The First Landing State Park (FLSP) Memorial Bench Program provides a special way to celebrate or honor a person or organization. To maintain uniformity, all benches are the same. They are made from ecologically grown and harvested timbers from managed, sustainable forests. Friends of First Landing order the bench once the park approves the application and payment is received. The cost is \$3,000 which covers the cost of the bench and the memorial plaque. Installation is done by the park staff once all materials are received. FLSP will inform you when the bench has been put in place.

Please fill out the application as completely as possible. If a question does not apply write in "N/A" for not applicable.
