and have similar issues that the district has. But, the attitude at the bottom always reflects the attitude at the top.

No need to respond as we have plowed this ground before. But, now it's time to document.

Cordially,

Sent: Sunday, April 26, 2020 8:56 AM

To: Daily, Jeff

Subject: RE: RCW 42.56 Request for Information- "J"

Mr. Daily,

As you are likely aware, due to the COVID-19 Pandemic, the District has had to close its schools and offices through at least May 4, 2020, with possible extensions beyond that date. This closure has required the District to focus its resources on completing the significant and time-sensitive work necessary to transfer its students to remote education and its employees to remote work. Further, the District employees' current inability to access the District's buildings and offices has made the process of gathering records difficult to impossible. These issues have created a significant delay in the District's response to records requests.

Accordingly, the District needs to update its estimate for completing its response to your public records request. At this time, the District currently estimates that it will need until July 30, 2020 to complete its response.

However, the District will continue to provide installments as records become available. If the District determines that it needs additional time to complete its response beyond the final production date, we will provide you with an updated estimate as permitted by RCW 42.56.520. In the meantime, please let me know if you have any questions or concerns.

Thank you! Landa

Subject: RE: Questions to answer

Mr Darragh-

Since your intent is to incite versus understand, I will answer you as you appear to be an expert on all matters.

- 1. It will never be safe for your kids to go anywhere, much less the schools. You as others, seem to want a guarantee that nothing will happen. Remember, the district built the plans; not the board.
- 2. Until a vaccine that really works is available and 330M Americans are immunized, no one will feel relatively comfortable. I don't think Port Orchard is high on the priority list. Since this is global, you will never be safe again as different countries have different standards. No one will guarantee that to you, ever.
- 3. As to the health department and the Gov, they will never say it is safe to open the schools because even they cannot guarantee that no one person will die which seems to be what you and others want. All they can do is recommend for local districts to do what is right for them. So, tell me, if the cases go down to 50, is that safe, how about 25, is that safe, how about 5, is that safe, how about one? Remember, it only takes one to infect the schools. So, be prepared to be online for a long time if that is your logic. Will there be a second wave, a third wave, a fourth wave, probably. When the flu season comes, then what? Every student with a cough will be turned away because we won't want to take the chance that one may be COVID? What about the one kid who transfers to our District in November when you want to open but he has the virus? Was it safe to open then? So tell me, when will it be safe so NO child will be sick from the virus. The noble teachers talk about the virus. However, over 60 of them attended a 3 hour funeral in a church, sadly, for one of our own. So much for adhering to the guidance of no more than 5 in one place. I read about our teachers and families on facebook on vacation, theme parks, family gatherings, etc. Apparently they seem to be not all that concerned about the virus otherwise they would be home. Wouldn't they as the health department, Gov, and CDC have told all of them what is a safe practice.

- 4. All over the country, including Idaho and many other places, folks are going to school. Have their been some failures, yes, but many have done it that you apparently haven't heard about.
- 5. My wife is classified and plans to return to work. She is over 65 and has no immune system. I have been in the schools and plan to be on the buses and in the schools. I also have no immune system. I wouldn't ask you to do something I wouldn't do.
- 6. You and others missed the points from Mr Gattenby and Mr Berg and I. Mr Gattenby told you he is willing to risk his daughter in the HS. You apparently are not so go online. Mr Berg is willing to risk his grand children in the elementary schools. You apparently are not so go on line. I went to Walmart where it was full of kids, old people, handicapped people, all over the place shopping and grabbing food over others. I assume you folks don't shop as it would endanger your kids. Does that sound like people here are worried about the virus to you. Apparently you missed all of these points in your anger and frustration. So, go online.
- 7. As a combat veteran, I am more familiar with death than you will ever know so unless you have been there, don't lecture me. Everyone of the men that were lost and I lost will always sadden me until I die. As a parent, don't ever tell me and my wife about the death of a child, unless you have lost one.
- 8. You were given three choices. 1) send your kids to school per the school plan. 2) put your kids on line until YOU feel it is safe to come out. 3) put your kids on line for the entire year. Most people like choices as it gives them control of their lives and to make the best decision for their family.
- 9. As for pride, I lost that long ago in addition to my arrogance. I just try to do the best I can for everyone. It is apparently not up to your standards. I assume your kids are very high functioning which begs the question of why do you have them in the SKSD?. It is the 2nd lowest academically of the 7 districts in the area. Most of your teachers live outside of PO and several have kids that do not go here. But, 40% of our kids are low income who just try to get by. Many of their parents are furloughed or laid off. They have no childcare option as do the rich district employees, Boeing employees, Shipyard employees. They want the choices we have offered because they want to make the decision, not be told how to live their lives.
- 10. Obviously, the union has pressured everyone for a meeting as all I got was hateful and threatening emails from teachers, other district employees, and some parents. I guess diversity and respect of others points of view is just a joke in Port Orchard as well as what the District is supposed to be teaching your kids. The ones I got from most parents, excluding you, were thankful for a choice that they can make. The March to June on line exercise was a total failure, regardless of what the district tells you. Not for your kids as they can achieve anywhere in any environment. But if you think things will be so much better, good luck convincing most of the kids who really need school. The SPED kids will never be successful in an online environment which I know since I taught SPED at the HS for 12 years. So, it is really about all kids and all needs, not just the high level kids.
- 11. As for the district being a business, it really is. SKSD has a monopoly on education in PO. There are no other options so they do what they the unions want. But many parents who were forced to home school or go on line or look for pods or private tutors had their world opened up. It is convenient to go to SK schools but folks see options. If the district doesn't offer what parents want, they will now go elsewhere. Many of our kids go to Peninsula and CK. The enrollment is dropping, regardless what folks think. People are finding options to best suit their kids. So, there is more than the SKSD in this world.
- 12. The rising salaries of teachers and classified along with the recent pay raises and taxpayer paying huge health benefits for district employees, in spite of many in this are who are furloughed and laid off, the businesses that are closed and never coming back, the retirement savings loss of many, and a coming global recession doesn't seem to register with many here, especially the well to do. But it will eventually come to PO.
- 13, So, my guess is that you will get what you think you want on Monday. But, regardless of if and when the district schools open, your kids will never be safe again as if it isn't this crisis, there will be another. Remember, it only takes ONE to infect the entire

system. Stay safe.

Dear SK Board Members,

I am forwarding a correspondence between myself and Director Daily. Although his response to me was weeks ago, it remains entirely inappropriate. Personal attacks, assumptions, and so on... Since this correspondence, Director Daily has also submitted a public records request for my professional emails - No reason given. But, his request made me feel individually targeted, and I can see how another might feel intimated.

As I stated to Director Daily, I believe he is in violation in SKSD governance policy number 9, standards 1-3.

Thank you for considering this.

----- Forwarded message -----

From: **Daily, Jeff** < daily@skschools.org > Date: Wed, Feb 17, 2021 at 1:58 PM Subject: Re: Your letter to the editor

Mr Darragh-

Thank you for your note. I won't address your personal comments since last time your only intent was to show yourself as an aggrieved and hurt individual.

Parents who contact me usually are interested in academic achievement and success for their children. Some are of poor and modest means and others like your family make a quarter of a million dollars off of the taxpayers so they are able to afford the best for their children. I am sure your kids are exceptional so it doesn't matter where they are; they will succeed and do well. But, you will never know how high they could have gone had they been given an alternative.

I have shown several times at board meetings where the SKSD sits in terms of academic achievement and success. The district is reluctant to show statistics because they do not favor the district. While the state of WA shows a decline in many areas, not all district show the same decline. I tell parents to look at the data available to them from OSPI, US News, Education Weekly, other websites who regularly track school achievement, and a variety of state agencies tracking student success and then make a decision for their family. Each data tracking agency rates schools and districts on different criteria so it is up to the parent to decide which criteria they are focused on and find the district or those schools which offer what they consider most important for their family.

The data is clear that the SKSD is not a top performing district, regardless of your views since you and your spouse are employed here and the union tells you what to think. Other districts around us are achieving student success despite the same issues all districts face. The tables and data I presented clearly show which schools and districts in our area are achieving success for their students. No one has been able to provide any contradictory data. Excuses yes, but data; no.

I tell parents to make their decision and send their kids to the best one based on their criteria and circumstances. It is all about choice. With 40% of our district low income, they have few choices in this area. But, the affluent have many choices and it is for them to decide from among the choices available to them.

Several parents have told me they looked around and moved their kids to Peninsula, Vashon, CK, NK, and even as far as Bainbridge. They seem to see what many turn a blind eye to in this community.

As you know, education will never be the same again; regardless of how many here think

that simply opening the schools again will have us going back to the way things were. You have taught your students how to educate themselves, become more independent and self sufficient, and that there are alternatives to sitting in a classroom. Given the loss of almost 800 students, they all won't come back to a school that is not able to provide the academic excellence they seek.

