Kurt Wagner Education Foundation and a question about it. I don't recall who Kurt Wagner was at SK and it is a mute point. I seem to recall the formation of the KWEF was to benefit students with grants for college tuition assistance, etc. If that is the cornerstone of the foundation as the public was told at formation time then a question comes up.

Why did 18 educators with average salaries of \$150,000 (or more) plus benefits receive grant money for being in school for 185 days allegedly educating students when said funds are dedicated to students?
