My South Kitsap School District School Board Meeting Submissions on November 17, 2021

- We have one comment period. You seem (board) is clearly not interested in having real in person contact with community members.. Please establish a second comment period at the end of the meeting so there is a second chance to community to comment/ask/etc.
- Return to in person meetings as per Inslee directives this is not forbidden but is clearly a choice of the school board.
- Publish all comments on the district website. Every one of them! That is part of the purpose of a public meeting for everyone to be able hear, see, read what their fellow community members are saying, asking, etc.