And since you are just a conduit to the union, please keep in mind that the levy was no victory for anyone. A 51 to 49 split shows that many people see through the rhetoric of the district mantra. The district and the board have a lot of work to do to get folks to see the strength of our district. And that will only come when people see academic excellence occurring. People will pay for excellence- but not for mediocre achievement.

What this has shown is that getting money for repairing and replacing schools faces obstacles. We will all need to be out in the community working to help people see that the district can spend money wisely and improve academic excellence. This won't be easy but it is on my list, regardless of your opinion of me.

Sadly, we have also shown charter and private schools that we are ripe for them to come here. When almost half of the people show dissatisfaction with the school district, that tells them that they can come here and gain "market share" because those unhappy with the district will leave the district for a better alternative for their children. Call the charter school in Bremerton and see how long the waiting list is to understand how hungry people are for an alternative focused on academic excellence. This community seems to not understand this concept as all they want is a return to the "good ole days" when life was harmonious and pay and perks flowed on a regular basis. The world is changing; and rapidly.

So, I will be out in the community finding out why folks voted as they did. I already know why one side voted as they did but I need to find out what the other side was thinking. Then, I will know how to find common ground so that we can move this district forward. It is obvious that Port Orchard has little intention of attracting enough businesses to sustain the needs of the populace so everyone will just live here and go elsewhere to eat and shop and to educate their kids. But they won't stay here long unless we get a school system that embraces academic excellence where all kids excel and the results are reflected for everyone to see.

Cordially,

J Daily

PS. One of the folks I work with is an Ivy League recruiter. Because many elite colleges are required to have a "diverse" population, they seek students from all areas and offer them virtually a full ride scholarship because they must meet diversity requirements. Since few here

even know about this and almost never apply, most never get considered. Another sad but incredible waste of an opportunity that is available to our students but almost never used. We continue to never ask what could be possible.

To: <daily@skschools.org>

Dear Mr. Daily,

I am a parent and teacher with SKSD. My daughters attend an SKSD school.

Your last email response to me was unbecoming of an elected official. Your son also felt he had to send me a message through social media. I sincerely hope your response to me is more professional this time, and does not stoop to personal attacks on my children.

In your recent letter to the editor, you wrote, "Ever increasing salaries and benefits using all state funds takes money away from student needs." I have two questions for you to answer:

- 1.) How does using hyperbole help your argument in this case (all state funds)?
- 2.) Which student needs are not being met because of your perceived misallocation of state funds?

You wrote, "Excess staff doesn't equal better education." Question:

3.) Do you have specific examples of a district which has a lack of staff and has better

educational results?

You wrote, "Other districts seem to afford band, choir, sports, etc., with smaller levy requests and better academic results."

4.) Please provide a few examples of specific districts with these fiscal and educational outcomes.

While your letter frames the discussion about the levy as one side vs another, you have clearly made your stance known with your discussion at recent board meetings. You seem to clearly oppose the replacement levy. Otherwise, why wouldn't you simply have written a letter in support?

You are clearly in violation of SKSD governance policy number 9, standards 1-3.

I look forward to your reply.

Sincerely,

Pete Darragh

Wright; Tricia Schroeder

Subject: Re: Concern over Board Members actions.

Mr Grubb-

I am not sure who you are and why you think you own me or tell me what to do but don't do it. So, let's start there.

Your people approached me. I did not contact them. So, get that fact straight first. As an elected official, any person has a right to contact their elected representative. So, check that fact before you start talking. I don't do politics and I don't do unions. I do people and cater to their needs. Apparently you haven't done your job or they wouldn't have contacted me in the first place. If they felt the district was not doing what they should, then the next step is me. Not my issue if you and the district got your feelings hurt because you weren't taking care of your people.

Whether they follow the process is also not my issue. I asked if they had exhausted their chain of command and they said yes. I don't fact check their answer as it is not my place to control people as it appears it is yours. The fact that you wrote this as a wounded person demonstrates you have not done your job in properly representing them. Most wanted to vent on a number of issues and discuss their dissatisfaction over a number of things. Part of my job is to hear what people think and feel about the district. It doesn't matter if they are parents, employees, etc. That is their right and they exercised it.

Second, they requested to see me and meet with me. Apparently you feel that people do not have a right to talk to their elected official as private citizens. Are you in command of them and tell them what to do and how to feel? Do you as the union leader rule them and control their actions? Perhaps we should move this to the civil liberties folks and the district's attorneys for clarification. I believe you will find that first amendment rights outweigh any

demand you or anyone may think you have.

Thank you for telling me my job and how to do it. I won't tell you how to do your job. I believe I was elected by 9000 people so I answer to them. If you are unhappy with how I do my job, please join the various recall efforts within the other unions and the community and have me recalled and removed from my job using the proper process. It is your right as a citizen. Until then, I do my job as I see fit and as needed.

Please don't blame me for people's conduct. I took notes and relayed those concerns to the superintendent the next day. If they chose to do something else on their own, that is their choice and their right. I believe they are all adults and I don't tell any adults how to run their life. Since I said little at the meeting but wrote mainly notes that they were aware of that were going to the superintendent, I see no issue with listening to them. As a matter of fact, they typed up a list of items they wanted to discuss for me and I asked them if they wanted it delivered to the superintendent. They said they did want me to do that. So, I did. What is wrong with that? I do not know what you heard but you seem to be doing the same thing to me. Telling me things and telling me what I supposedly did and I have no idea what you are talking about. If they took some action after meeting with me, it is because it was already happening and in progress; not something I did as I was only there to listen to their concerns. If I gave people hope; great-someone needs to do that. If you can't see the morale of your union is low, then perhaps you should step down. It is everyone's job to take care of our people as well as our students, parents, and community. I meet with students, parents, business owners, etc. They are all part of the community, they all have a story to tell, they all have a stake in our district, and they all deserve to be heard. Apparently, you disagree with that.

I realize that you and the other unions don't want anyone to know about the cozy relationship between you folks and the district. Keeping people in the dark just furthers the union goals and hides transparency from everyone, most especially the community. I don't play that game. If you have nothing to hide, then you should have no problem bargaining in public and making all of your demands publicly.

You don't demand anything unless you want to end up in court on the end of a lawsuit. As I told you, your people contacted me. I did not contact them but I will listen to anyone who voices a concern or wants to talk to me at any time. I have many parents who contact me just to talk. I have teacher friends who I talk with as they want to vent and express frustration. If I feel it needs attention, I tell the superintendent. I see nothing wrong with that nor will I ever not listen to someone who wants to talk to their elected representative. Some folks do not want to talk to the superintendent, or to you for that matter, and that is not my issue. You need to point that finger at yourself and find out why; don't blame me for your or the district issues.

As a matter of fact, they do want to come address the board. I told the superintendent about the meeting as I felt he should have the opportunity to talk with them before they come to the board.

As for the rest of your note, it appears you have now transitioned to personal comments which have no place here. Again, if you wish to go to court, I would be happy to oblige you. You, are the one now, who is trying to disparage my reputation to the district and the board. What my personal goals and interests are of no interest to you and others. As I said, man up and join the at least the three recall efforts out there and follow our legal process. Don't cower behind your union title or your hurt feelings.

I do not sit on the board and pontificate. I have watched the board for many years and can see why we are in the position we are in. I go out, meet people, and see what is happening in the district. I don't take anyone's word for it that everything is "fine". If it was, we would be doing much better both academically and in terms of morale and facilities. I have heard all the union leaders say the things you spout. Well, the world is changing and being on the board is not a spectator sport, regardless whether you folks like it or not.

I am interested in education and how to make our students the best that they can be. You should be too instead of slamming people who are trying to make a difference in this district. It is all of our jobs and I don't divide things up into little boxes like you do for your own ego.

The bus drivers asked me to ride with them and I will be doing that. It is important that someone hears their voice and sees what they do and go through on a daily basis. If you want me to follow you around some day to see what your job is and your life is like, I would be happy to do so- just ask. I go into schools, I talk to parents, talk to teachers, custodians, lunch room folks, and kids and I will continue to do so as it is the right thing to do for them and our community. It is the right thing for board members to be seen out in the district and community doing what they were elected to do. Not sitting in the board room acting like they know everything about the district and education. Knowing about the district is my job so I can make better decisions for our district. Nothing worse that a bunch of people who have no clue about what is going on in the district and community but making uninformed decisions affecting many people and millions of dollars of taxpayer money. I am not a god. I am a public servant and I am approachable and that is part of my job. I care for our community and I want to fix things that have been neglected since I got here in 2003. You and others have had your chance and I see little progress. Perhaps a new way is needed since your way doesn't seem to be working.

Wright; Tricia Schroeder

Subject: Concern over Board Members actions.

Mr. Daily

It has come to my attention that you may have encouraged a group of transportation drivers to communicate concerns they have about the district with you. If true, This action of your is counterproductive to the collective bargaining process that is so important. It is also my understanding that this is not the first time you have gone behind the curtain.

