RE: Sponsor/Speaker/Partner Invitation

Golden Gate Health Care Resources, Inc. (GGHR) will be sponsoring The Georgia Environmental Justice Education and Awareness Symposium at the Georgia International Convention Center in College Park, Georgia on Earth Day Monday, April 22, 2021 from 9:00 a.m. until 2:00 p.m. The mission of the Symposium is to bring together an ecosystem of stakeholders to actively engage to ensure environmental justice.

GGHR is a volunteer, non-profit organization dedicated to quality healthcare, quality housing and public health. This Symposium marks the organization's launch of new focus areas: Living Wage Initiative and Environmental Public Health. Our Event Committee Members are elected officials, local employers, and private citizens. GGHR promotes high standards in the quality of the health profession and its members influence healthcare policies through collaborative work with Luke 17 & Associates, LLC.

You are cordially invited to attend the Symposium, as well as become a sponsor and/or panelist speaker on the topics listed below. The sponsor levels are detailed on page four of this letter. If you are interested in being a panelist speaker, please let us know of your desire. The topics are listed below.

During the Georgia Environmental Justice, Education and Awareness Symposium, individuals from government, the private sector and local communities will provide expertise on the following topics:

Food Insecurities  
Landfills & Composting  
Water & Air Quality  
Health and Toxins

Transit  
Smart City Solutions  
Quality of Health  
Farming and Agriculture

Agricultural Careers  
Micro Living Communities

Issues discussed will be specific to the following communities: Atlanta, Chattahoochee Hills, College Park, East Point, Fairburn, Hapeville, Palmetto, Union City and the City of South Fulton.

There will also be six roundtables:

***Mayors Roundtable Discussion:*** Each Mayor of the cities listed above have been invited and will have the opportunity to: 1) Explore specific issues in their city; 2) Share the plans they have in place and/or plans in preparation to decrease environmental issues in their perspective city footprint; and 3) Simultaneously receive the latest information from Georgia experts regarding environmental issues.

***Agriculture/ Farmers/ Food Insecurities Roundtable Discussion:*** Local farmers of the cities above have been invited and will have the opportunity to discuss environmental issues that are currently plaguing farmers and potential solutions. How to cultivate and use the land smartly and implementing a agricultural workforce.

***Legislative Roundtable Discussion:*** State Legislators have been invited and will discuss plans for creating legislation that will address environmental issues as it relates to their perspective districts.

***Stakeholders Roundtable Discussion:*** Members from the cities listed above have been invited and will discuss the local impact of environmental issues and how investors can assist in preserving the environment by building livable wage communities such as micro living homes.

***Environmental Public Health Roundtable Discussion:*** Physicians that are dedicated to making a change in environmental health issues that affect historically disenfranchised communities and how the environment impacts your overall health and well-being.

***New Developments Roundtable Discussion:*** New development projects are sweeping across the nation. It's in the form of new roads, dams, mines, housing estates, and other infrastructure projects. Members will discuss environmental protections on proposed developments. Also share their thoughts on micro living communities.

Should you be interested in participating in any aspect of this Symposium, please contact The Legacy Team by January 20, 2021.

In Service,

Mandisha A. Thomas
