## Welcome to the Cranford High School - Class of 1974 - 50th Reunion!

Thank you for coming this evening. Our shared past is a firm foundation for enduring friendships. The Reunion Committee has worked energetically for the past two years to help ensure a special and memorable celebration.

Thank you to the donors, sponsors, and advertisers for their generous support.

*“One of the luckiest things that can happen to you in life is, I think, to have a happy childhood.” ~ Agatha Christie*

To that end, all proceeds, after expenses, will be donated to Cranford Family Care, a nonprofit which serves students, seniors and Cranford residents in need.

## Post's Resignation

# A Great Loss to Cranford High

By Amy Levin

The Board of Education officially accepted without comment the resignation of Dr. Charles Post, as principal of our High School on April 16th. It has been learned that Dr. Post has resigned for "personal reasons."

The Principal became the subject of much controversy when he announced over our school public address system on February 12, 1974, that surveillance devices might be installed in the school to crack-down on drug dealers. This statement by Dr. Post, however, was in accordance with a policy on student rights and responsibilities adopted earlier by the Board of Education.

"I have no comment whatsoever," was Superintendent of Schools, Dr. Joshua Segal's statement when asked if a connection existed between Dr. Post's resignation and the "bugging" incident. Thomas White Jr., Board President, also refused to comment on the resignation, stating that it was in accordance with "Board Policy" and also with Dr. Post's wishes.

The Board was criticized at the last public meeting by several citizens and

C.H.S. students. Former Board member Dr. Harry Dougherty commented that "the Board should be open enough to speak to the public and say something that makes sense. In my mind the Board's silence creates all kinds of fantasies, some of which I'm sure are not true. The student Council expressed their gratitude to Dr. Post for his handling of the surveillance issue and upholding of the student rights policy."

Dr. Post began his most successful career after graduating from Ryder College in 1949. He continued his education, obtaining a Master of Arts degree from Rutgers University, a specialist in education degree from Rutgers and a Doctor of Education degree from Temple University.

Dr. Post joined the Cranford School system as a business education teacher. He furthered his career in Cranford when he was appointed as a guidance counselor, nine years later in 1958. He was named vice-principal of the high school in 1960 and principal on March 16, 1966. The resignation of Dr. Post will go into effect June 30, 1974.

The Spotlight staff would like to dedicate the May issue of the newspaper to Dr. Charles Post.

This tribute is in grateful appreciation for his progressive curricula, responsive administration, and true concern for all students.

## Board News

By Gary Hausman

The resignation of Dr. Charles Post, principal of Cranford High School, was announced at the Board of Education meeting on Tuesday, April 23. The resignation will take effect on June 30. The only reason given for the resignation was that Dr. Post is leaving for "personal reasons."

Several citizens criticized the Board for not paying tribute to Dr. Post's many years of service in Cranford's public schools. Amy Levin, vice-president of the Student-Council at the High School, and Janice Kupersmidt, student representative to the Board of Education, both expressed appreciation for Dr. Post's performance during his eight years as principal of the High School.

Ann Hogan asked if the silence of the Board on the issue of the "bugging" of the High School connoted disapproval of Dr. Post's announcement to the students of the possibility of such "bugging", made in compliance with a students' rights policy. Mr. White replied that the answer to this question would be "continued silence."

A slide presentation concerning the Botter decision was shown at the board meeting. This decision, made by the New Jersey Supreme Court, has ruled that the present system of funding for schools is unconstitutional in that it fails to provide a "thorough and efficient" education for every public school student, due to disparities in community wealth. Under the present system of funding, the amount of money paid annually per student can differ by as much as 600 dollars from one community to another. The court has ruled the Legislature has until December,

A Tribute To the Class of '74

Looking back 50 years from shore,  
Congrats to the Cougars of '74!  
Some of you I know since eight,  
Some from Hillside,

That was great.

For others, two years on West End  
Place,

It seems a blur, that time and  
space.

But here we are now, looking back,  
I have all these friends,

I do not lack,

For memories of simpler days,  
simpler times,  
simpler ways,

To pass through our youth we did  
together,

Those halcyon days we'll have  
forever.