Just so you know, the info you received was not accurate. If you want accurate information you should go to the source that has accurate information.

From my understanding your job as a board member is; Vision – Structure - Accountability – Advocacy – You Help Set the vision and goals for the district Adopt policies that give the district direction to set priorities and achieve its goals Hire and evaluate the superintendent Adopt and oversee the annual budget.

It is my understanding that you are not involved in the daily operations of all of the independent departments. You do not manage the drivers or have authority to effect change in their timecards. Your actions have not only given our drivers a false sense of hope but has damaged our relationship with the district. We have members opting-out of the union because of you, giving them false hope. I always preach starting at the lowest level. And moving up the chain if needed. You are nowhere on that chain. If we were to come to the board, it would be to the whole board. Going just to you seems underhanded, like backdoor bargaining. Your actions have caused damage to SEIU.

At this time I am demanding that you refrain from privately communicating with my members about their work concerns. If my members want to approach the Board as a whole, at a board meeting then that is fine. Instead please encourage them to talk with the union for help and work up the chain. If you wanted to speak to my members please make an appointment through the superintendence office.

When you were first elected I thought to myself, it is always good to have people with different views in leadership. That is how you get diversity. I thought you were a man who would take accountability seriously, and I approved of that.

What it seems we have gotten, is a Trojan Horse? Your actions are constantly counterproductive to the district, You actively spoke against the levy, and you seem to have a desire to undermine the union. Your actions are very similar to those of someone who is fishing for information. In your case I am concerned that you may be fishing for information to use against the District. I am concerned that you are actively working to undermine the district from the inside. If this is true then the honorable thing to do is step down and openly and transparently work to advocate against the district. Doing this action from the inside is very disreputable. I acknowledge you and every citizen has the right to either support or oppose South Kitsap School District. But people who do the opposite of what they promise are called traitors.

If I am wrong about any of this? Please enlighten me. Otherwise I will expect a response from you either confirming or denying these allegations.

Our trust in your intentions is very weak right now so please answer the following questions, so we know how you stand and have a record of it.

Are you in support of the levy?
Are you in support of the collective bargaining process?
Do you support our right to organize?
Do you support the districts philosophical direction?
Are you really in this position to undermine the district?

Thank you

Subject: Upcoming Board Meeting- Feb 19, 2020

Hi Folks-

Attached are my comments for the next board meeting. I will probably have more once the meeting starts. Rebecca and I have been working on information to present at the 5 PM session. We will try and get it to you as soon as we can.

Cordially,

J Daily

Hello, my board meeting comments for Feb 19, 2020

- 1.01. We will have items to discuss during this portion of the meeting.
- 2.02. I will repeat my request that the following items be removed from the agenda.
 - 4.01 Executive Limitation

9.01 - 9.04

12.01

- 3.01. I see no briefing slides provided for preview. If you don't want surprised, then don't surprise me. If the intent is to just talk about things, I request this be removed. I wish to see data, analysis, trends, variance, and fixes to problems. Please do not talk about platitudes and how great SK is and the great things we are doing. If you can't prove it, remove it.
- 4.01. This is not the proper place to discuss this.
- 5.03. I will bring up the following items. I prefer not to read about things in the paper that affect the district. Ms Miller is quite capable of sending out notes to all directors about what we are going to read in the paper and what the papers are asking about.
- 1. The drinking water problems in the district schools. Saying that we have been providing bottled water for years is not comforting to anyone. Please present what the solution is and when it is going to be fixed and how much it will cost.
- 2. If the Sun is requesting information about bus paddleboard violations, is this not a safety issue that we should all be concerned about.
- 6.02. I think that several items are not accurately depicted in the minutes. I will vote to not approve them.
- 6.03. I will ask about the resignations of the two classified people. I will ask about the reclassification of the two teacher's assignments.
- 7.01. In several places, it says that the consent agenda items have gone through a board subcommittee review prior to being placed on the agenda. Please tell me about this subcommittee and who is on it.
- 7.02. Not enough information is provided regarding the donations that the district has received. I will have several questions regarding the donations and how they will be used.
- 7.03. As I mentioned times previously, I have never seen these presented so I will not approve them.
- 7.04. I will oppose this item being approved. I see nothing here that helps the SKSD. I believe that testifying to the WA legislature would yield a better use of time and district money if the intent is to raise awareness of SPED issues.
- 8.01. The movie "MacBeth" says it is R rated. How many other R rated movies do we show in schools? Do we check student ages before we show them? While I realize the world has changed, does showing the movie outweigh the possible backlash from the community if a student complains or a parent has seen it on TV in its entirety? The idea of editing out parts of a movie concerns me greatly. What else are we editing out of our materials?
- 8.01. The policy contains the statement "A district will not inquire into a student's citizenship or immigration status or that of his/her parents or guardians." Is this in accordance with state and federal law?
- 8.01 8.06. Has there been any attempt to:
- 1. Limit the number of policies we have? Is there a particular reason we have to break out every situation in a separate policy? Do we know exactly how many policies we have? Do parents and students know?

- 2. Do we just revise policies as they become due or actually look to see which ones can be consolidated?
- 3. In some policies we are putting RCW references into the text. How does this help the average reader to understand the policy? In others, we have a whole list of RCW references at the end. Is it possible to be consistent one way or another? Is not the goal to produce a policy easy to read and understand at the level for our public readers?
- 8.06. I again request that the line, "The enrolling school shall be notified that the official transcript is being withheld due to an unpaid fee or fine." be eliminated or rewritten to reflect a reasonable interpretation of fines/fees.
- 9.01. Recommend we delete this item from the agenda.
- 9.02. Recommend we delete this item from the agenda.
- 9.03. Recommend we delete this items from the agenda.
- 10.01. I would like to see this item formalized with slides and discussion topics to be presented.
- 12.01. I recommend we delete this from the agenda. It is inappropriate to do at this time.

I will probably have other questions as the discussions proceed.

Cordially,

J Daily

To: Kris Cappel
Subject: Fw: Just the Facts

Date: Sunday, May 30, 2021 3:51:09 PM

From: Daily. Jeff

Sent: Wednesday, October 28, 2020 9:01 PM

To: Berg, John

Cc: Gattenby, Eric; Sebren, Liz; Diehl, Rebecca; Daily, Jeff; Winter, Tim

Subject: Just the Facts

Mr Berg-

Since no one else seems to want to stop this issue caused by you, I will do so now. Sadly, forcing Mr Winter to comply with your request is probably highly illegal. He was trapped by you as his supervisor but probably decided to comply with your order since for a variety of reasons.

Here are the facts for you to consider.

- 1. You said you were disturbed by this issue and that is a personal statement. We all have our opinions and you have yours. Show me the law (RCW) and district regulations stating that anyone making any statement they wish to make, fact or fiction, is illegal whether in private or public. It may go against your personal code of ethics but unless you can show me the law, this is a personal vendetta for which you can be removed since it is an abuse of power to use your position to extract information from a subordinate and also call a public official a liar without proof. Since your charge is on the district server, it is a matter of public record and it can be taken outside the district to any court of law.
- 2. Please show me your authority to speak on behalf of the board. I need to see the RCW and the board policy.
- 3. I need to see your authority to conduct an investigation on behalf of the board. Please present to me your written authority signed by an authorized authority. Otherwise, you have conducted an illegal investigation and questioned the reputation of an employee and a public employee. District employees are protected by district policies and elected officials by the PDC, SAO, and AG's office. Mr Winter would have the right to have a public hearing should any action be considered against him as well as many other rights of any one accused of anything. I, as a public official, would have the right to a trial if the board were to take action. Since none of this is authorized by the board (and I wasn't aware of it, didn't vote on it, etc), you would be totally liable as the burden of proof is on you to prove your charges and you would bear the costs of an investigation as well as a trial. Any attempt to take action by the board using an illegal investigation would open it up to litigation. And since no one else has spoken out about this, the question of accomplices and collusion would be considered.
- 4. Show me your personal credentials to investigate absolutely anything. If you have no authority and no credentials, again, you are conducting an illegal investigation and without a license.
- 5. You have abused your authority as a board member since you without advising the board's employee of his rights to refuse to provide information, required him to provide you information that will now not be allowed in a court of law since you didn't advise him of his rights even if you have authority to conduct this investigation. Your request of me also violates my rights. This is also an unethical violation.
- 6. You threatened punitive action without any due process in an illegal investigation to two people. This alone is probably grounds for your dismissal.

