

Public Disclosure in Accordance with the No Surprises Act

On December 27, 2020 the No Surprises Act was signed into law as part of the Consolidated Appropriations Act of 2021. In accordance with this law, all healthcare providers are required to provide you information on your rights.

There have been many additions and changes to this law since it was signed. Should there be any changes that will affect our clients, this information will be updated and provided to our clients.

You have the right to receive a “Good Faith Estimate” explaining how much your medical care will cost

Under the law, health care providers need to give patients who don't have insurance or who are not using insurance an estimate of the bill for medical items and services.

- You have the right to receive a Good Faith Estimate for the total expected cost of any non-emergency items or services. This includes related costs like medical tests, prescription drugs, equipment, and hospital fees.
- Hope Canyon Counseling will provide you with a personalized Good Faith Estimate. It is required that you receive at least one every twelve (12) months. Hope Canyon Counseling will also provide you with an updated Good Faith Estimate should treatment recommendations change.
- Hope Canyon Counseling is available for questions while you are reviewing your personalized Good Faith Estimate. We can be reached at 602-492-5686
- Make sure your health care provider gives you a Good Faith Estimate in writing at least 1 business day before your medical service or item. You can also ask your health care provider, and any other provider you choose, for a Good Faith Estimate before you schedule an item or service.
- If you receive a bill that is at least \$400 more than your Good Faith Estimate, you can dispute the bill.
- Make sure to save a copy or picture of your Good Faith Estimate

For questions or more information about your right to a Good Faith Estimate, visit www.cms.gov/nosurprises or call 1-800-985-3059