- 7. If you accuse someone, the burden of proof is on you to prove it. So, you gather the information, not ask for it to be provided to you. Are you a judge also? The information you seek is available in the previous board minutes but you obviously did not read them, extract the information for yourself, and are expecting people to provide you as the self-appointed judge, jury, and executioner information to convict themselves. Perhaps you should read the Constitution of the United States as well as consult our legal process to see what it actually says and guarantees. Mr Winter's information is now probably not usable as it was gathered under duress (you are his supervisor) and without due process, advisement of rights, and a myriad of other issues you failed to ensure were accorded the "accused". In short, you can now be sued since you forced an employee to provide information in an unauthorized and probably illegal investigation.
- 8. Back dating any documents to support you would also be highly illegal and a violation of ethics.
- 9. Under what authority do you have to speak for the board in this matter? Show it to me. We have a process for asking the superintendent for information- a form to be precise. You went around that process for a personal cause versus having board authority to ask for information not related to district business. Again, you are in violation of our process and doing this for a personal reason. Using your positon for personal reasons is also a violation of ethics. You made the Superintendent spend district resources for your own personal reasons, not related to any board actions. Your values are not the values of the board. As I board member, my values are mine that I do not impose on others, and the board has no written values that subscribe to yours.
- 10. Under what authority are you using to state that the board wants this information? I don't recall any motions, resolutions, discussions that asked for this investigation? If you talked with other board members, then you again violated the law of public meetings by conducting business illegally. Since I was not consulted, this would then look like a conspiracy. Conspiring to get rid of someone is also an ethics violation.
- 11. Your actions with two others are suspect since you and two others discussed the district's priorities to WSSDA without the full vote of the board. You told others not to reply to your email and then somehow, a very short notice board meeting occurred and priorities were sent to WSSDA without full board concurrence. Since I have no notification of the meeting, the 24 hour notice to the public, and was not allowed to state my preferences since the previous work session was stopped before the list was approved, one could wonder exactly what the intent of you and the others was. Especially since the top two priorities you gave were obviously items that I disagreed with.
- 12. If the board were to consider any "evidence" at a future board meeting, you would be open to an extortion charge since you had no authority to ask for any information without proper due process. Any action out of that meeting would expose you to liability since there exists no board authority to authorize you to do anything.
- 13. As you have accused me, you will need to prove that I lied in a court of law, not to the board. Your charge is serious and will be met with serious consequences. You will be required to document absolutely everything and it won't look good since your opening statement starts with "I was disturbed..." Should I win in court, I will expect your resignation as well as take action against you.
- 14. You could have voiced your concern in a manner for the board to discuss but you took it upon yourself for some reason to appoint yourself as a champion of justice. You will need to provide a court of law your authority and your motivation in order to take action on anything that involves the board. Having a Kangroo court hearing in a board meeting is also highly illegal and opens the board to litigation. Again, any attempt to back this in at the next board meeting for some type of justification will just implicate the entire board in your unethical behavior.
- 15. If you have a concern about ethics, then the PDC, SAO, and AG's office are the proper authorities to contact for investigation. You have absolutely no authority to investigate anything at any time on behalf of the board. The board would use an attorney to do this. Using the "board wants" when you have no proof that the board even discussed this is also a "lie" and ethics violation.
- 16. It is obvious that your intent is to hurt and embarrass an employee and a public figure. Should you figure out how to get the evidence you need, if it comes out that your charges are unfounded, you will be

sued. The board is not a court of law.

17. You have 24 hours to provide the documentation I have asked for or I will file charges against you with the PDC, the SAO, and the AG. In short, you caused the issue, you solve it. A better solution (since I am a fair person and have no vendetta) would be to figure out how to extricate yourself from this mess and fix things with all parties.

Subject: Re: LEVY

Mr Braun-

Thank you for the note. I am a little slow at getting through my email so please excuse the delay. Some answers to your questions.

If you look at Bainbridge (on the same levy schedule) they are about \$1 for levy and \$.25 for technology levy. To me, that is the smart way to do it. As you know, I proposed a compromise (\$1.50 levy and \$.50 for capital projects) which was immediately dismissed. I thought it was a win for everyone.

As you know, the state sends us \$127M for education. By the district's own slides, the payroll is \$133M. So, they are \$5M in the hole which they take from federal money and grants. The McCleary money that the district got a few years go was a "one time" shot and all districts were told to find a way to sustain it. Some stretched the money out but others, like us, just gave teachers the 20%+ raises. To be "fair" the district gave administrators and classified 13% raises. This is what sent things out of wack and why we have no money for kids. I left the district making \$65K in 2015 but had I stayed, I would be making over \$93K plus a better benefits package (about \$23K). Not bad huh!!

The district admits that they have over 180 extra employees that they pay for out of levy funds. So, this adds about \$10M more to the payroll that has to come out of the levy.

So, the district has no choice but to go for the max amount as it is mainly payroll money needed to keep all those people. My frustration is that if we had less people, then the state money would cover the "sports, band, etc" that they say the levy has to cover. So, holding the taxpayer hostage to the things some parents care about. I question if young kids need a counselor, a psych, a social/emotional counselor, etc. These are high dollar occupations that the levy is paying for.

My only hope is that the levy fails and the district has to wake up to reality. Even if it does pass, without more state money or higher levy amounts, the district will soon fail. You cannot get 1.6% pay raises from the state and pay \$3% raises and stay afloat. I just don't get why this concept is so hard to understand for most folks.

The new administration has promised billions for education. What we will get is a guess but even if it does come, it will be a one time shot. The unions have in their contracts that when the levy passes or we get more money from the state/feds, they can go in and request "new bargaining". Gee, I wonder what that means???

We shall see what happens Monday night. The unions have been sending pictures of the MS's and HS of "protocol" violations to L & I. So, my guess is that the district will fold and want to remain on line. Perhaps that will upset more parents and cause the levy to fail.

Hope this helps.

SK School District Levy. Below is an email I received from Jeff Daily, who I consider to be the only responsible school board director.

If you look at Bainbridge (on the same levy schedule) they are about \$1 for levy and \$.25 for technology levy. To me, that is the smart way to do it. As you know, I proposed a compromise (\$1.50 levy and \$.50 for capital projects) which was immediately dismissed. I thought it was a win for everyone.

Note: The SK School Board elected to set our levy at \$2.50 - double that of Bainbridge Island.

As you know, the state sends us \$127M for education. By the district's own slides, the payroll is \$133M. So, they are \$5M in the hole which they take from federal money and grants. The McCleary money that the district got a few years go was a "one time" shot and all districts were told to find a way to sustain it. Some stretched the money out but others, like us, just gave teachers the 20%+ raises. To be "fair" the district gave administrators and classified 13% raises. This is what sent things out of whack and why we have no money for kids. I left the school district making \$65K in 2015 but had I stayed, I would be making over \$93K plus a better benefits package (about \$23K). Not bad huh!!

RF: Just the Facts

Winter, Tim

Wed 10/28/2020 1:20 PM

cc:Gattenby, Eric <gattenbye@skschools.org>; Sebren, Liz <sebren@skschools.org>; Diehl, Rebecca <diehl@skschools.org>;

The following represents wage adjustments to the major employee groups during the pandemic:

SKEA:

On June 17, 2020, the Board approved the SKEA collective bargaining agreement for 2020-2023. The following link to a document prepared by Executive Director Holsten details the financial impacts of the contract, which was IPD only (1.6%) for 2020-21:

https://go.boarddocs.com/wa/sksdwa/Board.nsf/files/BRQRXD701B57/\$file/SKEA-SKSD%20TA%20Executive%20Summary.pdf

SEIU:

On November 6, 2019, the board was presented with wage reopener contract adoption for SEIU, which was agreed to at the contract inception for analysis to peer districts in 2018-19 to take effect in 2019-20. This can be seen in the strikethrough language of 7.1 on the following link:

https://go.boarddocs.com/wa/sksdwa/Board.nsf/files/BHNUNT7CEB34/\$file/Amended%20CBA%20-%20SEIU%20Mark-up.pdf

For 2020-21, the wage reopener resulted in a 3% increase for SEIU staff, also shown in the same paragraph.

PSE:

Bargaining commenced prior to the pandemic closure for the wage reopener included in the PSE 2017-2020 contract, triggered by increases to the Central Kitsap salary schedule. On July 22, 2020, the board authorized a two year extension to the PSE contract, with a 3% increase for 2020-21.

SKAP:

At the October 21, 2020 board meeting, the board approved a new, three-year agreement with SKAP with no increase to wages in 2020-21 and future salary adjustments to be based on IPD and comparable districts, as opposed to the past contract that adjusted based on only Central Kitsap.

Superintendent:

The Superintendent declined his contracted salary increase for 2020-21.

Assistant Superintendents, Executive Directors, Directors, Coordinators, Assistant Directors, all other administrative and non-represented staff:

No increase to salary for 2020-21.

From: Berg, John <berg@skschools.org>
Sent: Monday, October 26, 2020 12:24 PM

To: Daily, Jeff <daily@skschools.org>; Winter, Tim <winter@skschools.org>

Cc: Gattenby, Eric <gattenbye@skschools.org>; Sebren, Liz <sebren@skschools.org>; Diehl, Rebecca <diehl@skschools.org>

Subject: Just the Facts

I was disturbed by an exchange at our last Board meeting in which Director Daily and Superintendent Winter disagreed on facts. Excerpts are as follows with times noted from the video available on Facebook):

DAILY: It wasn't too many years ago that everybody got those 20% pay raises. (Facebook 1:08:44)

DAILY: You just pushed through 3% pay raises for everybody during a pandemic. (1:09:00)

WINTER: We talked at the last meeting about the 3% raise. That is an inaccurate fact That is not the truth.

(1:14:26)

DAILY: I will continue to say that your information is wrong and look at the facts. (1:14:37)

WINTER: We have the facts. It was not a 3% raise across the board. I will be very clear on that. (1:14:43)

The Board needs accurate information upon which to base its decisions. **I ask each of you to supply me with your facts and their source, and refute the alternate version if necessary.** Please supply that data to me and to each other before the next Board meeting and I will present them during the board discussion time. The Board can decide which facts to rely upon.

The Board cannot tolerate having a Director and the Superintendent in essence calling each other liars at our meetings. Repeatedly stating false facts at the Board meeting should be grounds for censure or discipline.

Subject 2.03 Monthly Financial Report for March 2020

Meeting May 6, 2020 - REGULAR MEETING OF THE BOARD OF DIRECTORS 5:00 PM

Category 2. PRESENTATIONS/REPORTS

Type Report

BACKGROUND INFORMATION: The monthly financial report will be presented by Assistant Superintendent Jennifer Farmer.

The March Budget Status Report is presented as a monthly update to the board regarding the financial status of the District in March, 2020. March is just past the mid-point of our fiscal year, and as can be seen in the budget status report (attached) neither the pacing of expenditures or revenues is out of line for being at this point in the budget year.

In March there was an increase in attendance at Connections Academy by 157 students. Otherwise, there are no significant new variances of note. The requested staffing level reports have been added to the end of the report.

As a reminder, the timing of the Budget Status Report completion is related to the month end reports from the County (up to five business days following the end of the month) reconciliation and adjustments conducted by staff, the assembly and review of the Budget Status Report, and the requisite deadlines for Board meeting and submission.

The Superintendent has reviewed and certified the work of the Business Office staff in preparing this report. The Budget Status Report is presented for board approval and it is the recommendation of the Superintendent that this report be accepted.

Statement of Superintendent Winter:

In relation to the March 2020 Financial Report, as Superintendent, I verify that we have the proper processes in place for checks and balances to ensure accuracy and appropriateness of spending in accordance with laws in the state of Washington.

RECOMMENDED ACTION:

No Action Necessary; Information Only

Meeting May 6, 2020 - REGULAR MEETING OF THE BOARD OF DIRECTORS 5:00 PM

Category 4. CONSENT AGENDA

Type Action (Consent)

Recommended Action Approval of the Consent Agenda as presented.

BACKGROUND INFORMATION:

The Consent Agenda is presented for approval by the Board of Directors. Pursuant to Governance Process Policy GP-8 Agenda Planning:

The consent agenda enables the board to efficiently deal with matters that have been delegated to the Superintendent, but by law must be approved by the Board. Throughout the year the Board will attend to consent agenda items as expeditiously as possible.

- a. Items routinely assigned to the consent agenda include meeting minutes, personnel actions, business transactions, expense vouchers, gifts, travel requests, intergovernmental agreements, etc.
- b. An item may be removed from the consent agenda only upon approval of a majority of the Board.

RECOMMENDED ACTION:

Approval of the Consent Agenda as presented.

Our adopted rules of Parliamentary Procedure, Robert's Rules, provide for a consent agenda listing several items for approval of the Board by a single motion. Most of the items listed under the consent agenda have gone through Board subcommittee review and recommendation. Documentation concerning these items has been provided to all Board members and the public in advance to assure an extensive and thorough review. Items may be removed from the consent agenda only upon approval of a majority of the Board.

5. NEW BUSINESS/ACTION ITEMS

Subject 5.01 Resolution No. 1321 Award of Architectural Contract for South Kitsap High

School Pool Modernization Project.

Meeting May 6, 2020 - REGULAR MEETING OF THE BOARD OF DIRECTORS 5:00 PM

Category 5. NEW BUSINESS/ACTION ITEMS

Type Action

Recommended Action Move to approve Resolution No. 1321 Award of Architectural Contract for South Kitsap High

School Pool Modernization Project.

BACKGROUND INFORMATION:

The District has identified the swimming pool located at South Kitsap High School as a Capital Levy project for modernization. This project requires extensive planning, design, and due diligence prior to bidding for construction to accomplish the project requirements within the planned scope and expenditure of the Capital Levy. The selection of an architecture firm is the first critical step in the process towards the modernization project.

In accordance with RCW, statements of qualifications were solicited from architecture firms and five firms responded to our solicitation. All five firms were interviewed by a selection committee comprised of various high school and district office staff. The selection team is recommending the award of contract to Bassetti Architects, PS., as the firm most qualified to oversee the design and delivery of the South Kitsap High School Swimming Pool Modernization project.

The contract for planning, design, and delivery will commence shortly after the award of contract. The fee structure for architectural services is defined by State law, and the hours/fees will be negotiated accordingly. The Superintendent will negotiate final pricing and execute requisite contract documents.

The next step in the process towards this project completion will be to request authorization to call for construction bids from the school board, at which time a project scope and estimate for construction will be presented to the board.

RECOMMENDED ACTION:

Move to approve Resolution No. 1321 Award of Architectural Contract for South Kitsap High School Pool Modernization Project.

Subject 5.02 Resolution No. 1322 Award of Contract for Sunnyslope Roof Modernization

Project

Meeting May 6, 2020 - REGULAR MEETING OF THE BOARD OF DIRECTORS 5:00 PM

Category 5. NEW BUSINESS/ACTION ITEMS

Type Action

Recommended Action Move to approve Resolution No. 1322 Award of Contract for Sunnyslope Roof Modernization

Project.

BACKGROUND INFORMATION:

The District has identified the roof at Sunnyslope Elementary school as a Capital Levy project for repair/replacement. This project was prioritized to occur during the summer months to avoid impact on instructional time, as the project planning commenced prior to the school closure as a result of the COVID-19 pandemic.

Bids were solicited utilizing a national procurement cooperative, OMNIA, of which the District is currently a member. Two roofing vendors who are participants in that cooperative provided bids for the work needed at Sunnyslope SKSD 152

Elementary School, and we have identified the lowest responsive bidder as Garland/DBS Inc.

The base contract amount is \$523,273.03 and work will commence shortly after the award of contract, to be completed prior to the start of school for the 2020-21 school year.

RECOMMENDED ACTION:

Move to approve Resolution No. 1322 Award of Contract for Sunnyslope Roof Modernization Project.

Subject 5.03 Resolution No. 1323 Interlocal Agreement with ESD 114 for the 2020-2021

School Year

Meeting May 6, 2020 - REGULAR MEETING OF THE BOARD OF DIRECTORS 5:00 PM

Category 5. NEW BUSINESS/ACTION ITEMS

Type Action

Recommended Action Move to Approve Resolution No. 1323 Interlocal Agreement with ESD 114 for the 2020-2021

School Year.

BACKGROUND INFORMATION:

Olympic Educational Service District (ESD) is one of nine regional educational agencies serving school districts, tribal compact schools, and state-approved private schools in Washington State. ESDs function primarily as support agencies and deliver educational services that can be more efficiently or economically performed regionally. ESDs assist the Superintendent of Public Instruction and the State Board of Education in the performance of their duties and provide technical and professional consultation in their liaison capacity between the Office of the Superintendent of Public Instruction and local school officials.

This agreement is reviewed/executed on an annual basis for the following fiscal year.

RECOMMENDED ACTION:

Move to approve Resolution No. 1323 Interlocal Agreement With ESD 114 for the 2020-2021 School Year.

SKSD 153

Subject 5.04 Resolution No. 1324 Interlocal Agreement With ESD 112 Providing Facility

Study Services

Meeting May 6, 2020 - REGULAR MEETING OF THE BOARD OF DIRECTORS 5:00 PM

Category 5. NEW BUSINESS/ACTION ITEMS

Type Action

Recommended Action Move to approve Resolution No. 1324 Interlocal Agreement With ESD 112 Providing Facility

Study Services.

BACKGROUND INFORMATION:

The South Kitsap High School pool modernization project is potentially eligible to receive matching funds from the State of Washington School Construction Assistance Program (SCAP). The criteria for eligibility of SCAP funds includes having a third party complete a study and survey as prescribed by the State to evaluate the condition of our district facilities.

Educational Services District No. 112 has a construction services group specifically designed to assist districts with these studies. Resolution 1324 allows South Kitsap to enter into an Interlocal agreement with ESD 112 to utilize this service.

The cost for the study and survey is not to exceed \$35,500. The District has applied for OSPI grant funds to cover a portion of this expense, which will otherwise be paid from the project costs for the SKHS pool modernization.

RECOMMENDED ACTION:

Move to approve Resolution No. 1324 Interlocal Agreement With ESD 112 Providing Facility Study Services.

Subject 5.05 Resolution No. 1325 Award of Contract for Roof Restoration Project at the

SKSD District Office

Meeting May 6, 2020 - REGULAR MEETING OF THE BOARD OF DIRECTORS 5:00 PM

Category 5. NEW BUSINESS/ACTION ITEMS

Type Action

Recommended Action Move to approve Resolution No. 1325 Award of Contract For Roof Restoration Project at the

SKSD District Office.

BACKGROUND INFORMATION:

Due to age and disrepair, the District has identified the roof at the District Office as a Capital Levy project for repair/replacement. This project was prioritized to occur during the summer months to avoid disruptions to instruction at adjacent East Port Orchard Elementary, as the project planning commenced prior to the school closure as a result of the COVID-19 pandemic.

Bids were solicited utilizing both a King County Director's Association (KCDA), a publicly owned cooperative of Washington school district as well as a national purchasing cooperative, OMNIA. The District is a member of both purchasing cooperatives. Two roofing vendors who are participants in those cooperatives provided bids for the work

needed at the District Office and we have identified the lowest responsive bidder as Tremco/WTI Inc., utilizing the KCDA purchasing contract.

The base contract amount is \$312,966.25 and work will commence shortly after the award of contract, to be completed prior to the start of school for the 2020-21 school year.

RECOMMENDED ACTION:

Move to approve Resolution No. 1325 Award of Contract For Roof Restoration Project District Office.

Meeting May 6, 2020 - REGULAR MEETING OF THE BOARD OF DIRECTORS 5:00 PM

Category 7. EXECUTIVE SESSION

Type Information, Discussion

Executive Session to review the possible acquisition of real estate. Executive sessions are closed to the public per RCW 42.30.110.

8. ADJOURNMENT

Persons with disabilities who require assistance may contact the superintendent's office so reasonable arrangements can be made to participate in board meetings.

REGULAR MEETING OF THE BOARD Wednesday, May 6, 2020 Minutes

The meeting was held via Zoom and notice was provided to community members wishing to access the meeting.

Present:

Eric Gattenby President Liz Sebren Vice President

John Berg Director
Jeff Daily Director
Rebecca Diehl Director

Tim Winter Superintendent

Jennifer Farmer Assistant Superintendent of Business and Operations
Amy Miller Communications and Public Information Officer

Robbie Bell Recorder

CALL TO ORDER

President Gattenby called the meeting to order at 5:00 pm and provided information regarding the nature of the meeting. Governor Inslee issued Proclamation 20-28 which in part prohibited public agencies subject to the Open Public Meetings Act from conducting meetings in person to curtail the spread of Covid-19. President Gattenby invited public comment through the Zoom meeting access.

Establish Agenda:

Director Daily requested that public comment be moved to the end of the meeting.

MOTION: DAILY moved to add the following topics to the agenda: declining enrollment, teacher layoffs, budget shortfall, insurance costs, graduation, and summer school. A roll call vote was taken.

Yea: Daily, Berg

Nay: Gattenby, Sebren

Abstain: Diehl

With a tie vote, the Motion failed.

The agenda was approved by general consent.

Public Comment: The following community members addressed the Board: Lucinda Thorpe regarding plans for opening schools in the fall and repair of water pipes, Cammy Mills expressed appreciation for everything the District has done to prepare for remote learning, and Dave Kimble regarding capital projects.

PRESENTATIONS/REPORTS

Marcus Whitman Damage Update: Superintendent Winter shared that the main damage at Marcus Whitman was caused by vandalism and damage from smoke and water. Deputy Fire Marshall Brad Wiggins reported that the all systems – alarms, doors, and sprinklers worked well to contain the fire although there is significant damage.

Capital Levy Projects Update: Assistant Superintendent Farmer updated the Board on priority planning for capital levy projects. Superintendent Winter shared that the District is not planning to acquire property through the capital levy at this time. The presentation can be found on the May 6, 2020 Board Meeting Agenda.

Monthly Financial Report for March 2020: Assistant Superintendent Farmer reviewed the March Financial Report. The March 2020 report can be found on the May 6, 2020 Board Meeting Agenda.

BOARD DISCUSSION/LINKAGE

Board Linkages:

- Director Gattenby reported that he is working from home and assisting his daughter with her online school work:
- Director Sebren reported she is also staying home; she has talked to friends who are still teaching and are appreciative of the support they have received from the District and the efforts of their building administrators to check in with student and families;

SKSD 157

• Director Diehl reported that she has been attending the WSSDA Covid 19 conference calls; she is appreciative of the District's efforts with remote learning; she is also speaking with community members about the changes coming in sexual health education;

 Direct Berg reported that he has been responding from inquiries from community members, participated in the agenda planning meeting, and has been corresponding with various board members.

Legislative Report:

Director Diehl reported there is a WSSDA Legislative Committee Meeting later this month.

Board Discussion: The Board discussed the following topics:

- · Format of financial reports; Superintendent Winter will work with Assistant Superintendent Farmer to revise and update the format of the District's financial reports for the Board's review;
- Consequences of Covid 19 school closure; Superintendent Winter shared that the District will not have a RIF and will go into next year cautiously; District staff are unsure of next Fall's enrollment since it may be impacted to how and when school reopens; in response, the District will focus on enhancing the Explorer Academy program to help keep our students in the District;
- Board Referral Request Forms; this will be added to the May 20 board meeting agenda to consider the content of each form;
- Public Comment; this will be added to the May 20 board meeting agenda.

CONSENT AGENDA

- · Consent Agenda
- Minutes of the Regular Meeting of April 15, 2020
- Human Resources Certificated and Classified Employment Reports
- Affidavit of Vouchers and Payroll

MOTION to approve the Consent Agenda. A roll call vote was taken.

Yea: Gattenby, Sebren, Berg, Diehl

Nay: Daily

The Motion carried.

Attachments to Consent Agenda items can be found on the May 6, 2020 Board Agenda.

NEW BUSINESS/ACTION ITEMS

Resolution No. 1321 Award of Architectural Contract for South Kitsap High School Pool **Modernization Project**

MOTION: to approve Resolution No. 1321 Award of Architectural Contract for South Kitsap High

School Pool Modernization Project Yea: Gattenby, Sebren, Diehl, Berg

MOTION: to approve Resolution No. 1326 Emergency Suspension of Policy – Marcus Whitman Middle

School Burglary/Arson

Yea: Gattenby, Sebren, Diehl, Berg

Nay: Daily

The Motion carried.

SUPERINENDENT REPORT

Superintendent Winter shared the following:

- Amy Miller shared the results of the Thought Exchange survey; the survey is posted on the SKSD website;
- It's National Teacher Appreciation Week and we are very proud of the hard work our teachers have put into remote learning coming together to support students;
- It's also National School Nurse Day and our nurses are playing an important role during school closure checking in with students and families;
- A new principal has been selected for Burley Glenwood; Joey Kolattukudy a former SK administrator, is returning; we are excited to have him back on the team;
- The State Board of Education recently recognized EPO, Sidney Glen, and South Colby for showing growth, closing achievement gaps, and supporting all students.

EXECUTIVE SESSION

The Board recessed into Executive Session at 7:29 pm for 10 minutes to review the possible acquisition of real estate. At 7:41 pm, the Board reconvened and adjourned.

Mr. Daily,

Through an email from one of the members of your group, I was told that you shared the content of the board's Executive Session from the May 6^{th} board meeting with at least two people. I will remind you that the information discussed in an executive session is confidential and should not be shared with the public. Actions such as this could put the district in jeopardy. There are things that I need to share with the board that are not for public information. I need to know that I can trust all board members with confidential information.

Respectfully,

Tim

Tim Winter Superintendent South Kitsap School District 360-874-7009 **From:** daily@skschools.org <daily@skschools.org>

Sent: Monday, May 11, 2020 10:12 AM **To:** Winter, Tim <winter@skschools.org>

Subject: RE: Sharing of Confidential Information

Mr Winter-

Thank you for the note. I completely agree that confidential information is not to be shared. Having had a security clearance in the military that only 10K shared, I feel I am pretty trustworthy. The purpose of confidential information is to protect lives and operations. A public school district has none of these concerns.

I have no idea what was shared with you but I assume it deals with the \$1.1M land purchase that was on a previous public board meeting briefing and then suddenly disappeared. Apparently it raised some questions and concern that were sent to you. I don't talk with others often so I am at a distinct disadvantage here. Because I am now "different", I don't share in the affairs of the group but rarely and they share little with me.

However, what was shared by you at the "confidential" meeting was already known to me. As I have told you, I am connected in the district and word travels faster than we think. Because you apparently don't hear from others does not mean it is not known to others, including the unions. Most groups in the area are quite connected since many of the members are teachers and retired teacher and others who have a vested interest in the school system and the community. It appears that you finally had an opportunity to update the board on something that was already known and in progress. If this is what the meaning of "confidential" information is to you and the district, then perhaps getting the information to the board sooner might help alleviate your concern.

The publicly released information said the meeting would deal with real estate. The district has many people in it who deal in real estate as a side job and/or have a spouse who deals in real estate. I will not agree that confirming talk around the district in a private meeting constitutes "confidential" information. The best way to deal with talk within the district is to just deal with it directly and publicly. I do have grave concerns about what is called "confidential" information in the district. It is very concerning to me that the district has a strong reputation of distrust among those in the community and acts with virtual impunity as if the district is the god of gods in Port Orchard. Addressing public records request would be a perfect example.

As we have discussed before, perception is reality. In the new world of today, I can think of very little that is truly "confidential" in a school district. Most "confidential" information in this district seems to be just a power game for someone to withhold information to show they know more that someone else so they are more important than someone else- the normal ego game.

In summary, should you feel I am not to be trusted with district information, please alert me in advance of your confidential meetings and I will not attend.

Cordially,

J Daily

Operational Expectation 15

Annual Technology Update Board of Directors

May 19, 2021

Operational Expectation 15

An effective public education system develops students who are globally aware, civically engaged, and capable of managing their lives and careers.

Therefore, the superintendent will:

- 1. Establish and maintain a forward-thinking and visionary technology environment that promotes the best teaching and learning for our students.
- 2. Establish and maintain technology systems and applications consistent with the accomplishment of the Board's Results through the district's technology plan.

SOUTH KITSAP SCHOOL DISTRICT

Year In Review

2020-21 Goals / Accomplishments

- ✓ COVID Remote Learning Resources
- ✓ Middle School Cameras (Capital Fund)
- ✓ Elem/Middle School Intercoms (Capital Fund)
- ✓ Student Data Privacy Agreements (105 agreements)
- ✓ Network Switches Phase 2 (E-Rate Funding)
- ✓ Student Email (Grades 6-12)
- Copier Replacement
- ✓ 1:1 Device Planning / Procurement

COVID Remote Learning Resources

- 5,700 student chromebooks checked out for home use
- Teacher laptops & mobility (vs. traditional desktop computers)
- 220 mobile wi-fi hotspots
- Donation of 2500 netbooks from OSPI
- ITS expanded remote security/anti-virus patching
- Patrick DeVega, Digital TOSA hired September, 2020
- Created support resources for online learning

Numbers indicate average age of device

Things Keeping Us Up At Night

- Phishing incidents (avg. 10/year)
 ... can lead to ransomware
- Penetration testing via third-party security firm
- Multi-Factor Authentication (MFA)

- Public Records Requests (400% increase)
 - Average 6 hours per request response

Subscription Model

- Historical purchasing models were a one-time cost with a small annual maintenance
- New subscription models are based on per-unit cost, with a unit being:
 - Per student
 - Per staff
 - Per device
- Model similar to video streaming services
 - Historical model was a one-time "rental cost" of a video or DVD
 - Current model is to "subscribe" to Hulu, NetFlix, Disney, Amazon for a small monthly charge

Sample District Cost Matrix

	<u>School</u>	<u>Staff</u>	Stude	<u>ent</u>	<u>Total</u>
	16	1450	9200	**

REGULAR MEETING OF THE BOARD Wednesday, December 2, 2020 Minutes

The meeting was held via Zoom and notice was provided to community members wishing to access the meeting.

Present:

Eric Gattenby President Liz Sebren Vice President

John Berg Director

Jeff Daily Director (arrived at 5:15 pm)

Rebecca Diehl Director

Tim Winter Superintendent

Jennifer Farmer Assistant Superintendent of Business and Operations
Amy Miller Communications and Public Information Officer

Robbie Bell Recorder

CALL TO ORDER

President Gattenby called the meeting to order at 5:03 pm and provided information regarding the nature of the meeting. Governor Inslee issued Proclamation 20-28 which in part prohibited public agencies subject to the Open Public Meetings Act from conducting meetings in person to curtail the spread of Covid-19. President Gattenby invited public comment through the Zoom meeting access.

Establish Agenda:

Pursuant to GP-2-E3 Board Organization which states in part the normal order of business will be modified for the annual organizational meeting by considering the following matters, after the approval of the minutes of the previous meeting.

MOTION: GATTENBY moved to move Item 5.02 Minutes of the Regular Meeting of November 18, 2020 from the Consent Agenda to follow Item 1.01. Motion approved by general consent.

MOTION to approve the agenda, as amended, approved by general consent.

MOTION to approve the Minutes of the Regular Meeting of November 18, 2020 approved.

Video performance by the South Kitsap High School Chamber and Concert Choir.

NIB Awards: The first Board Meeting of the month begins with a brief and inspiring presentation of "Caught Being a NIB" awards. A "NIB" award salutes those who truly "walk the talk" of our district Vision Statement, "Nurturing Growth, Inspiring Achievement, and Building Community". We honor and value those who exhibit a "whatever it takes" approach to their work with South Kitsap kids, colleagues, and families. Join us in thanking these "NIBS" for embracing our vision. A list of this month's NIB's can be found on the December 2, 2020 Board Meeting Agenda.

Board Reorganization: At the first meeting in December of each year, the Board reorganizes positions. The positions are President, Vice President, Legislative Representative (first year of a two-year term), Washington State Interscholastic Activities Association (WIAA) Representative, and WSSDA Delegate. Descriptions of these positions are found Policy Governance Policy GP-2-E3 Board Organization.

Rebecca Diehl nominated Eric Gattenby for President. Eric Gattenby accepted the nomination. No other nominations were made. Superintendent Winter took a roll call vote:

Gattenby: Gattenby Sebren: Gattenby Diehl: Gattenby Berg: Gattenby Daily: Abstain

Motion to elect Eric Gattenby President carried.

Eric Gattenby nominated John Berg for Vice President. John Berg accepted the nomination. No other nominations were made. Superintendent Winter took a roll call vote:

Gattenby: Berg

Sebren: Berg

Diehl: Berg Berg: Berg Daily: Abstain

Motion to elect John Berg Vice President carried.

John Berg nominated Rebecca Diehl for the first year of a two-year term for Legislative Representative. Rebecca Diehl accepted the nomination. No other nominations were made. Motion to elect Rebecca Diehl Legislative Representative carried.

John Berg nominated Jeff Daily for WIAA Representative. Jeff Daily declined the nomination.

Eric Gattenby nominated Liz Sebren for WIAA Representative. Liz Sebren accepted the nomination. No other nominations were made.

Motion to elect Liz Sebren WIAA Representative carried.

Eric Gattenby nominated John Berg for the Washington State School Directors Association (WSSDA) Delegate. John Berg accepted the nomination. No other nominations were made. Motion to elect John Berg WSSDA Delegate carried.

Public Comment: The following community members addressed the Board: Dave Kimble regarding public comment and the platform for streaming board meetings, Gerry Austin regarding the proposed levy, and Tom Juvik regarding Mr. Daily's letter to the Kitsap Sun.

PRESENTATIONS/REPORTS

Monthly Financial Report for October 2020: Assistant Superintendent Jennifer Farmer reviewed the October 2020 Budget Status Report. A copy of the presentation can be found on the December 2, 2020 Board Meeting Agenda.

PERFORMANCE REVIEWS

Ends and Executive Limitation/Operational Expectation policies are monitored through the evaluation of the Superintendent's evidence of compliance submitted by the superintendent to the Board. Tonight, the Board evaluated the Superintendent on the following policy:

Monitoring Report for Executive Limitation 12: Instructional Program

MOTION: GATTENBY moved that with respect to the provisions of its policy, Executive Limitation 12, the South Kitsap Board of Directors concluded that the Superintendent's performance during the previous year has been in compliance.

The Motion carried with Director Daily abstaining.

The Superintendent's evidence in support of EL-12 can be found on the December 2, 2020 Board Meeting Agenda.

BOARD DISCUSSION/LINKAGE

Board Linkages:

- Director Gattenby shared he will attend the SKSS meeting tomorrow;
- Director Diehl reported she has been talking with community members about the proposed replacement levy and responding to email regarding a student representative to the board;
- Director Sebren has responded to email regarding student voice, attended the WSSDA Conference last week, and drove by Olalla Elementary and saw "Happy Holalladays" on the reader board;
- Director Berg attended the WSSDA Conference.

Legislative Report: None

Board Discussion:

The board discussed the following topics:

- The Board's fund balance as defined in OE-7 Financial Planning; the Board will review OE-7 prior to the February 17, 2021 meeting;
- WSSDA Conference;
 - Director Sebren attended sessions including governing through board meetings, courageous conversations to build board unity, and student representatives on the board;
 - Director Berg reported that the breakout sessions are available to view online and will schedule a viewing session if other directors are interested;
- Recognition of retirees; the Board agreed to include a "Recognition" section on the board meeting agenda to recognize retirees, NIB's, and any other significant events;
- Reviewed GP-9 Professional Standards of Conduct and GC-7 Board Members' Code of Conduct;

• Student Representative; the Board will revisit in the spring to select a student representative before the end of the school year;

• Facilities Long-Range Planning Advisory Committee; this topic will be added to the December 16, 2020 board meeting agenda.

CONSENT AGENDA

- Consent Agenda
- Minutes of the Regular Meeting of November 18, 2020
- Affidavit of Vouchers and Payroll
- Human Resources Employment Reports
- New SKHS ASB Club Next Generations Politics
- Award Contract for District-Wide Copier Leasing, Service and Maintenance Program to Pacific Office Automation, Inc., Utilizing the KCDA Cooperative Contract

MOTION to approve the Consent Agenda approved by general consent. Attachments to Consent Agenda items can be found on the December 2, 2020 Board Meeting Agenda.

NEW BUSINESS/ACTION ITEMS

Resolution No. 1338 Educational Programs and Operations Replacement Levy

MOTION: GATTENBY moved to approve Resolution No. 1338 Educational Programs and Operations Replacement Levy. The Motion carried.

BOARD POLICY REVIEW

Review Executive Limitation 12: Instructional Program. The Board reviewed and no changes were made.

Review Governance Process Policy GP-10 Conflict of Interest. The Board reviewed and no changes were made.

Review Governance Process Policy GP-11 Compensation and Reimbursement of Expenses. The Board reviewed and no changes were made.

DISTRICT POLICY REVIEW

Revision to Policy 3413 Student Immunization and Life-Threatening Health Conditions – Second Reading.

MOTION: GATTENBY moved to approve Revision to Policy 3413 Student Immunization and Life-Threatening Health Conditions – Second Reading. The Motion carried.

SUPERINTENDENT REPORT

Superintendent Report: Superintendent Winter updated the Board on the following issues:

- Update on the return to school plan: K, 1, 2 will return on January 11 depending on COVID numbers; he will continue to closely monitor data from the Department of Health. At this point, vaccinations for COVID will not be required but more discussion may be needed in the future. He will check with the Department of Health about the possibility of providing testing in SK schools.
- He reviewed his presentation on Graduation Pathways 2020; a copy of the presentation can be found on the December 2, 2020 Board Meeting Agenda.
- The ESD Annual Legislative Engagement Meeting is December 11 at 9:30 am;
- He asked the Board to consider focusing on a work session topic at one board meeting each month; the Board will discuss further at a future meeting;
- Zoom will be the official and only platform for streaming board meetings.

PUBLIC COMMENT: The following community members identified themselves and addressed the Board: Amy Masten regarding the Next Generation Politics Club at SKHS, Gerry Austin regarding the replacement levy, Dave Kimble regarding the SKSS meeting, student enrollment, staff reductions, and protocol for board decisions, Kimberly McMorris regarding Director Daily, and Jacque Meddles regarding streaming board meeting on Facebook.

South Kitsap School District No. 402

Affidavit covering payment of payroll and invoices for General Fund, Capital Projects Fund, Associated Student Body Fund, Private Purpose Trust Fund and Transportation Vehicle Fund.

THIS IS TO CERTIFY, under penalty of perjury, that the undersigned has examined the attached vouchers and payroll of South Kitsap School District No. 402, Kitsap County, Washington, and that each of the invoices and vouchers were duly certified to have been received and checked as to price and quantity and have been duly certified by the claimant, as required by law; that the extensions and additions of said invoices and vouchers have been checked by the Business Office staff of the district and were found to be correct.

Andrea Nokell, Director of Business Services

THIS IS TO CERTIFY that the warrants of the South Kitsap School District No. 402, Kitsap County, Washington, as listed below, have been allowed by the School Board of this district.

RESOLUTION NO. 1343 CANCELLATION OF WARRANTS

WHEREAS, RCW 39.56.040 provides for registered or interest-bearing warrants of any municipal corporation not presented within one year of the date of their call, or other warrants not presented within one year of their issue, shall be canceled by passage of a resolution of the governing body of the municipal corporation, and upon notice of the passage of such resolution, the auditor of the municipal corporation and the treasurer of the municipal corporation shall transfer all records of such warrants so as to leave the funds as if such warrants had never been drawn.; and

WHEREAS, the attached listing of outstanding General Fund and Associated Student Body Fund warrants meet the above criteria;

NOW, THEREFORE, BE IT RESOLVED, that the following warrants are hereby canceled. Detailed warrant listing attached; GF total \$758.79, ASB total \$135.00.

ADOPTED by the Board of Directors of South Kitsap School District No. 402, Kitsap County, Washington, at a regular meeting thereof, held on the 19th day of May

RESOLUTION NO. 1342 Emergency Waiver of High School Graduation Credits

WHEREAS, Chapter 28A.320 RCW authorizes local school boards to govern their respective districts, including adopting, revising, and suspending local board policies; and

WHEREAS, Chapter 28A.230.090 authorizes the State Board of Education to set graduation requirements and authorizes local districts to decide whether a student has met the graduation requirements; and

WHEREAS, the South Kitsap School Board ("Board") has adopted Policy 2410 – High School Graduation Requirements, which establishes that the board will establish graduation requirements that at a minimum satisfy those established by the State Board of Education; and

WHEREAS, the Board has adopted and, as appropriate, implemented Policy 2418 – Waiver of High School Graduation Credits, which authorizes the Superintendent or designee to grant waivers of a maximum of two elective credits required for high school graduation based on an individual student's circumstances; and

WHEREAS, sections 2 through 3, chapter 7, Laws of 2021(EHB 1121) authorized the State Board of Education to administer a new and ongoing emergency waiver program, which program is separate from and in addition to the waiver of two elective credits addressed in Policy 2418 – Waiver of High School Credits. The purpose of the emergency waiver program is to provide an equitable mechanism that prevents students from being unduly impacted by unforeseen disruptions to coursework and assessments resulting from an emergency as defined in RCW 38.52.010 or as declared by an authorized federal official. The State Board of Education has adopted emergency rules that respond to the gubernatorial declaration of emergency of February 29, 2020 and apply to the Classes of 2020 and 2021 in the 2020-2021 school year. The emergency rules allow the district to seek waivers for both subject area credit and pathway graduation requirements for eligible students on an individual student basis after the district completes all the emergency waiver program requirements; and

WHEREAS, the Board wishes to ensure that the district comply with Chapter 180-111WAC, which constitutes the State Board of Education's emergency waiver program, so that any district students who would be eligible for a waiver of credits or the graduation pathway or both under the emergency waiver program may thereby benefit;

Resolution No. 1342 Page 1

NOW, THEREFORE BE IT RESOLVED, that the South Kitsap School Board/Public Schools hereby authorizes/has authorized the Superintendent or designee to implement an emergency waiver program consistent with WAC 180-111 as the Superintendent or designee determines appropriate. The district will demonstrate a good faith effort, as defined in WAC180-111-020, to help individual students meet credit-based and pathway graduation requirements through other options before considering the emergency waiver. The district will consult with the individual student, and make a reasonable effort to consult with a parent or guardian of the student, and will make a reasonable effort to provide information about this waiver in the preferred languages of the student, and of the parent or quardian of the student if applicable. This information includes what is being waived for the individual student, potential benefits and limitations that could result from receiving the waiver, including impacts on postsecondary plans, the option for the individual student to decline the waiver and for the student to be provided with the opportunity to earn the credits needed to complete graduation requirements through continued enrollment beyond the planned graduation date. The district will grant emergency waivers to eligible students who desire the waiver and have demonstrated postsecondary preparation, as defined in WAC 180-111-020. The district will maintain a record of courses and requirements waived as part of the individual student record and will report to the State Board of Education as specified in WAC 180-111-040(4);

BE IT FURTHER RESOLVED that the district will ensure equity in administering the emergency waiver. The district's plan will include culturally responsive ways, based on the district's local community, to communicate with students and families about the waiver and the process to request, appeal, or decline the waiver. The district's plan will also include a process for further review and recommendations by a panel under WAC 180-111-040(1) after an initial decision was made to decline an individual student's waiver. The district will review disaggregated waiver data and take appropriate actions to ensure equitable administration if disproportionality is found, including supports under WAC 180-111-020(4) to help students meet requirements before the conclusion of the school year;

BE IT FURTHER RESOLVED that execution of this Resolution is conclusive evidence of the Board's approval of this action and of the authority granted herein. The Board warrants that it has, and at the time of this action had, full power and lawful authority to adopt this instrument. This resolution pertains to the 2020-2021 school year and expires on August 31, 2021, which is the last day the district may seek emergency waiver for the 2020-2021 school year under Chapter 180-111WAC.

ADOPTED by the Board of Directors of South Kitsap School District No. 402, Kitsap County, Washington, at a regular meeting thereof, held on the 21st day of April 2021.
